

Option 3b

Route around the back of existing properties to construct a 3m wide shared cycle path.

This option requires land acquisition on the western side of Colchester Road, behind the existing properties, to accommodate the cycle path.

Estimated cost: £200,000 to £250,000, depending on land costs.

Considerations:

- Full width (3m) cycleway
- No traffic nearby
- Value for money
- Land acquisition (potentially via CPO)
- Perceived isolation

Notes

1. Specification for Pedestrian/Cycleway:
 30mm DBM Surface Course
 50mm Base Course
 150mm Type 1 Sub Base
 Geotextile Terram 1000 (or equivalent)

Key

- Existing Highway Boundary
- █ Land Acquisition Required
- ▨ Proposed foot/cycleway
