

Medium Traffic Flow Difference between Base 2014 and DM 2036 models – PM (Bishop Stortford)

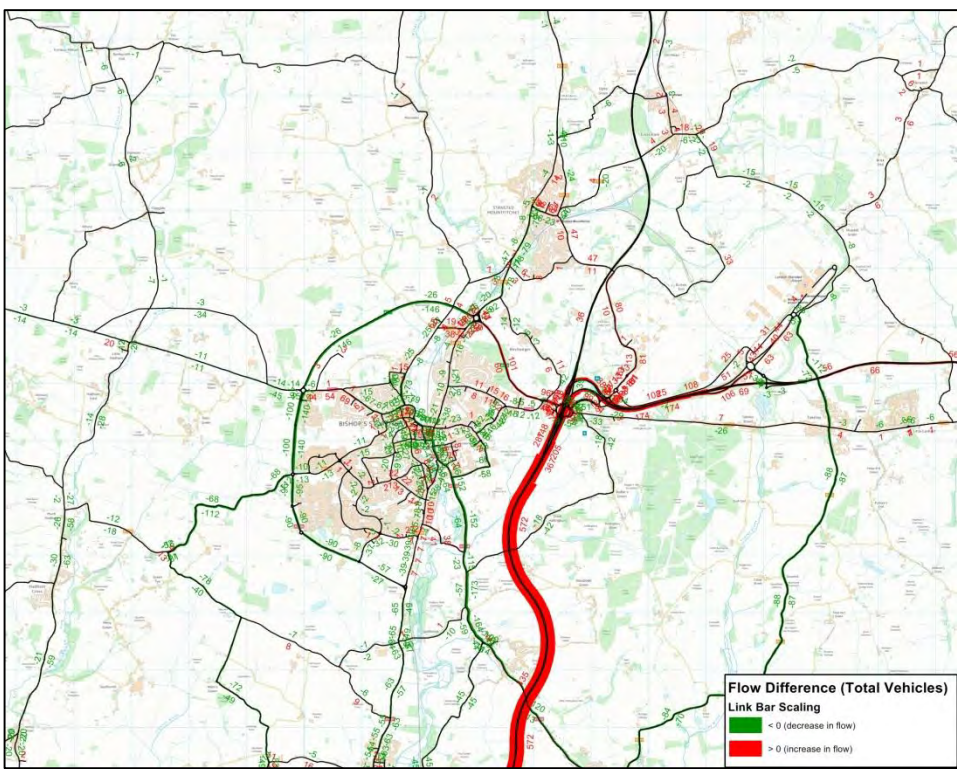

Flow differences between medium do-minimum and medium do-something scenarios in 2021

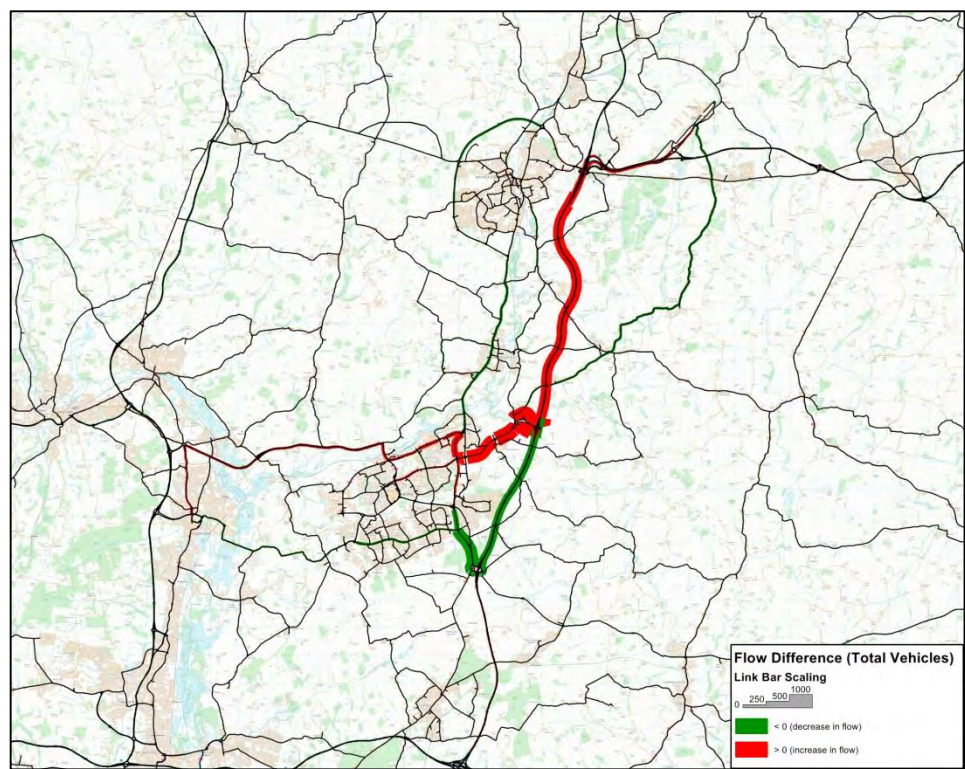

Medium Traffic Flow Difference between DM and DS 2021 models – AM (Harlow)

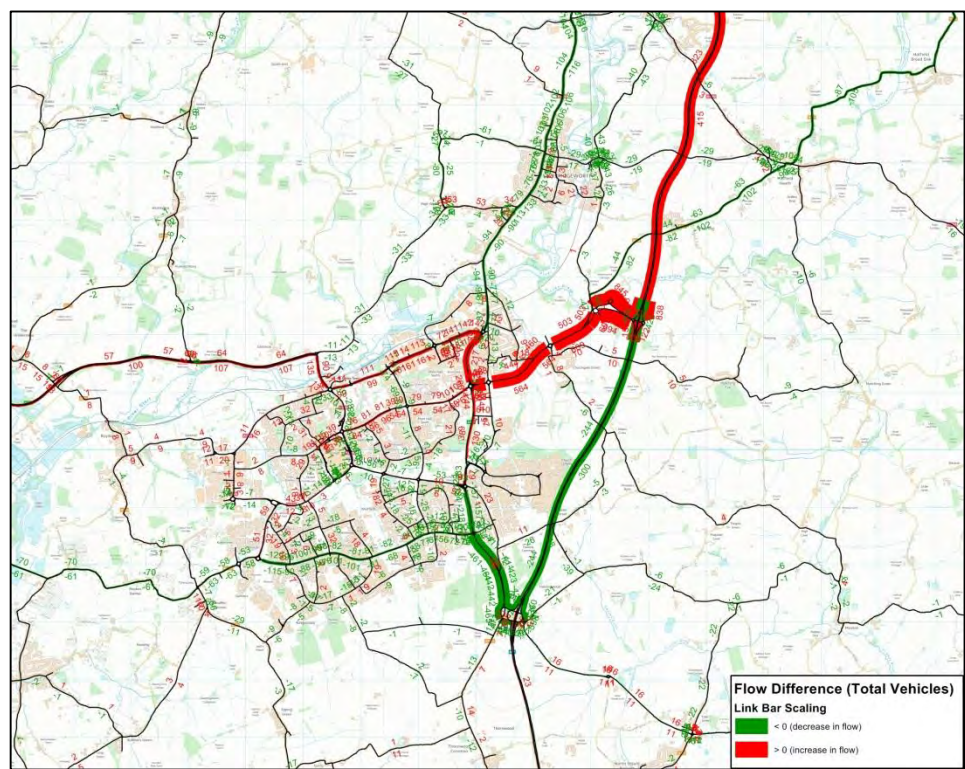

Medium Traffic Flow Difference between DM and DS 2021 models – AM (Bishop Stortford)

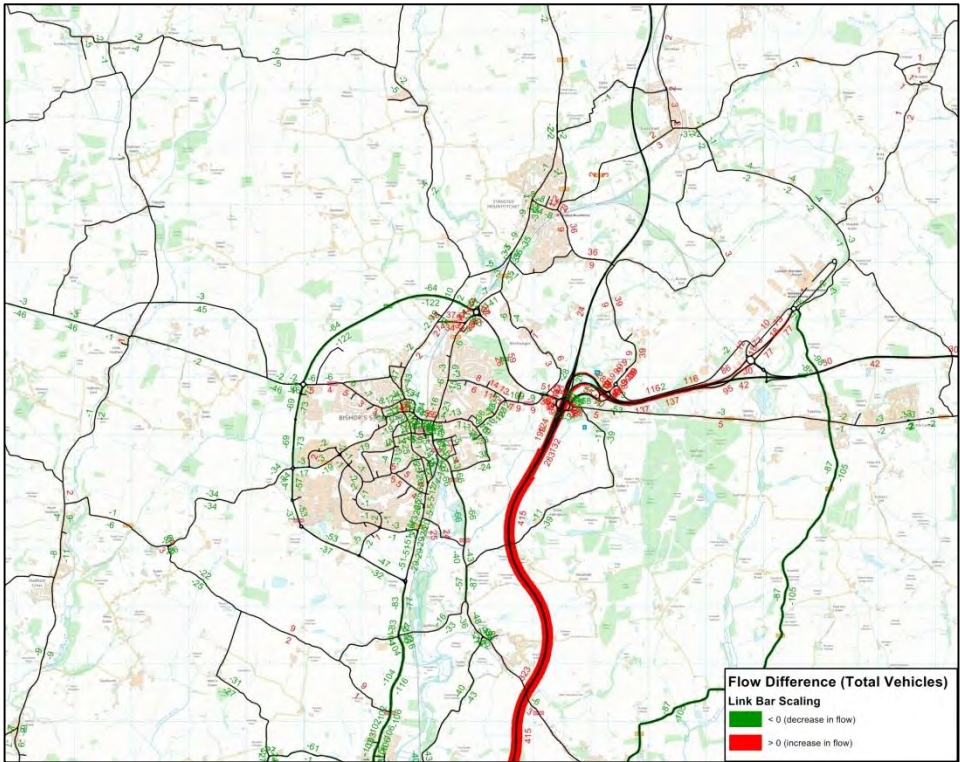

Medium Traffic Flow Difference between DM and DS 2021 models – IP (Overview)

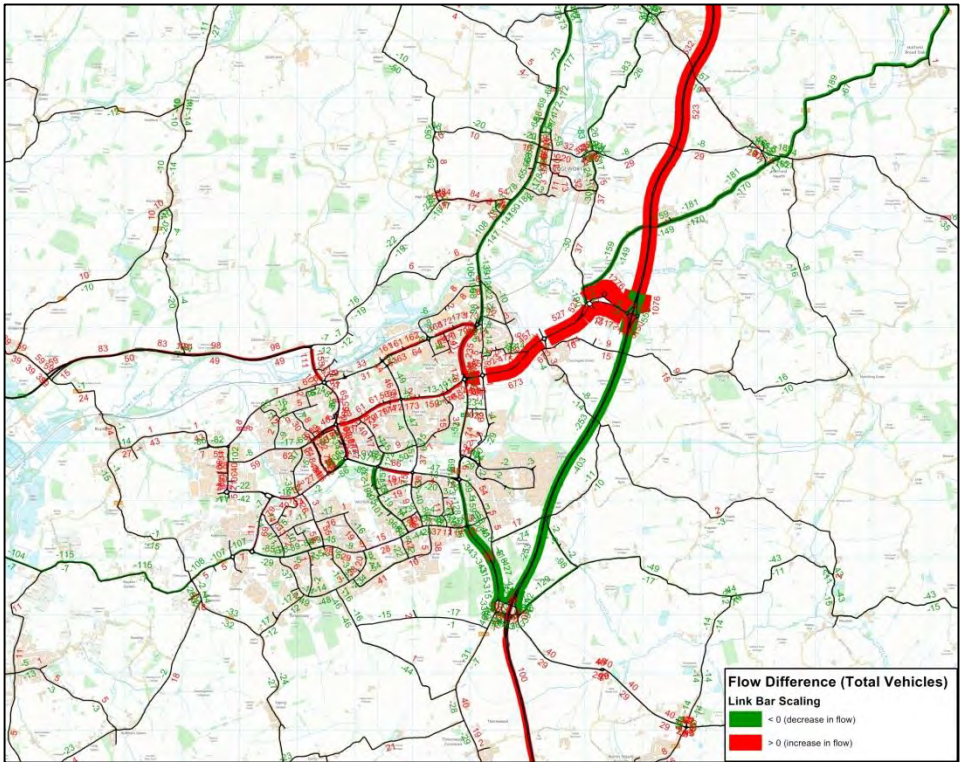

Medium Traffic Flow Difference between DM and DS 2021 models – IP (Harlow)

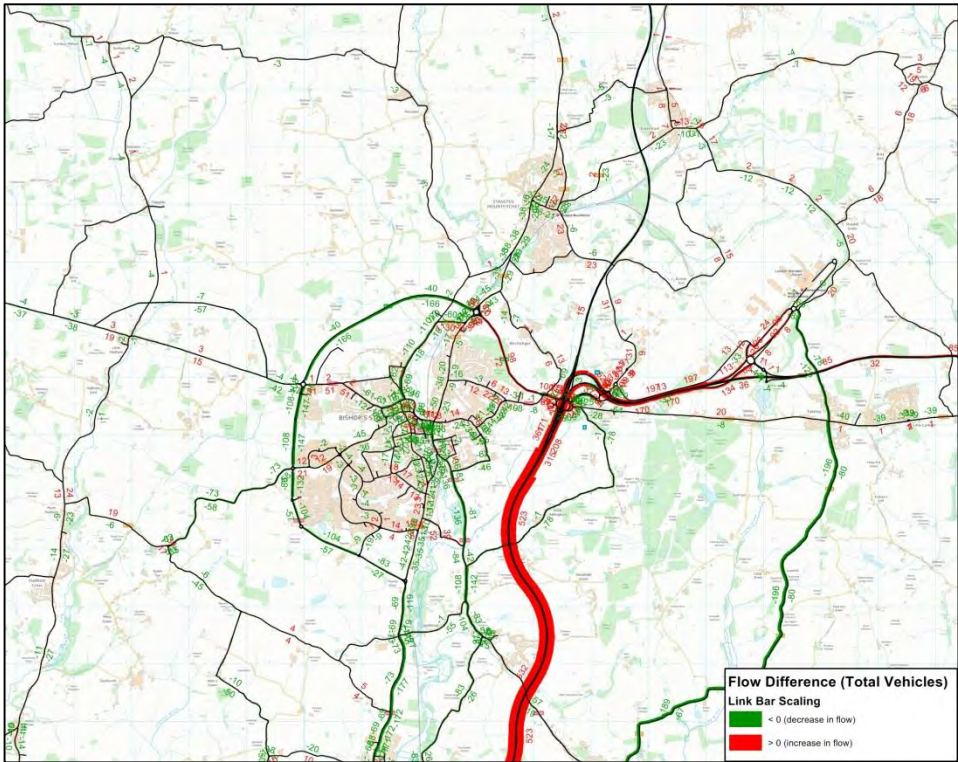

Medium Traffic Flow Difference between DM and DS 2021 models – IP (Bishop Stortford)

Medium Traffic Flow Difference between DM and DS 2021 models – PM (Harlow)

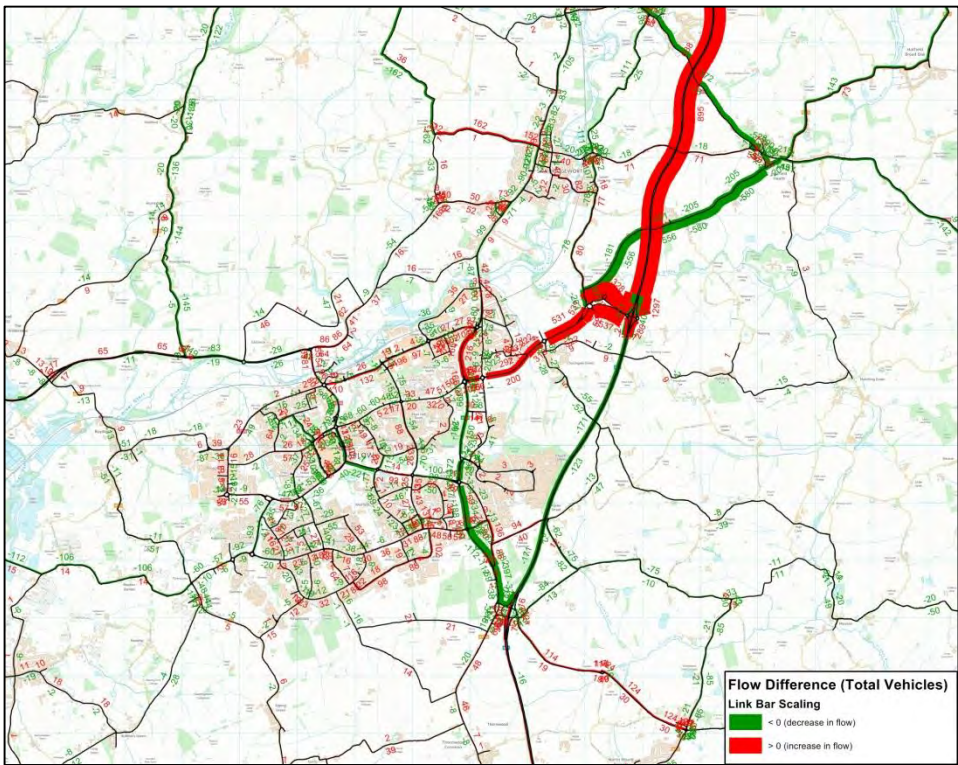

Medium Traffic Flow Difference between DM and DS 2021 models – PM (Bishop Stortford)

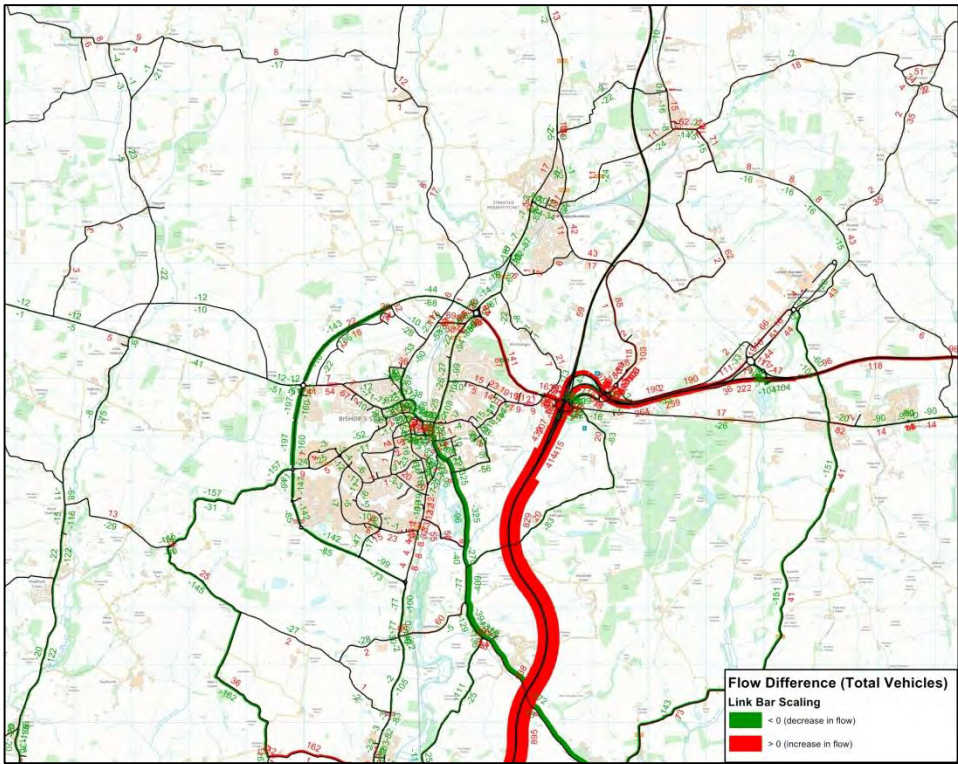

Flow differences between medium do-minimum and medium do-something scenarios in 2036

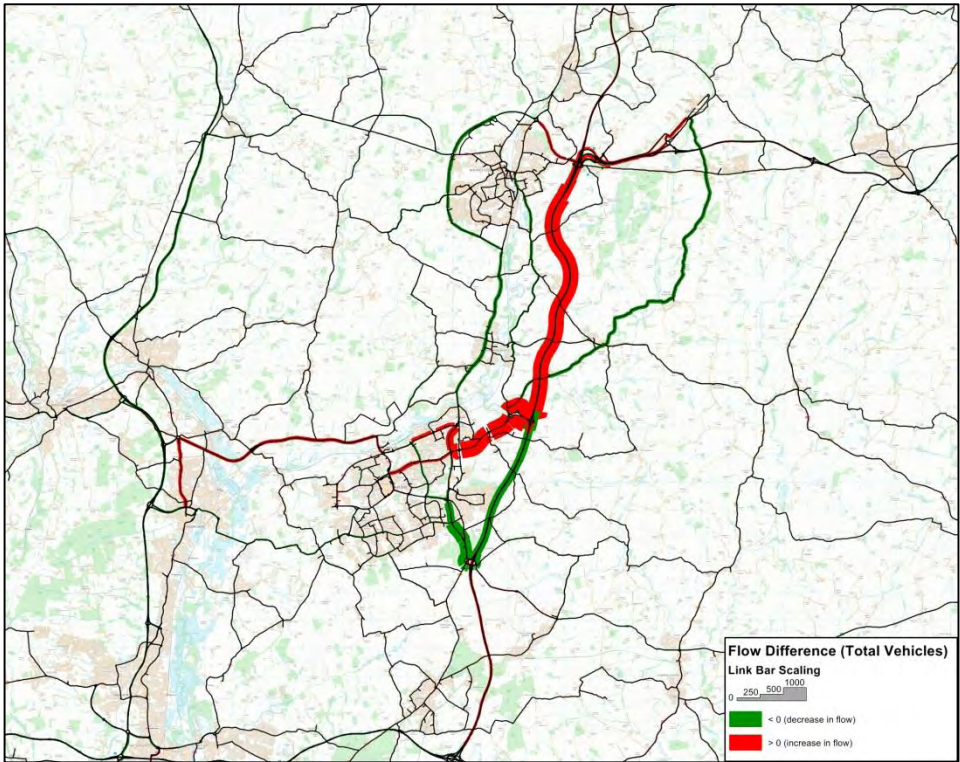

Medium Traffic Flow Difference between DM and DS 2036 models – AM (Harlow)

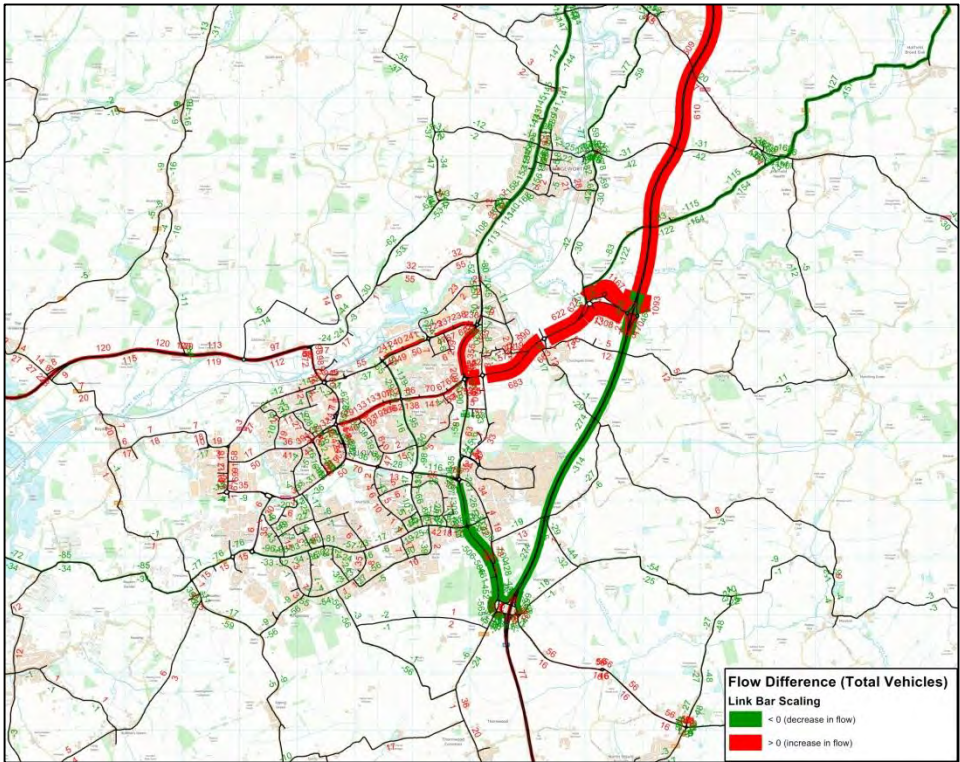

Medium Traffic Flow Difference between DM and DS 2036 models – AM (Bishop Stortford)

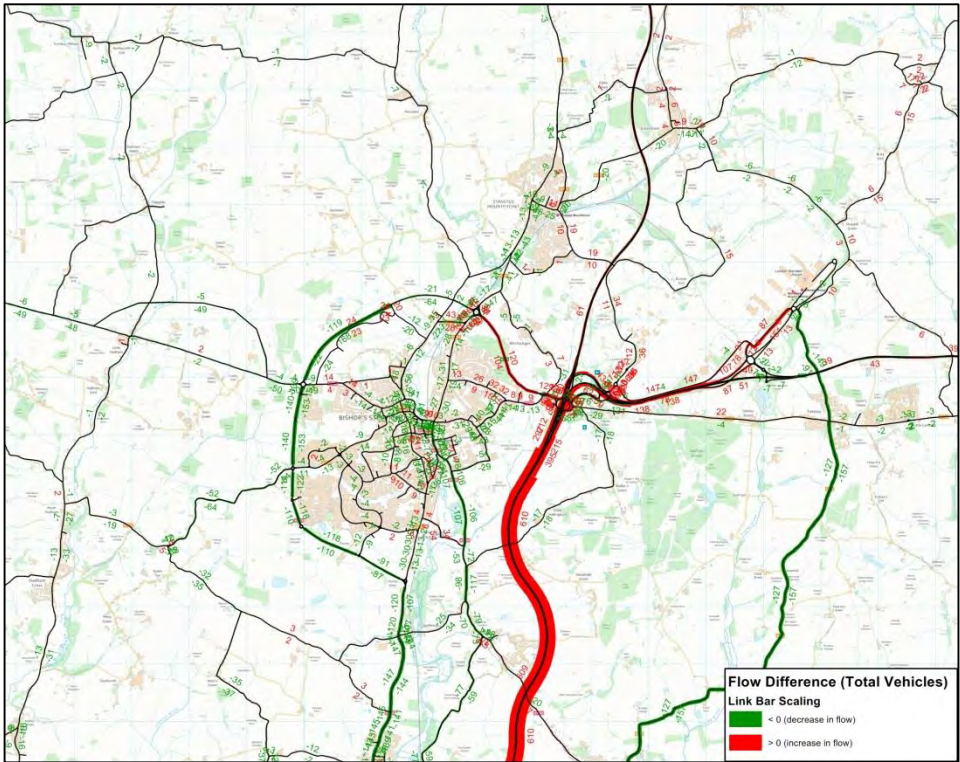

Medium Traffic Flow Difference between DM and DS 2036 models – IP (Overview)

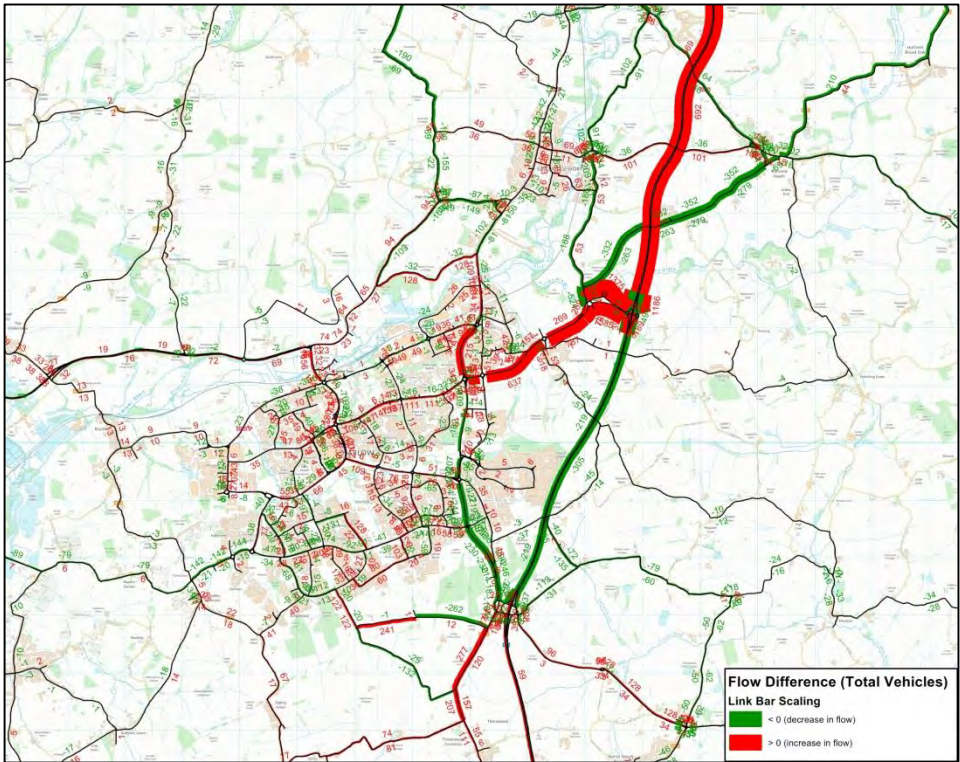

Medium Traffic Flow Difference between DM and DS 2036 models – IP (Harlow)

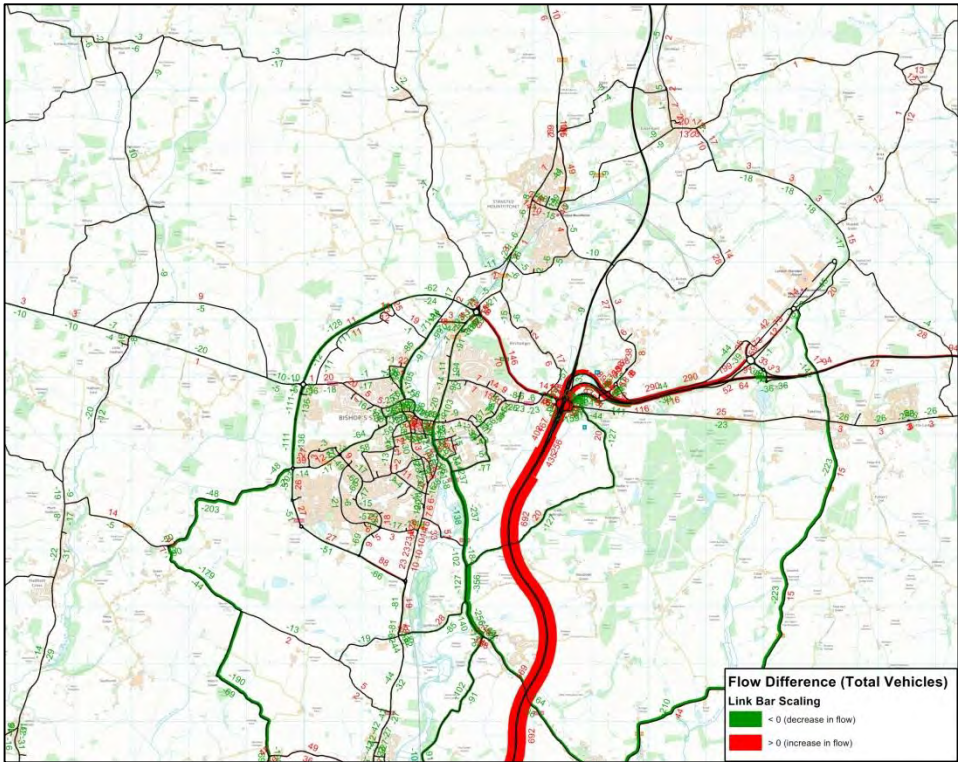

Medium Traffic Flow Difference between DM and DS 2036 models – IP (Bishop Stortford)

Medium Traffic Flow Difference between DM and DS 2036 models – PM (Harlow)

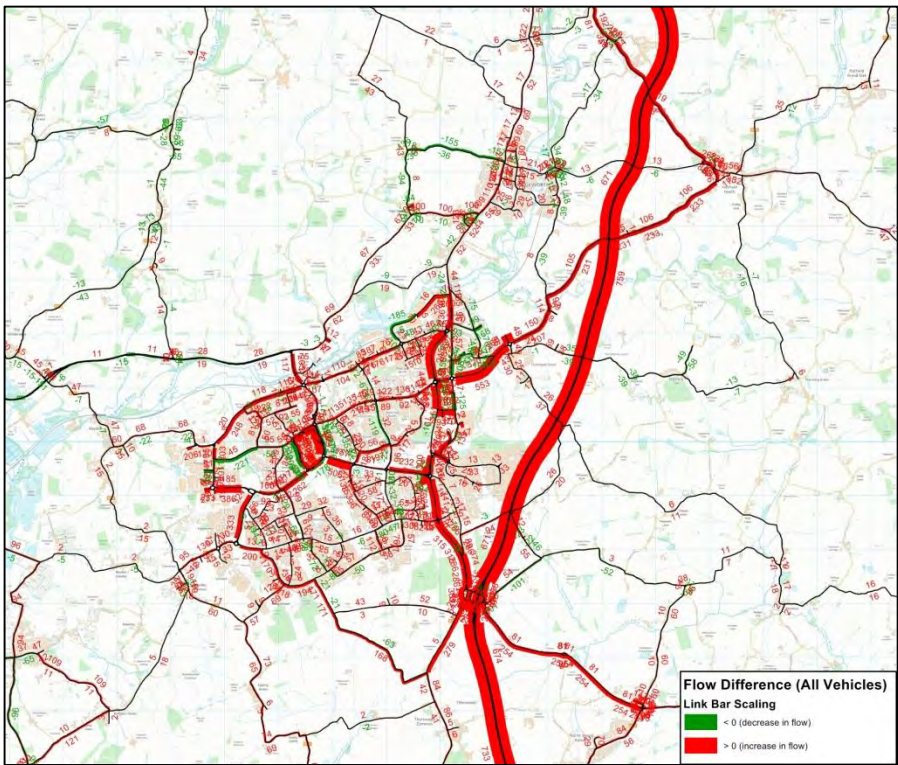

Medium Traffic Flow Difference between DM and DS 2036 models – PM (Bishop Stortford)

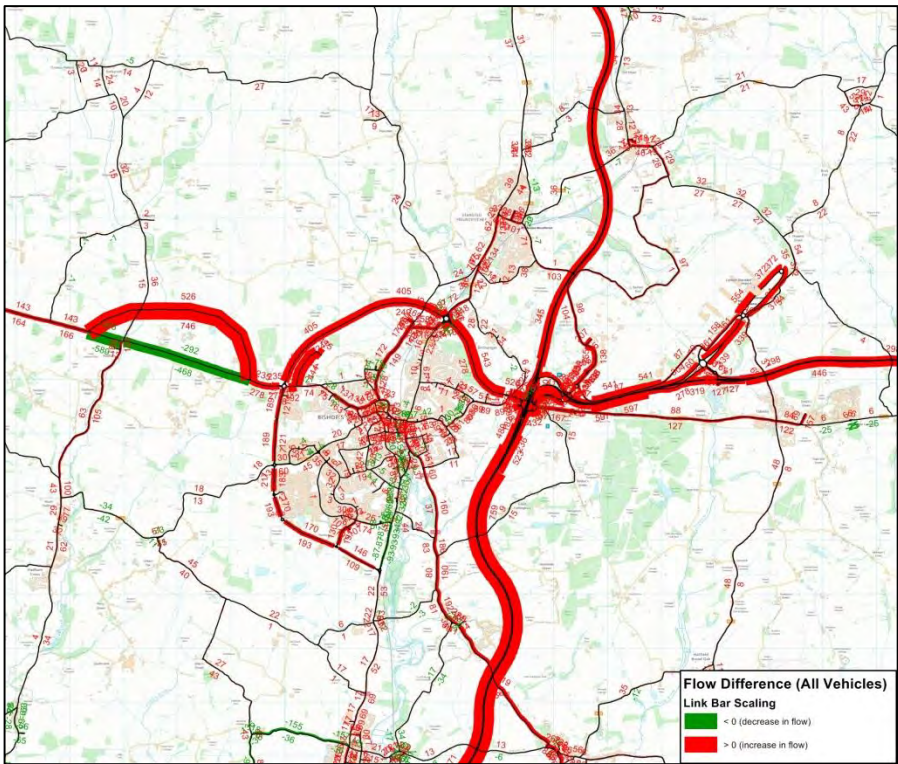

Flow differences between the base year and high do-minimum 2021 scenarios

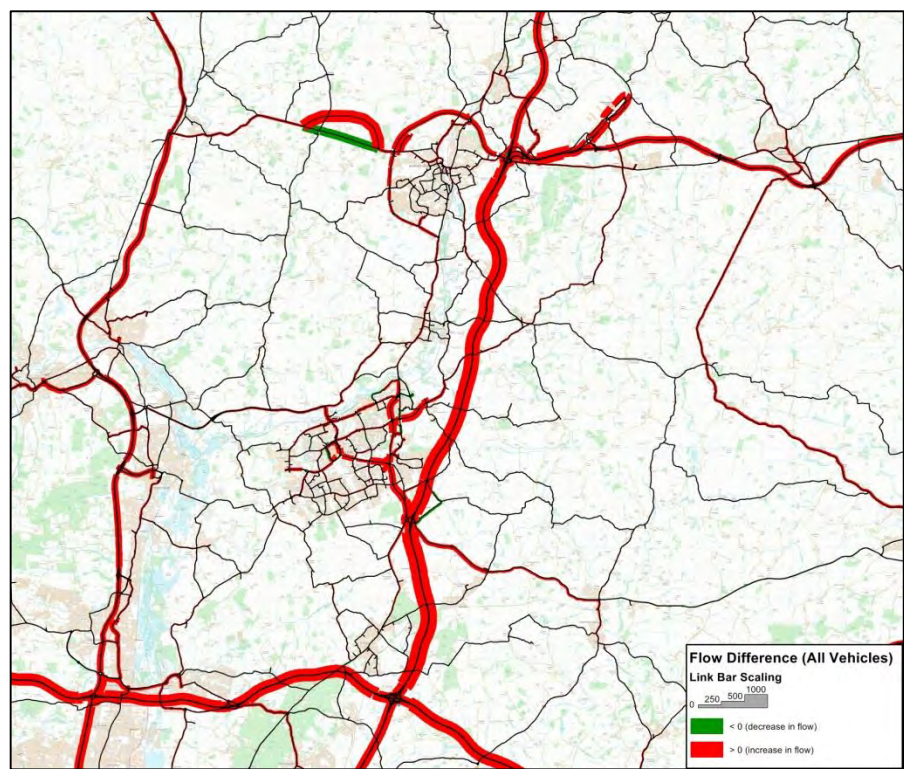

High Traffic Flow Difference between Base 2014 and DM 2021 models – AM (Harlow)

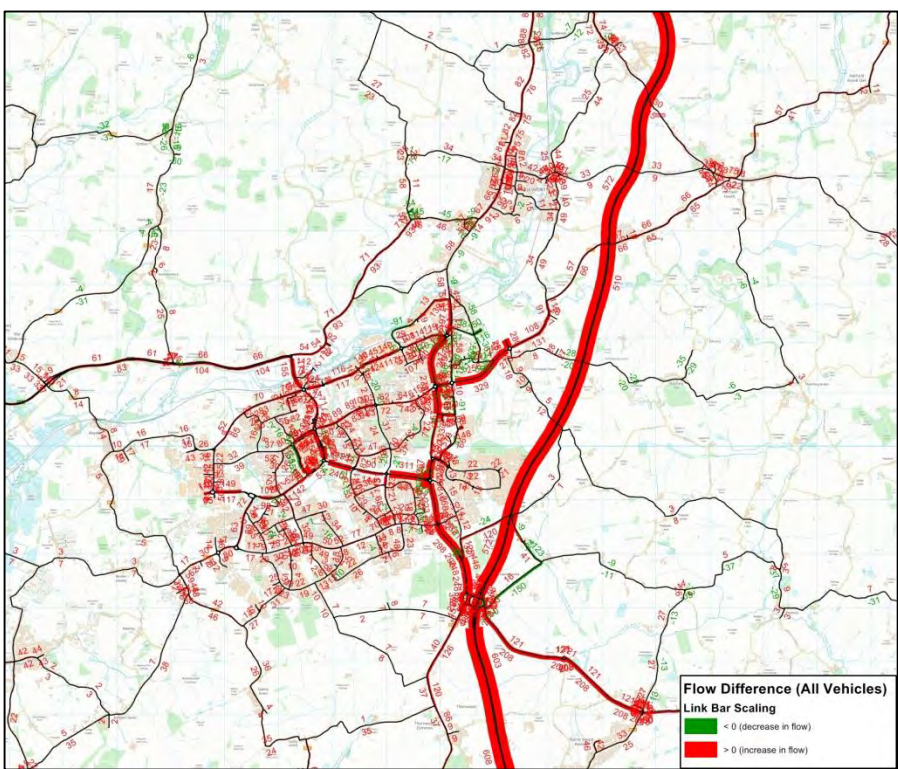

High Traffic Flow Difference between Base 2014 and DM 2021 models – AM (Bishop Stortford)

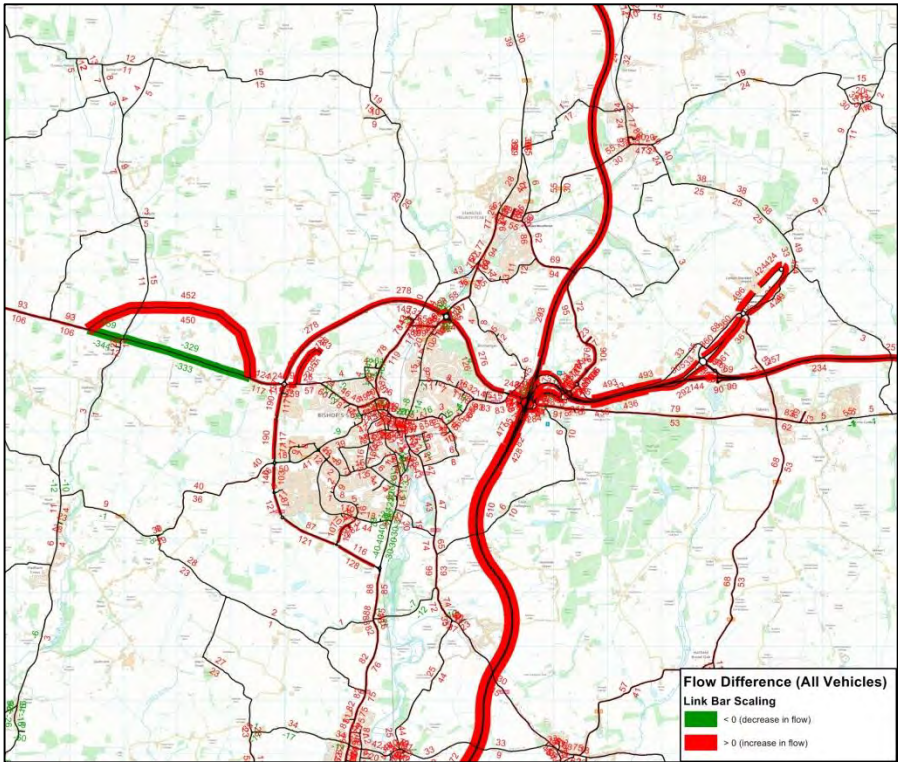

High Traffic Flow Difference between Base 2014 and DM 2021 models – IP (Overview)

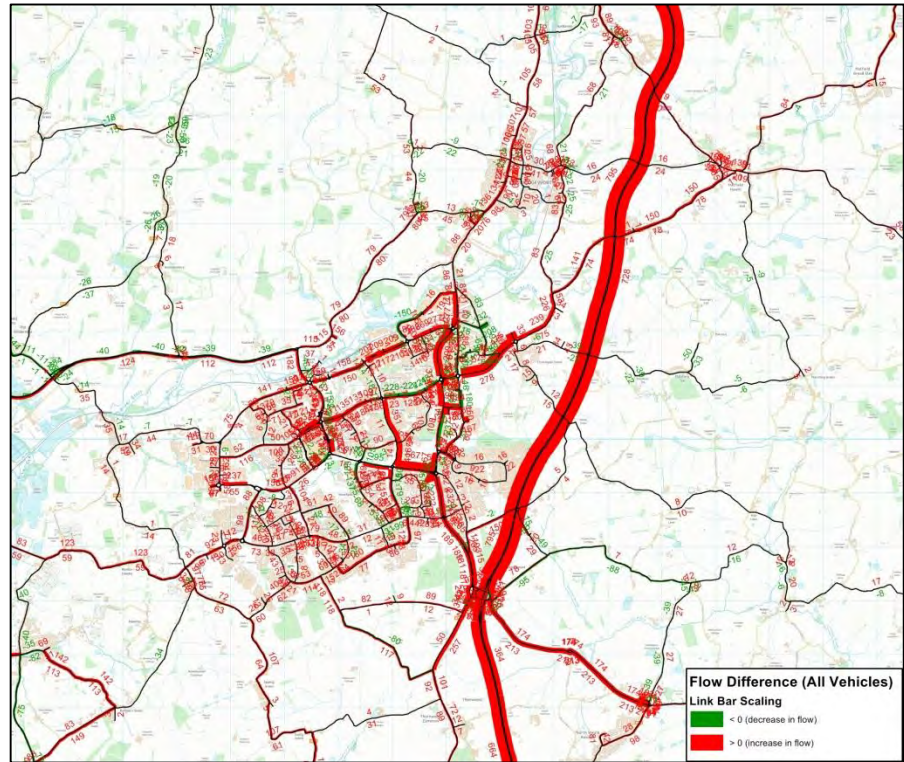

High Traffic Flow Difference between Base 2014 and DM 2021 models – IP (Harlow)

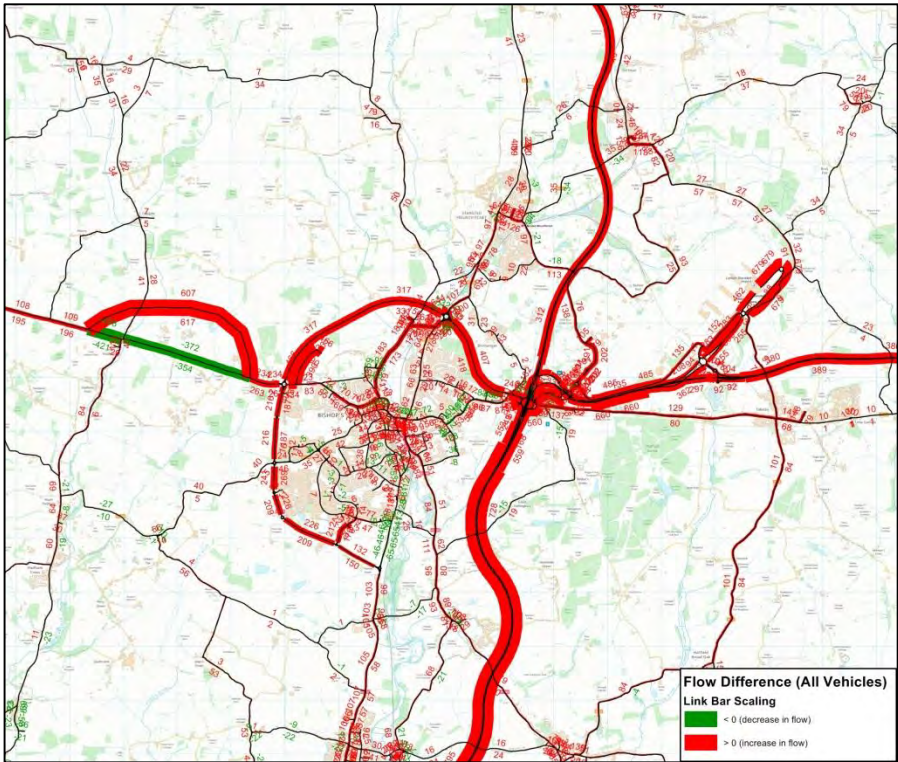

High Traffic Flow Difference between Base 2014 and DM 2021 models – IP (Bishop Stortford)

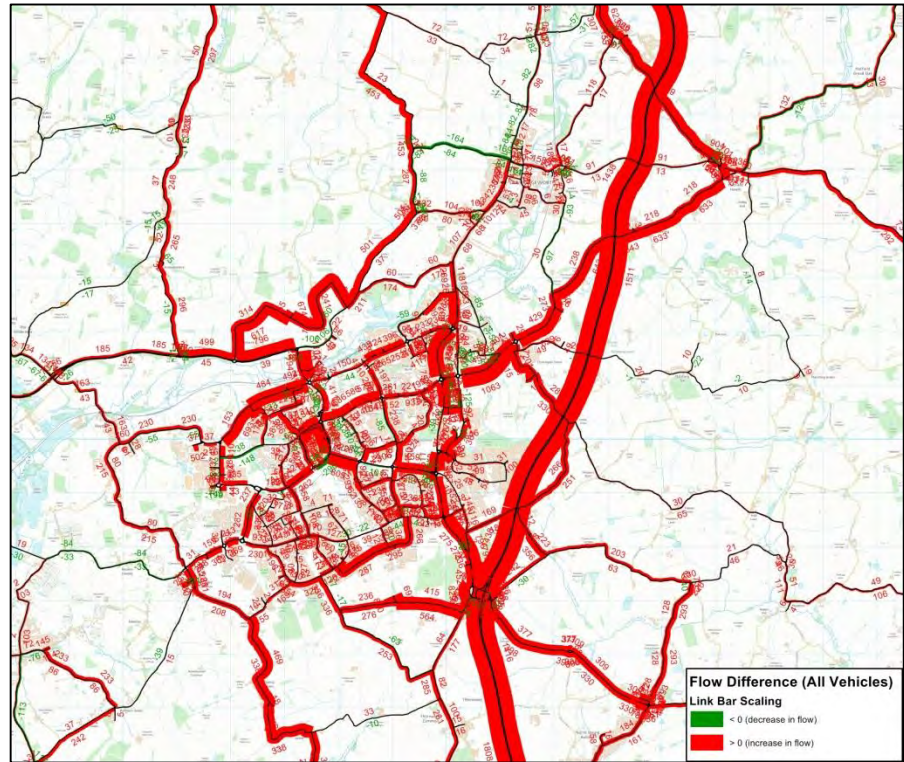

High Traffic Flow Difference between Base 2014 and DM 2021 models – PM (Harlow)

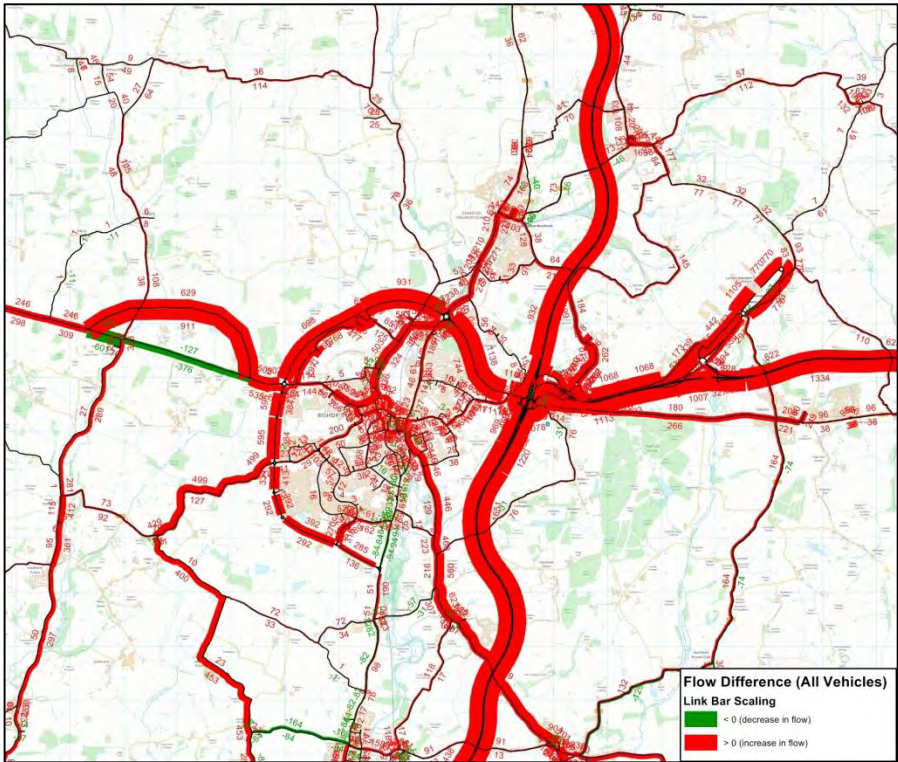

High Traffic Flow Difference between Base 2014 and DM 2021 models – PM (Bishop Stortford)

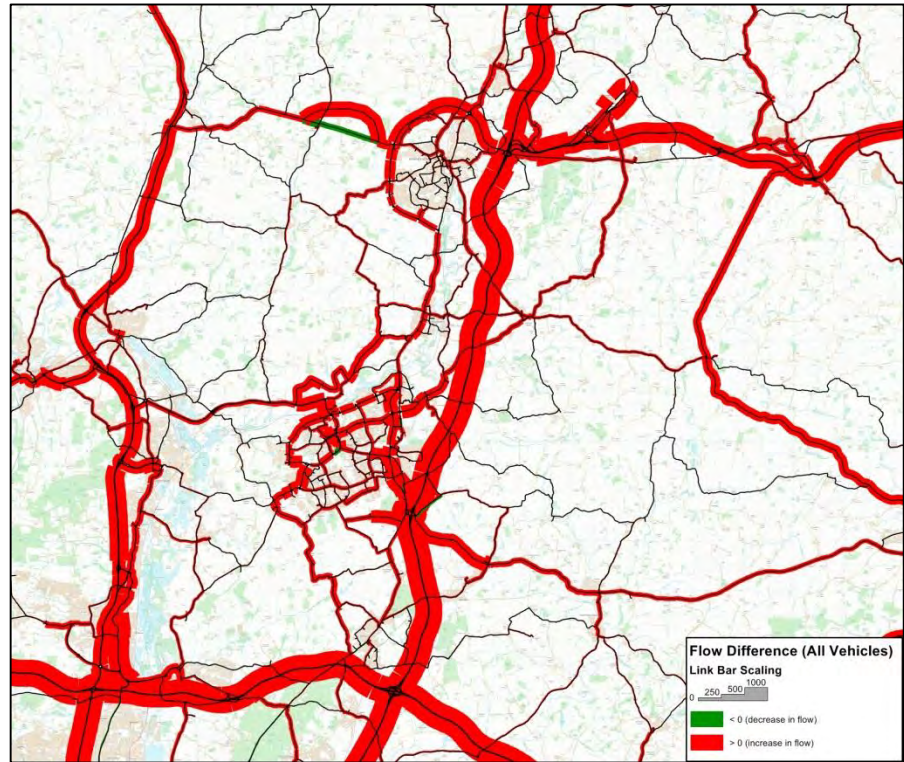

High Traffic Flow Difference between Base 2014 and DM 2036 models – AM (Harlow)

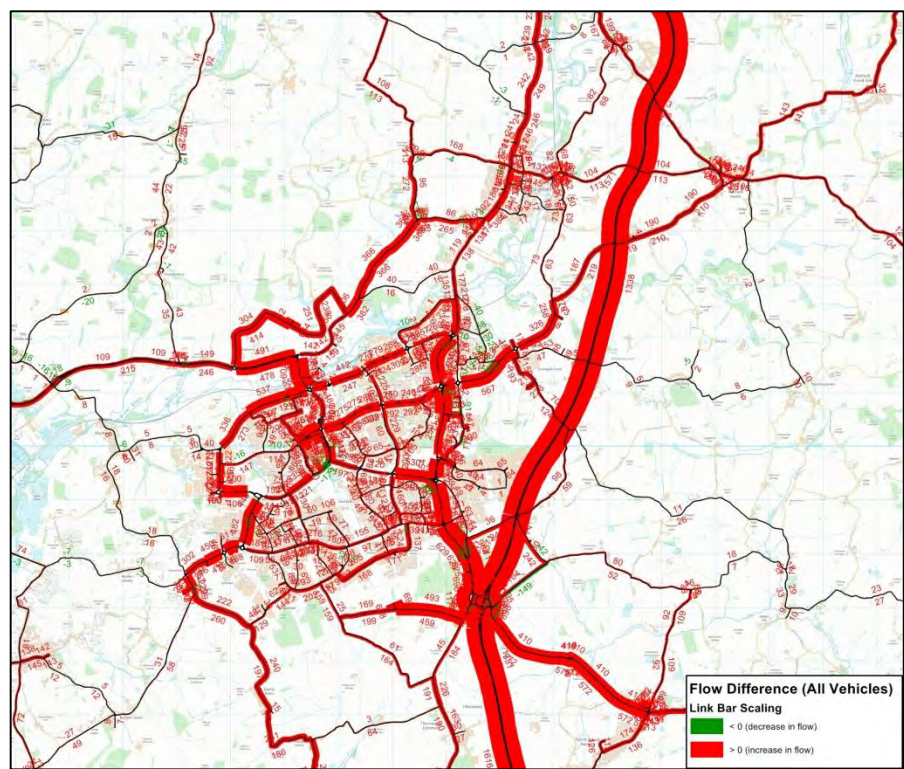

High Traffic Flow Difference between Base 2014 and DM 2036 models – AM (Bishop Stortford)

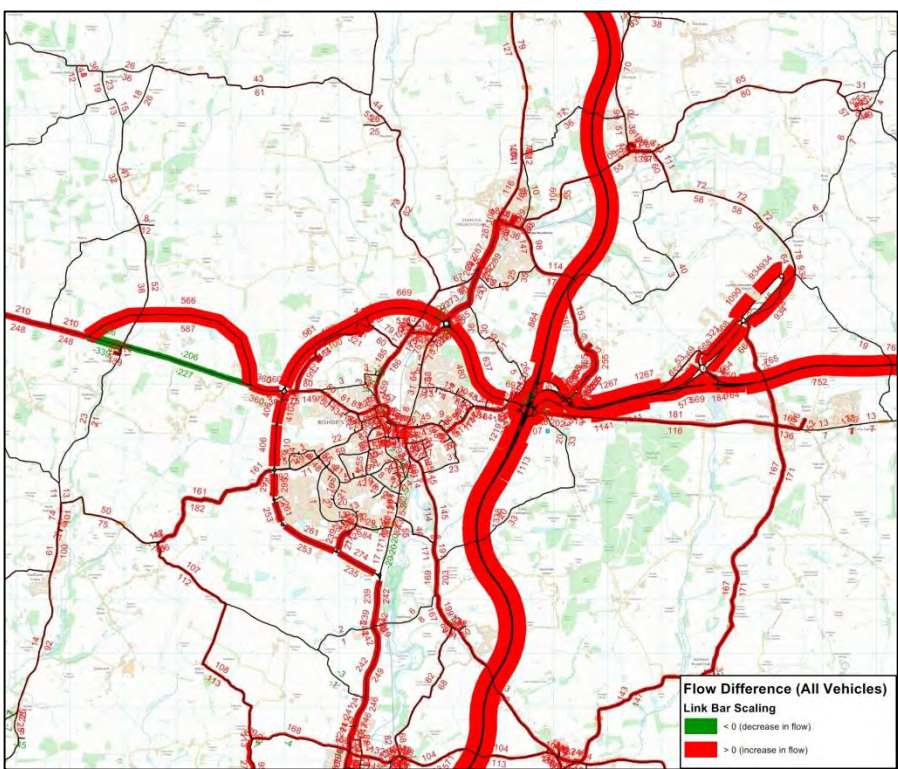

High Traffic Flow Difference between Base 2014 and DM 2036 models – IP (Overview)

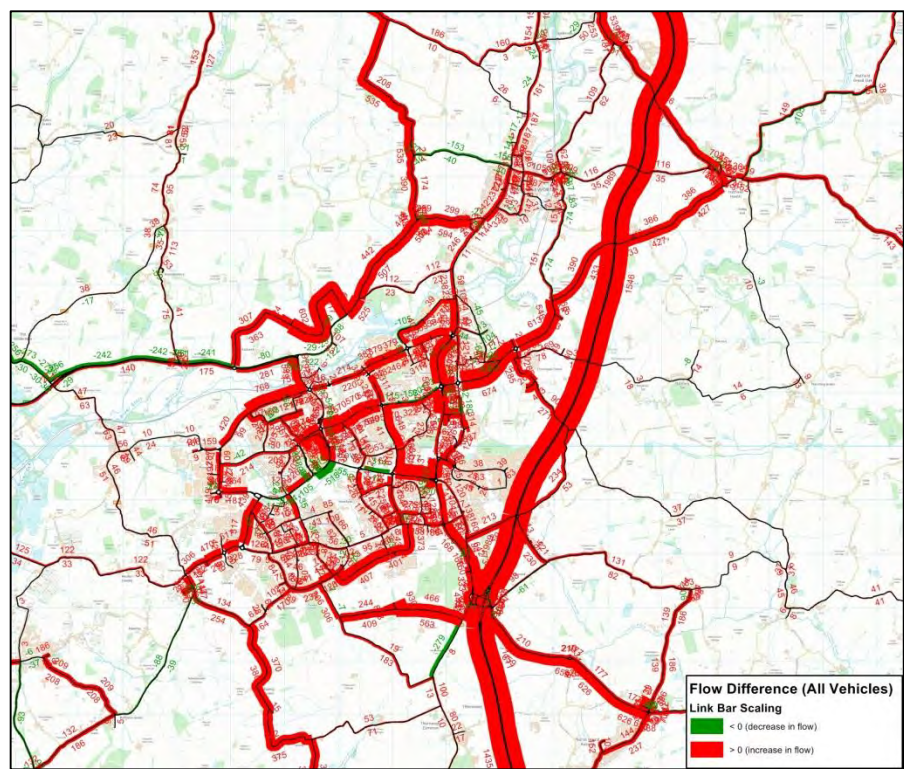

High Traffic Flow Difference between Base 2014 and DM 2036 models – IP (Harlow)

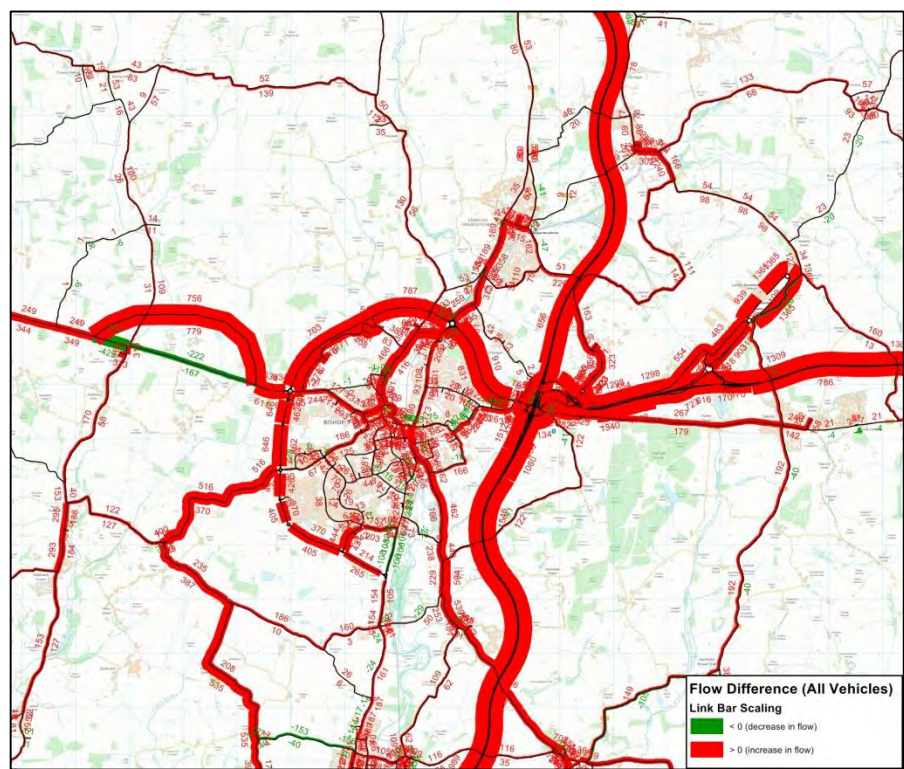

High Traffic Flow Difference between Base 2014 and DM 2036 models – IP (Bishop Stortford)

High Traffic Flow Difference between Base 2014 and DM 2036 models – PM (Harlow)

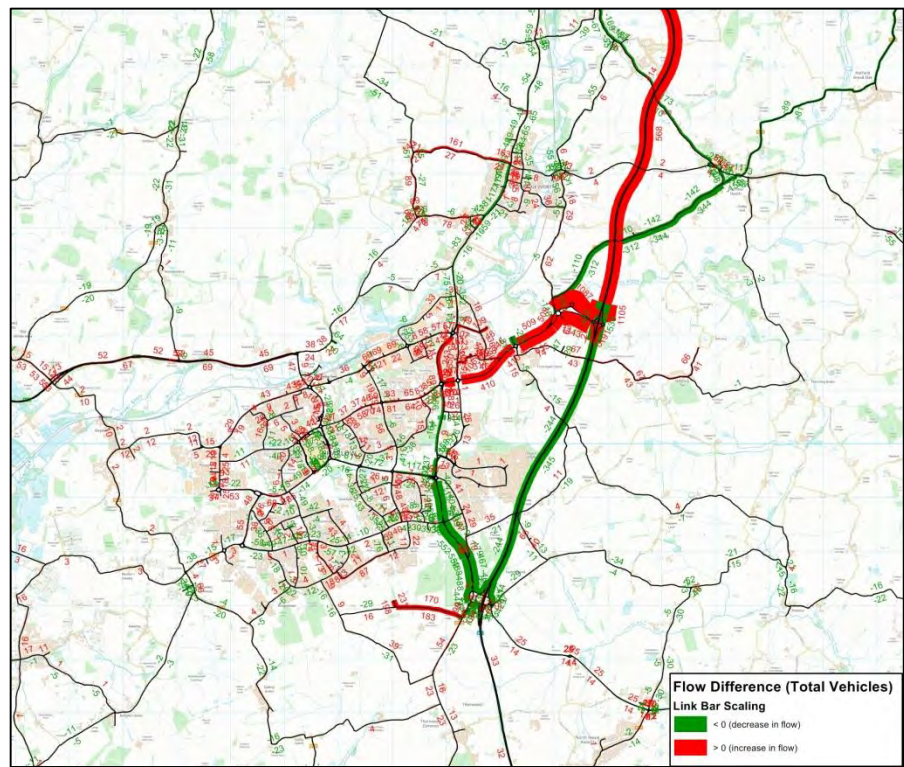

High Traffic Flow Difference between Base 2014 and DM 2036 models – PM (Bishop Stortford)

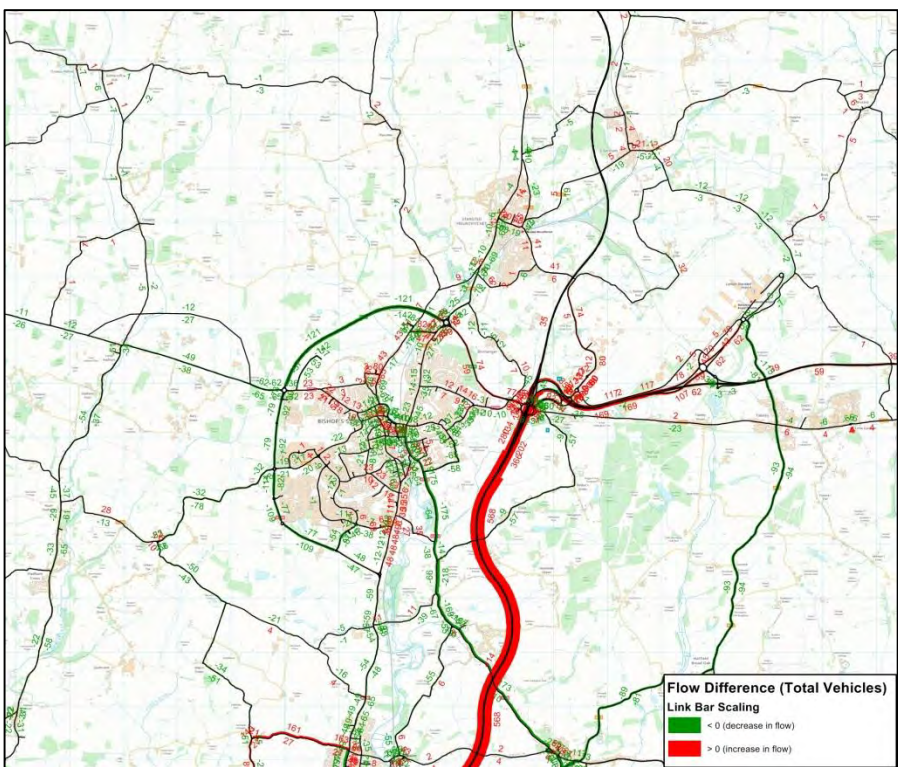

Flow differences between high do-minimum and high do-something scenarios in 2021

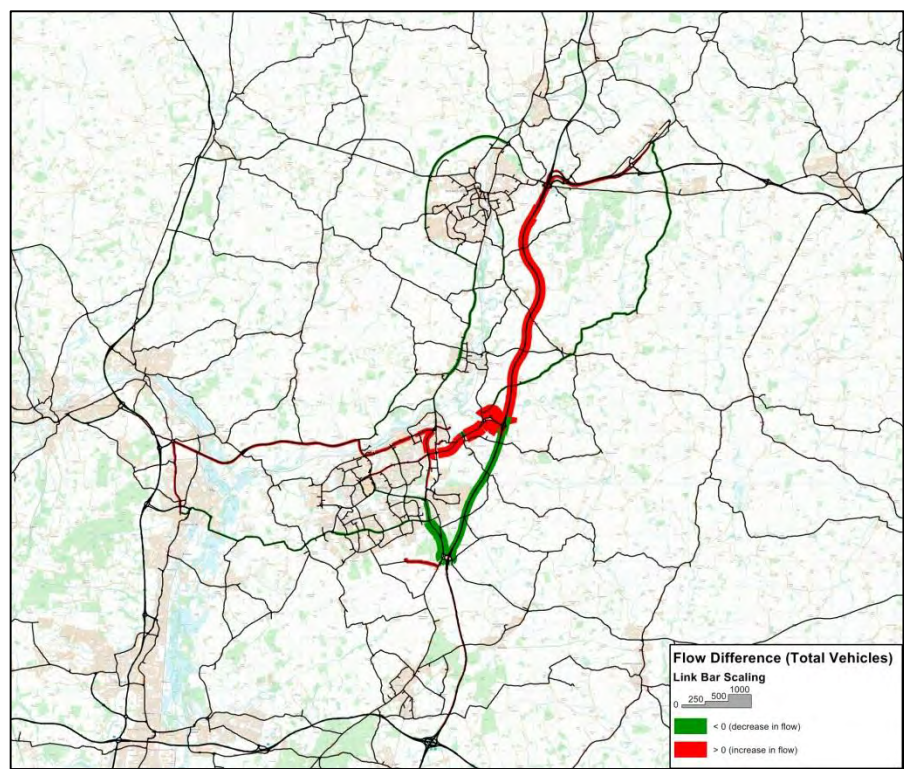

High Traffic Flow Difference between DM and DS 2021 models – AM (Harlow)

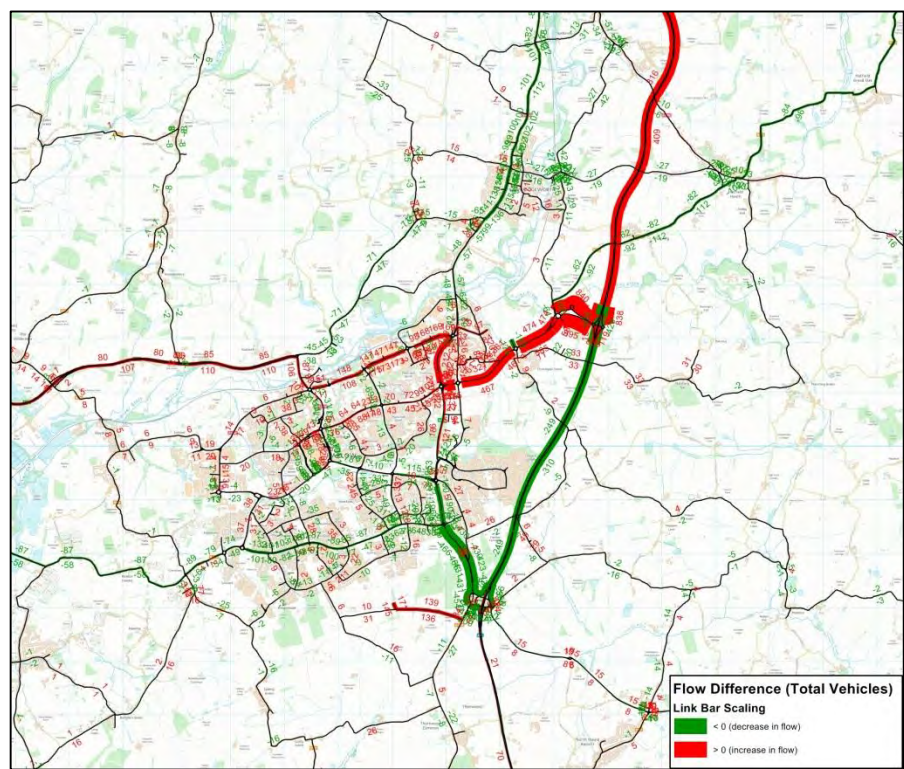

High Traffic Flow Difference between DM and DS 2021 models – AM (Bishop Stortford)

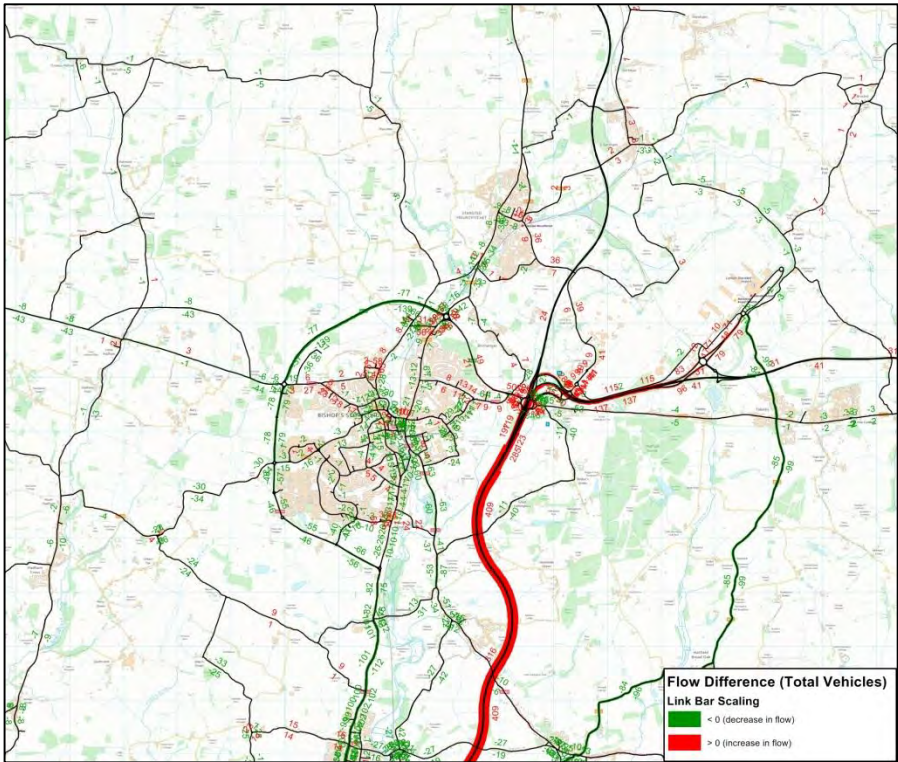

High Traffic Flow Difference between DM and DS 2021 models – IP (Overview)

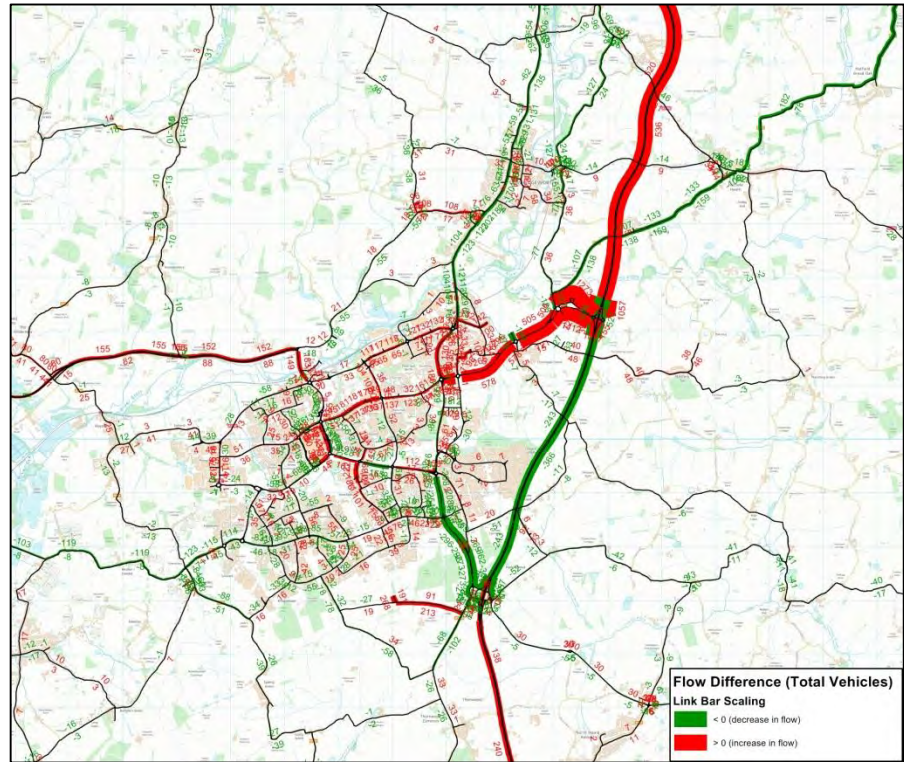

High Traffic Flow Difference between DM and DS 2021 models – IP (Harlow)

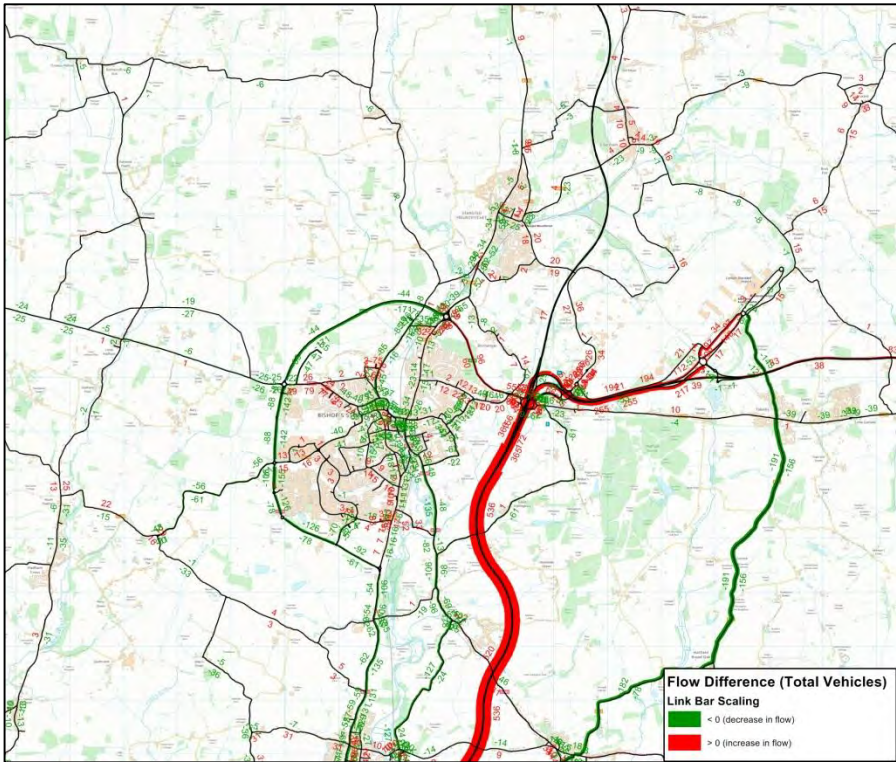

High Traffic Flow Difference between DM and DS 2021 models – IP (Bishop Stortford)

High Traffic Flow Difference between DM and DS 2021 models – PM (Harlow)

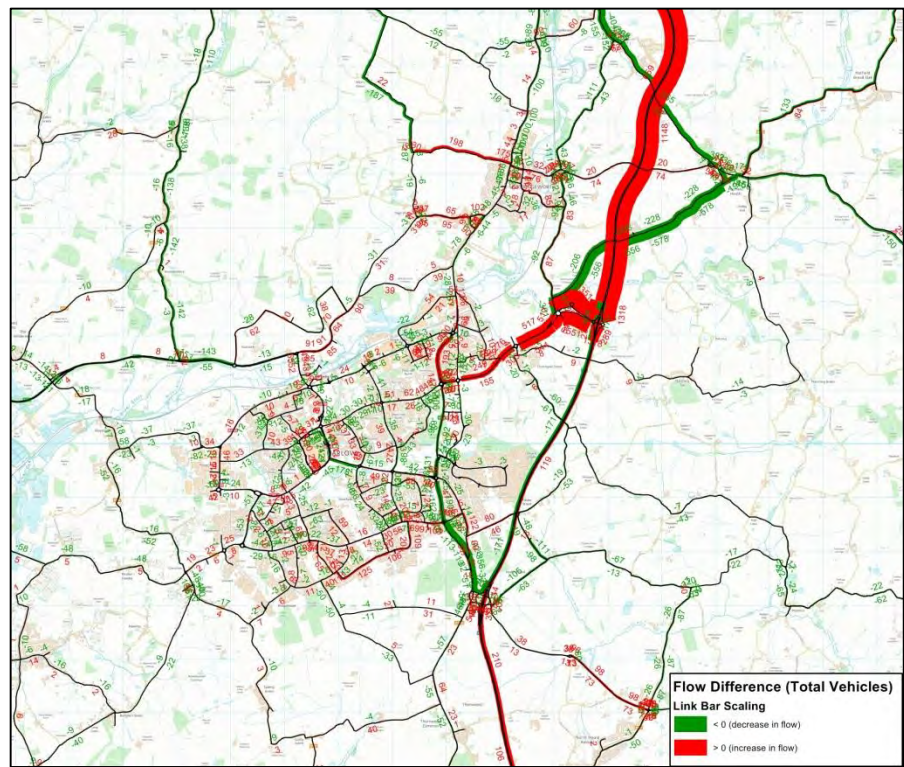

High Traffic Flow Difference between DM and DS 2021 models – PM (Bishop Stortford)

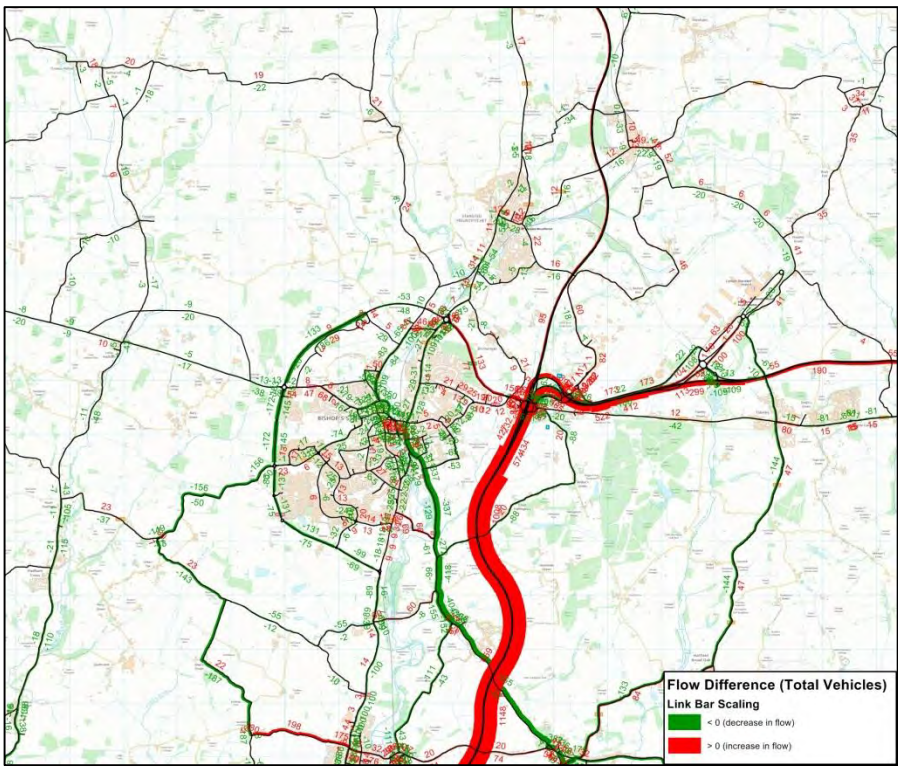

Flow differences between high do-minimum and high do-something scenarios in 2036

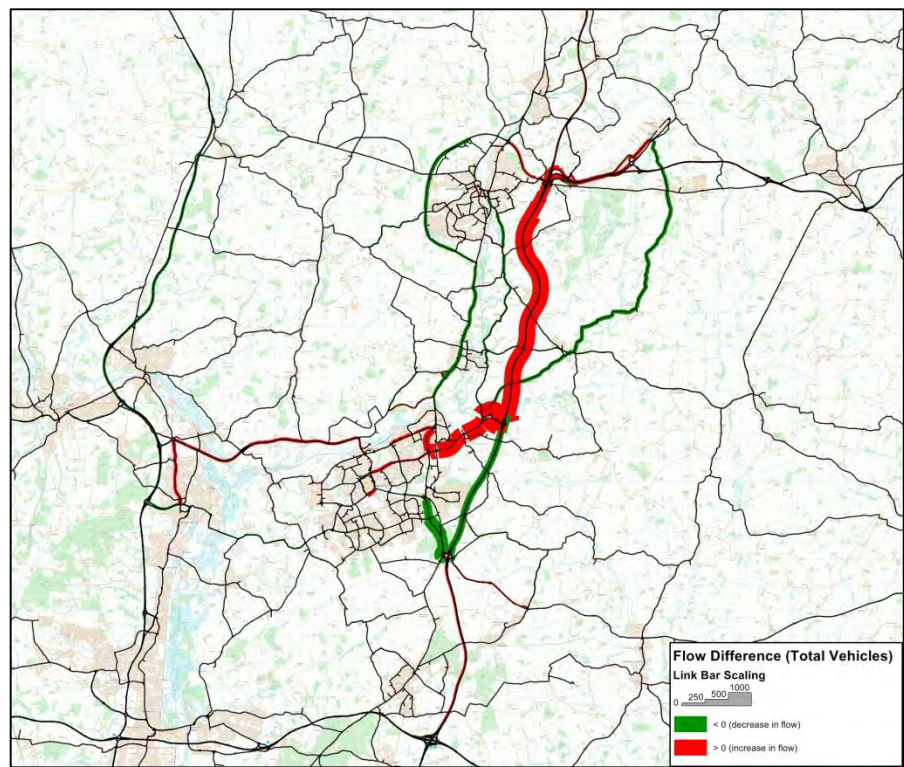

High Traffic Flow Difference between DM and DS 2036 models – AM (Harlow)

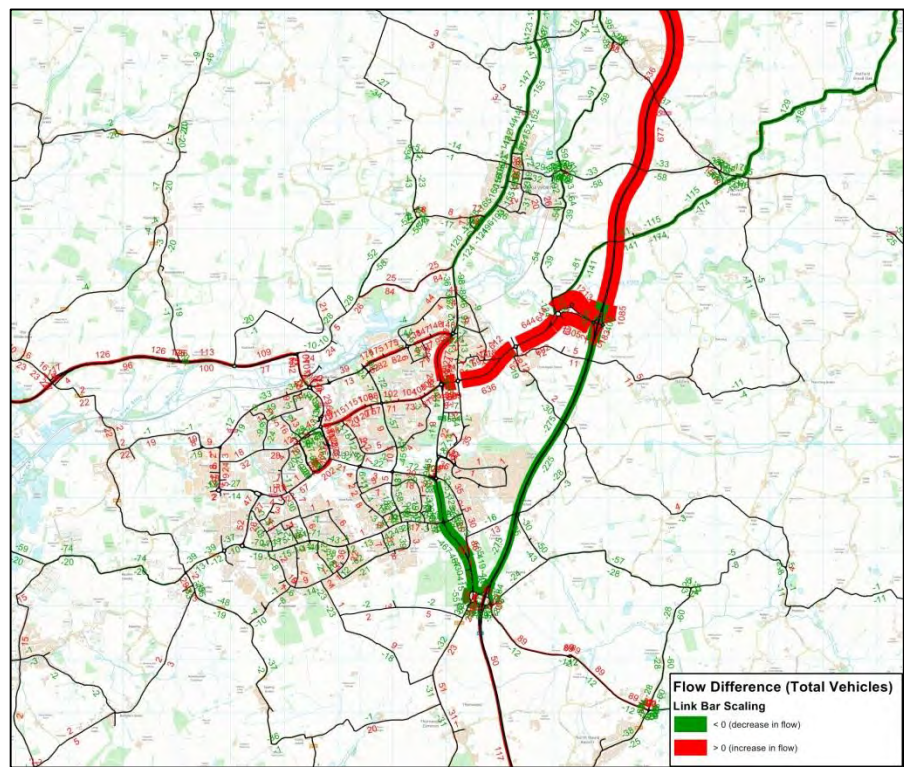

High Traffic Flow Difference between DM and DS 2036 models – AM (Bishop Stortford)

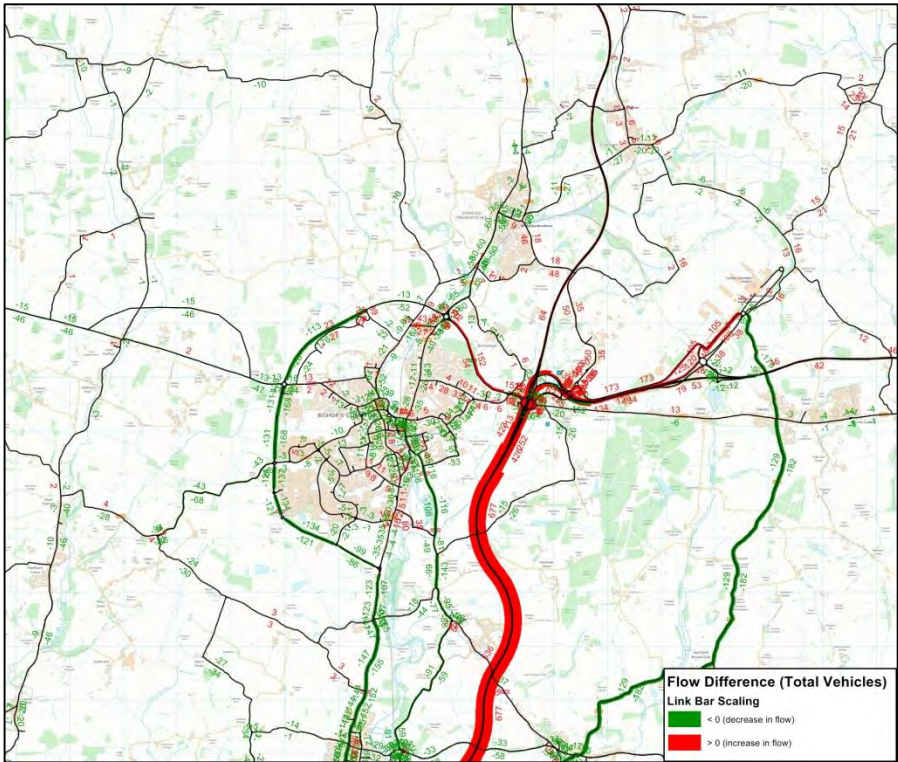

High Traffic Flow Difference between DM and DS 2036 models – IP (Overview)

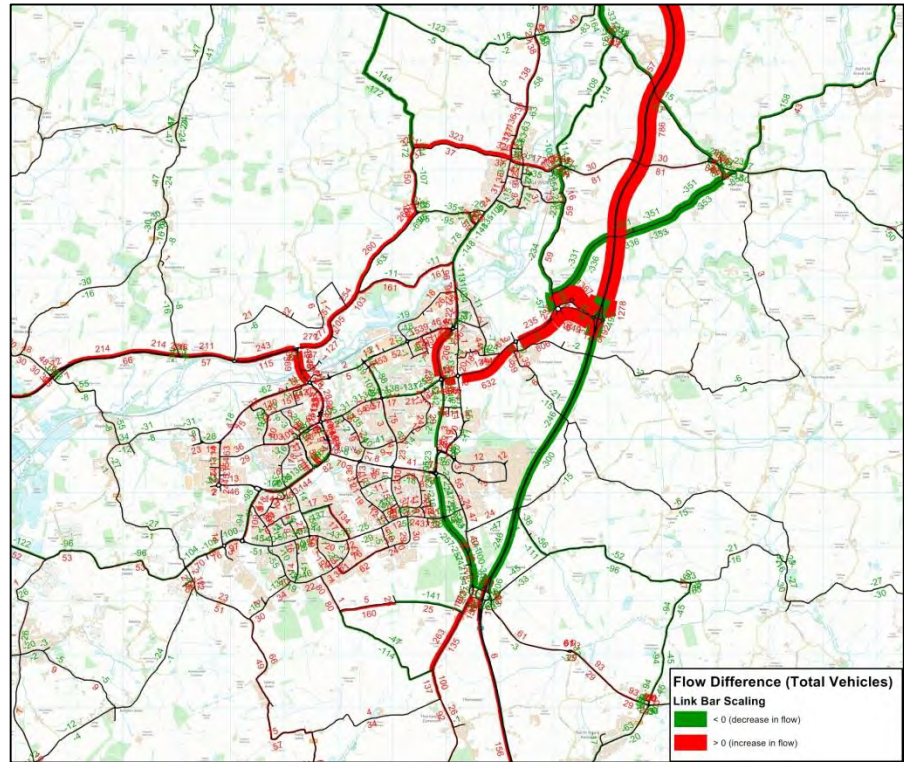

High Traffic Flow Difference between DM and DS 2036 models – IP (Harlow)

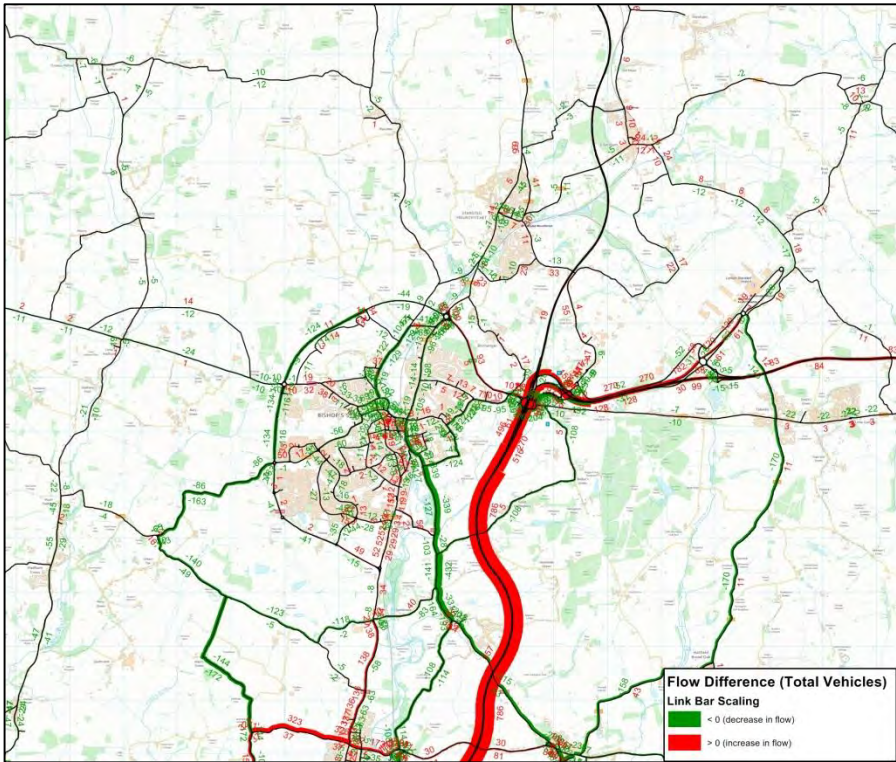

High Traffic Flow Difference between DM and DS 2036 models – IP (Bishop Stortford)

High Traffic Flow Difference between DM and DS 2036 models – PM (Harlow)

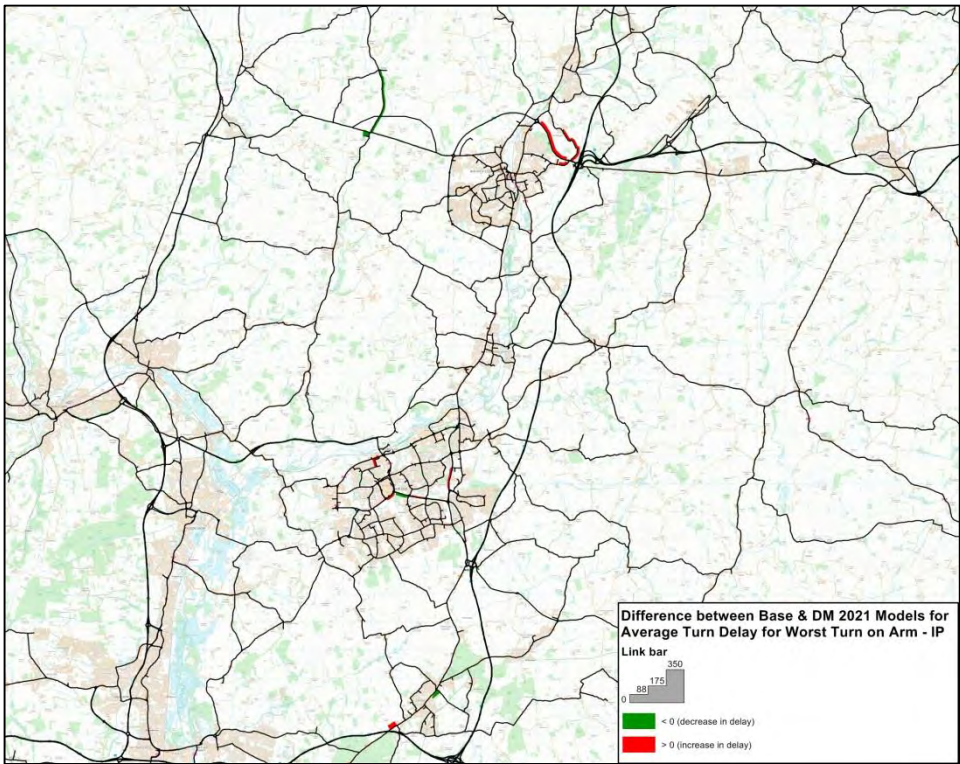

High Traffic Flow Difference between DM and DS 2036 models – PM (Bishop Stortford)

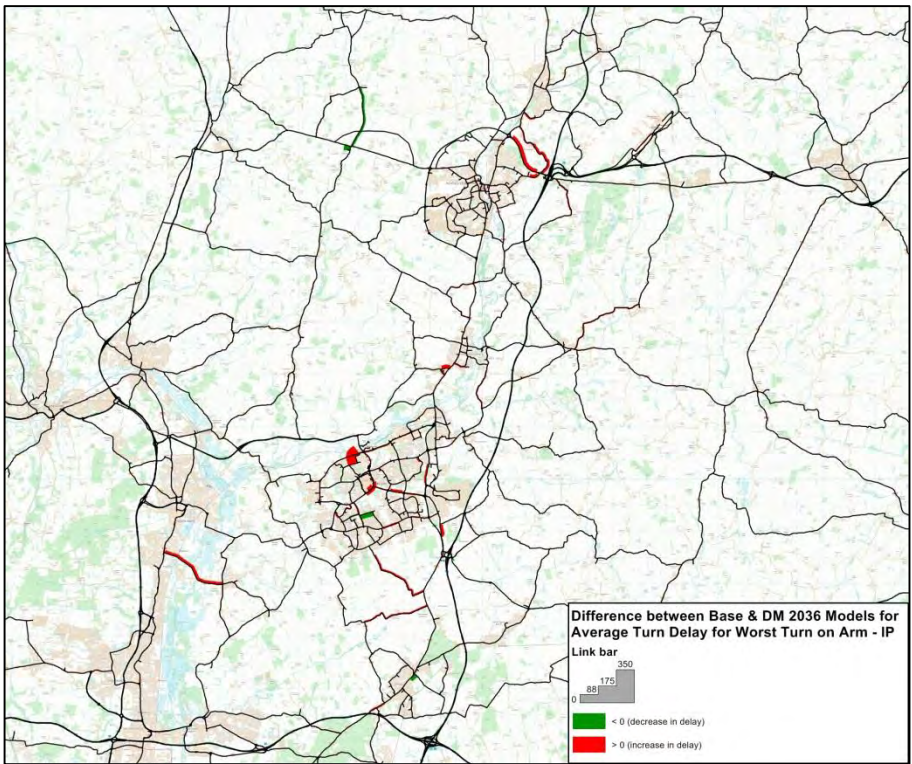

Appendix I. Delay Difference Plots

Delay differences for NTEM Traffic scenarios in the base year, 2021 and 2036

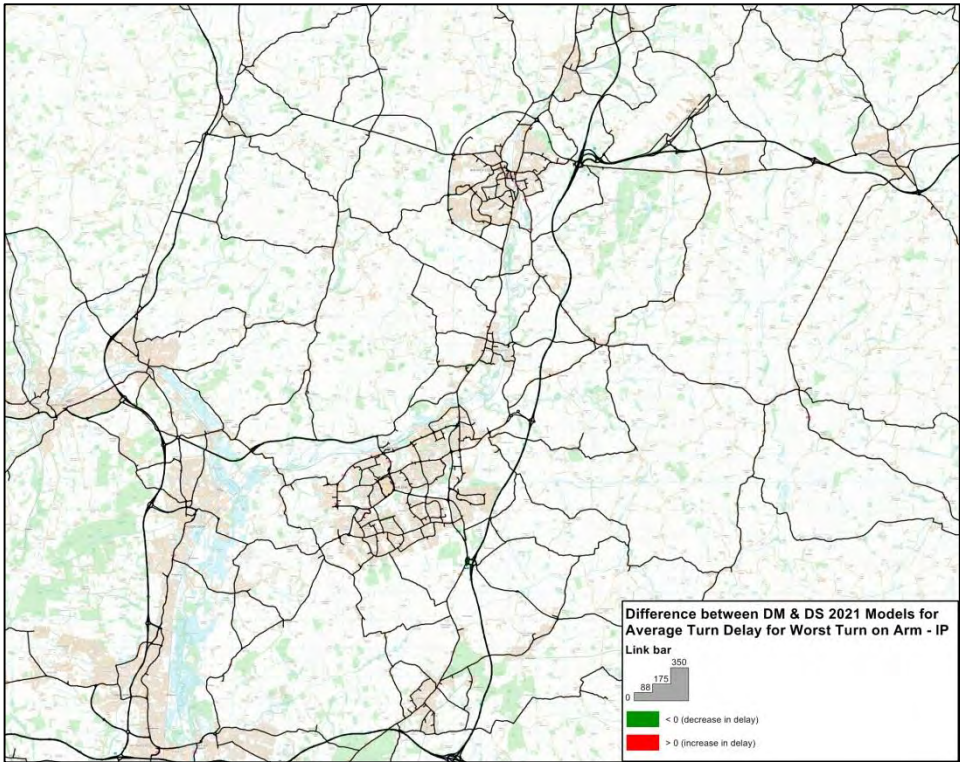

NTEM Traffic Delay Difference between Base 2014 and DM 2021 models – IP (Overview)

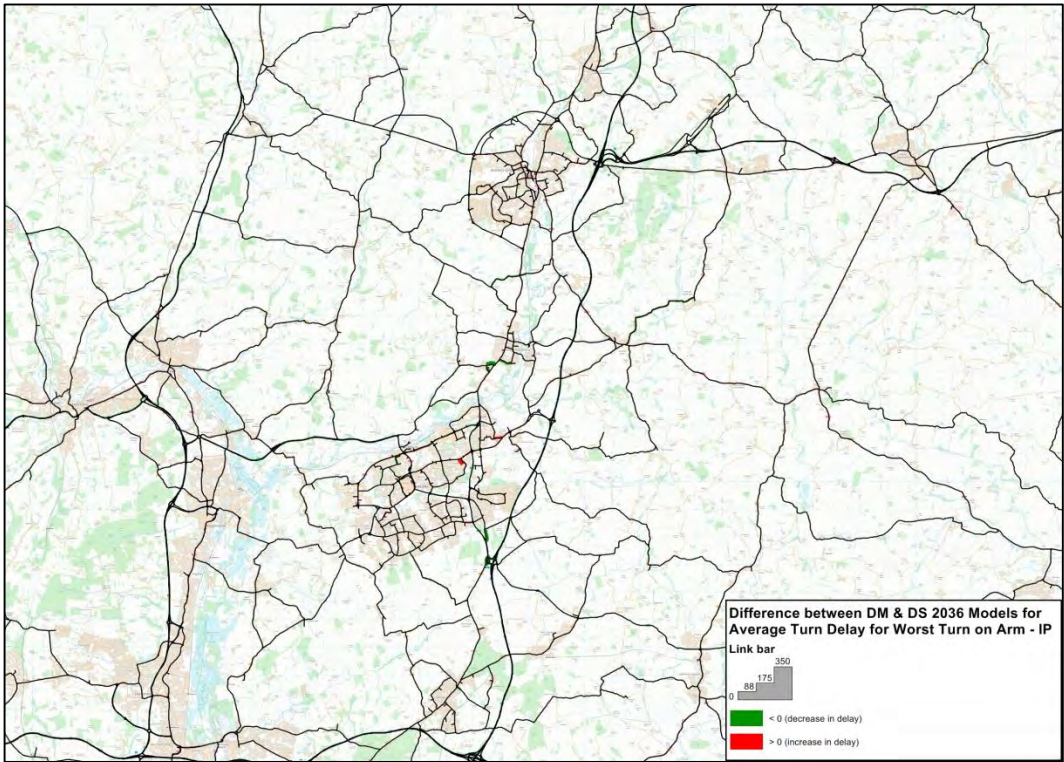

NTEM Traffic Delay Difference between Base 2014 and DM 2036 models – IP (Overview)

NTEM Traffic Delay Difference between DM and DS 2021 models – IP (Overview)

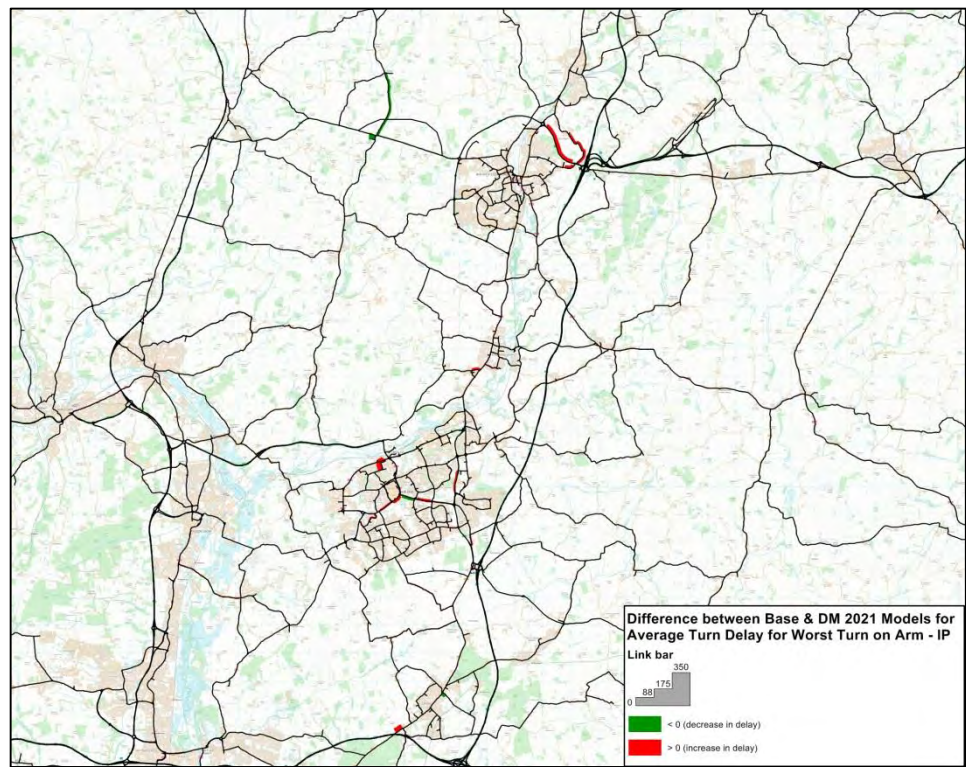

NTEM Traffic Delay Difference between DM and DS 2036 models – IP (Overview)

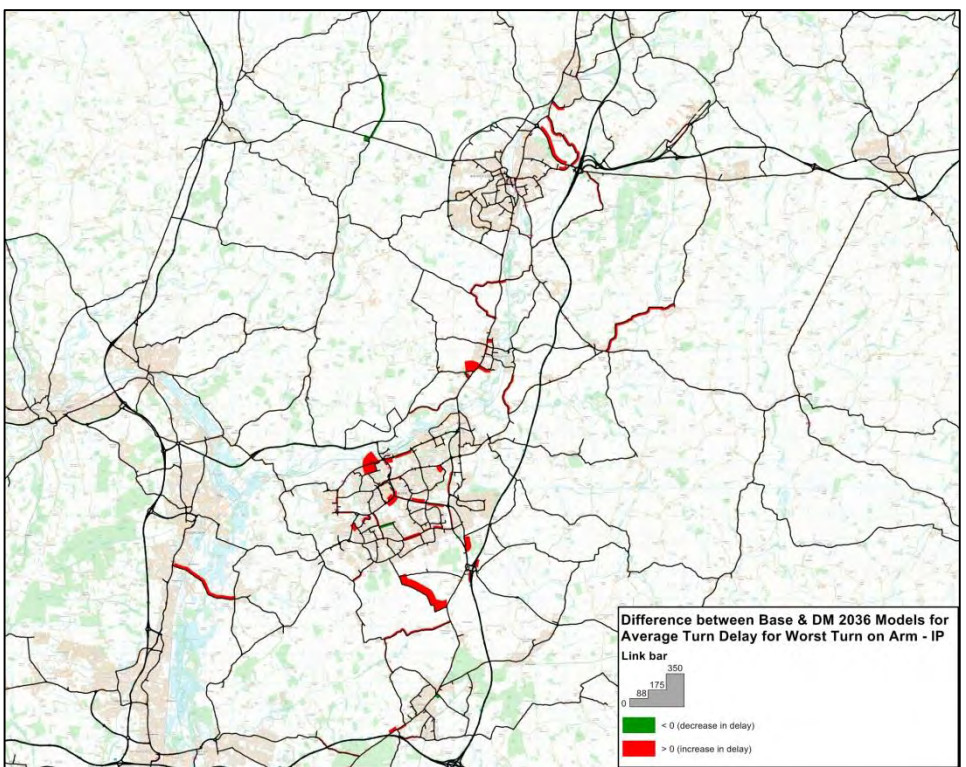

Delay differences for Medium Traffic scenarios in the base year, 2021 and 2036

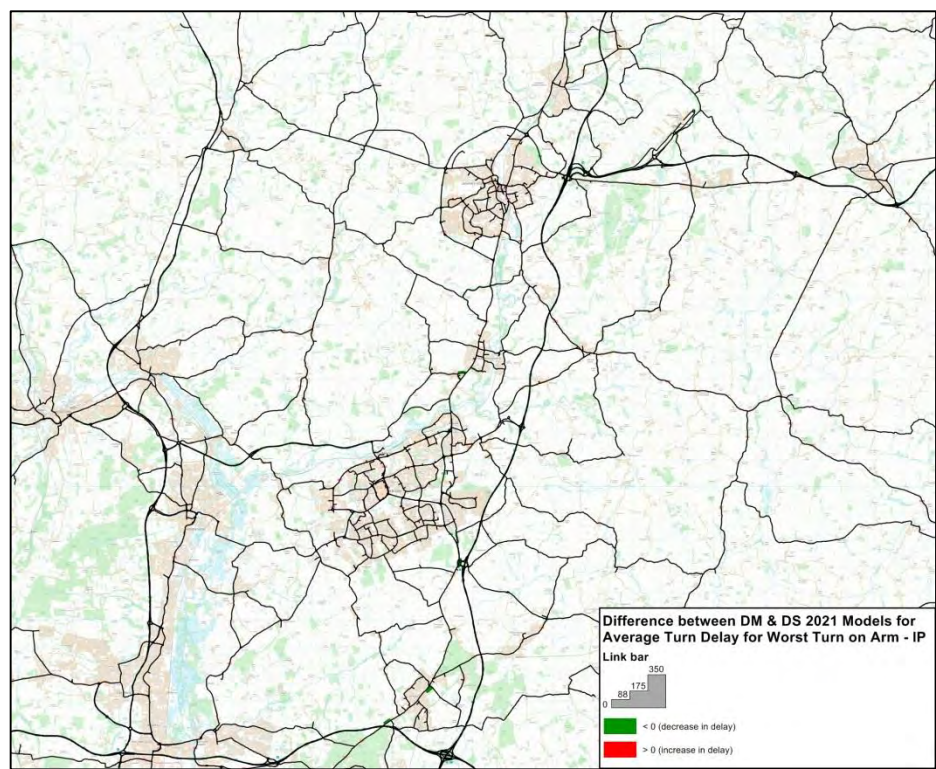

Medium Traffic Delay Difference between Base 2014 and DM 2021 models – IP (Overview)

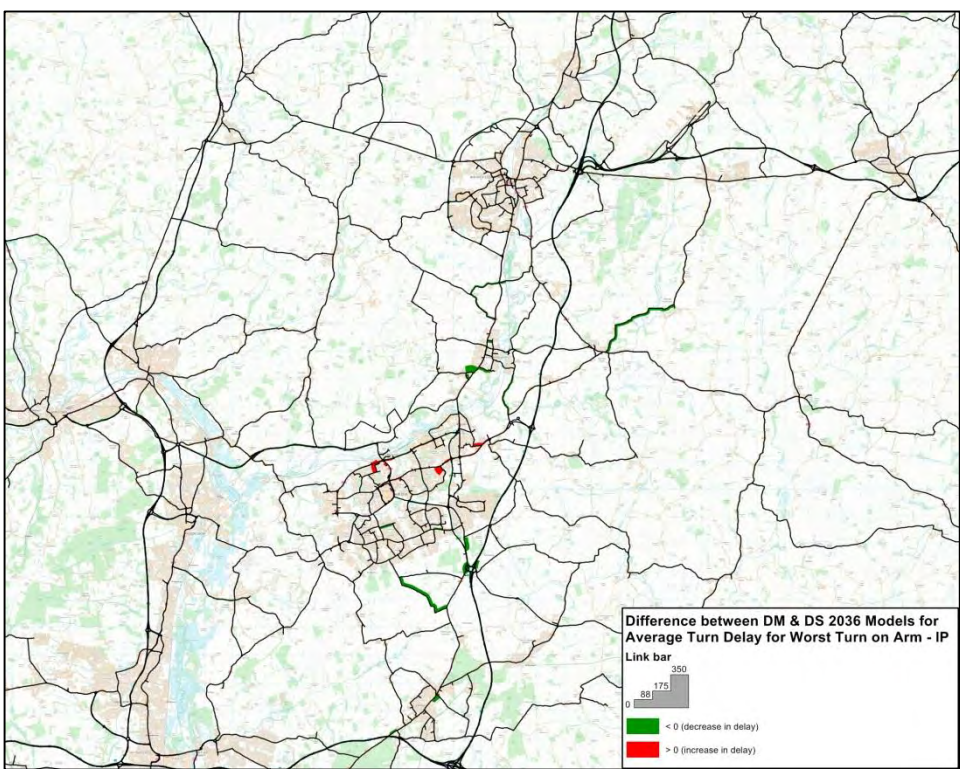

Medium Traffic Delay Difference between Base 2014 and DM 2036 models – IP (Overview)

Medium Traffic Delay Difference between DM and DS 2021 models – IP (Overview)

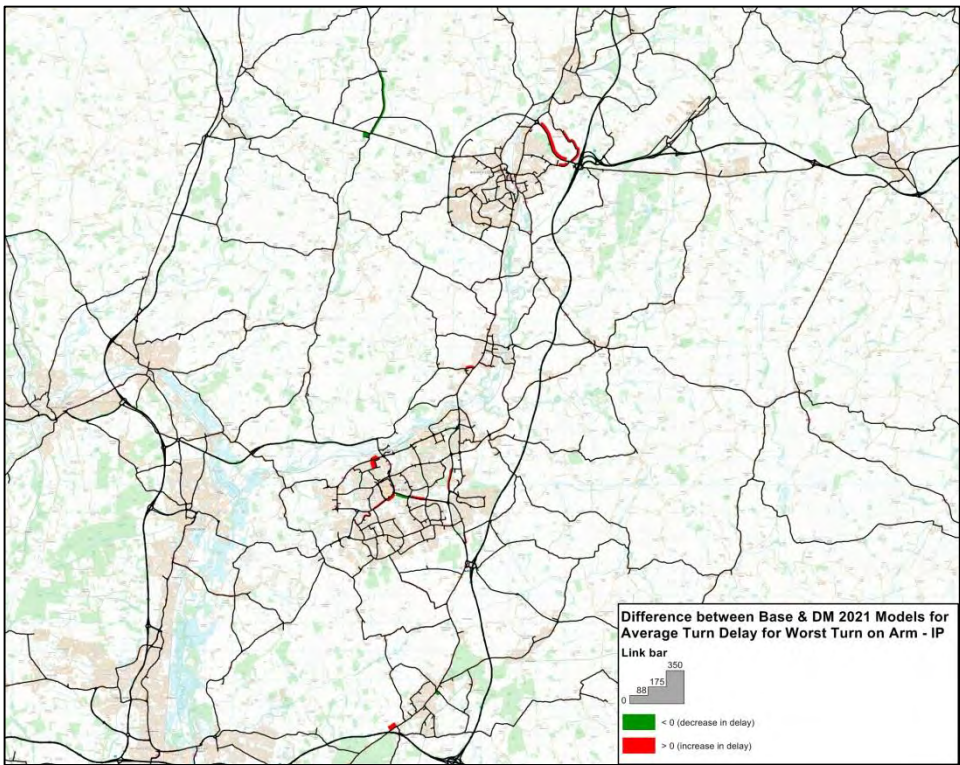

Medium Traffic Delay Difference between DM and DS 2036 models – IP (Overview)

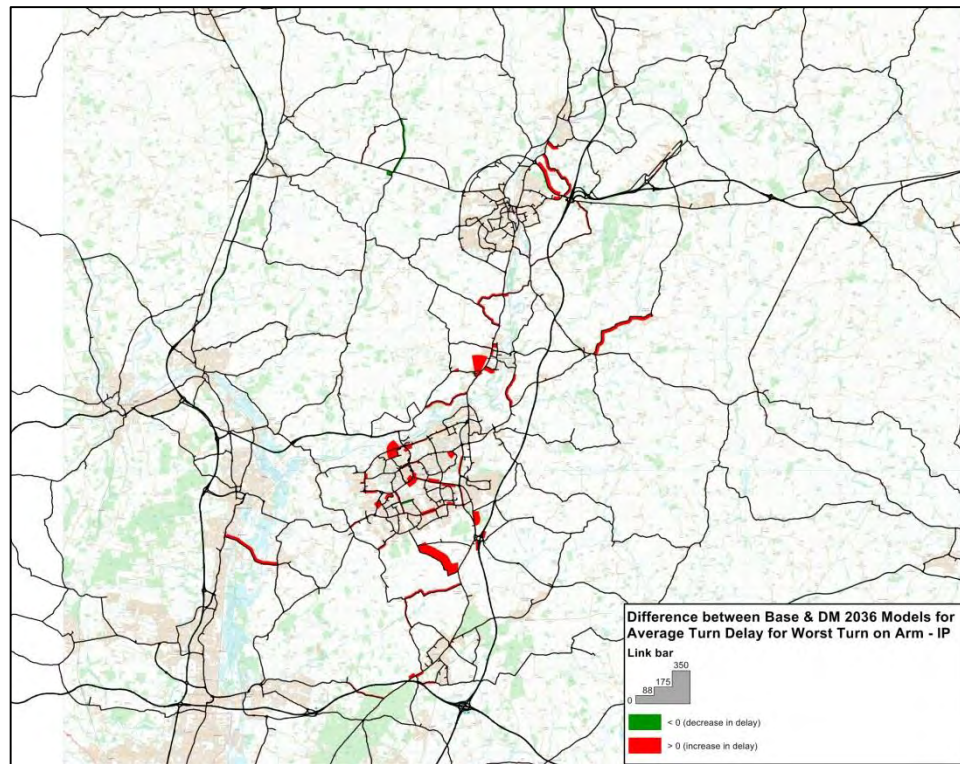

Delay differences for High Traffic scenarios in the base year, 2021 and 2036

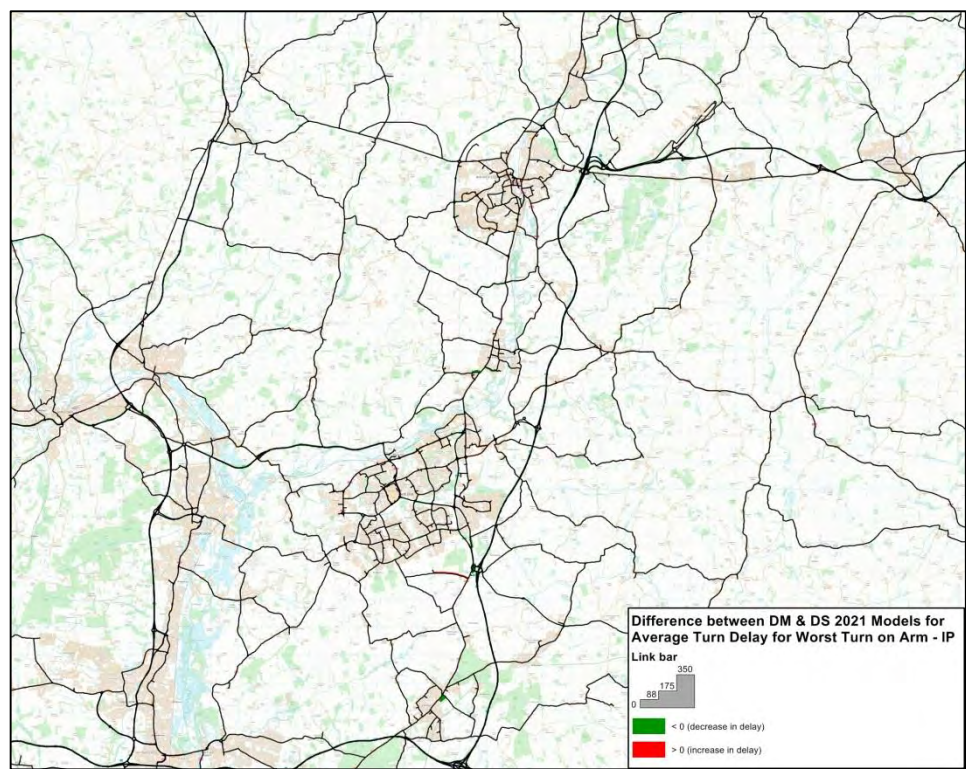

High Traffic Delay Difference between Base 2014 and DM 2021 models – IP (Overview)

High Traffic Delay Difference between Base 2014 and DM 2036 models – IP (Overview)

High Traffic Delay Difference between DM and DS 2021 models – IP (Overview)

High Traffic Delay Difference between DM and DS 2036 models – IP (Overview)
