

Dear Resident / Business Owner

Harlow Sustainable Transport Corridor – First Avenue Mandela Avenue

Road Closure - First Avenue Mandela Avenue

On behalf of Essex County Council, Bouygues UK Ltd are undertaking essential works on First Avenue Mandela Avenue as part of the Harlow Sustainable Transport Corridor project.

As a result of these works, First Avenue Mandela Avenue, between the Velizy Roundabout and the Park Lane mini roundabout, will be closed in both directions from 8pm on Wednesday 16th of July to 5am on Thursday 17th of July 2025.

Please be aware that an additional nighttime road closure may be required in this area, from 8pm on Thursday 17th of July to 5am on Friday 18th of July 2025. This additional road closure will only take place should scheduled works on the night of 16th July be delayed, and therefore, may not be required.

A nighttime road closure is required to complete surfacing in this section of First Avenue Mandela Avenue, while ensuring public and workforce safety during this period. Please note that these works are weather dependent, and dates may change accordingly.

Due to the nature of this work, there will be no access for vehicles, including the emergency services, during this closure period. However, there will be a clearly signed diversion route during this road closure, with a map detailing the closure location and diversion route available below.

A certain amount of inconvenience is inevitable with work of this type, and we greatly appreciate your patience whilst the works are being undertaken. This work will unavoidably create some noise, but we will endeavour to carry out any particularly noisy operations before 22:00 hours each evening. We apologise for any disturbance caused during this essential work and wish to assure you that we will undertake these works as efficiently and quickly as possible.

For further information, updates relating to this closure, and to check on any future closures and works taking place during the project, please refer to the following:
