Councillor Mitchell did not take part in the vote on this matter.</p>	
<p>3.</p>	<p>Public Questions:</p> <p>The following statements were made:-</p> <p>Two statements were made by Councillor K McDonald, and by Councillor P Hughes on behalf of Silver End Parish Council regarding Schemes LBRA162022 – Feasibility study for a 20mph zone/limit, Valentine Way and School Road, Silver End; LBRA162023 – Feasibility study for a 20mph zone/limit, Grooms Lane and all of the Daniel Way Estate, Silver End; and LBRA162064 – Feasibility study for a 20mph zone/limit, Francis Way, j/w Broadway, Silver End.</p> <p>It was agreed that Scheme LBRA162022 should be recommended for approval, subject to it being changed to a ‘20’s plenty scheme’; that Scheme LBRA162023 should be recommended for removal from the list of schemes awaiting funding; and that Scheme LBRA162064 should be recommended for approval, subject to action by Essex County Council’s Cabinet Member (Minute 8 refers).</p> <p>A statement was made by Councillor H Bass on behalf of Wickham Bishops Parish Councillor regarding Scheme LBRA172015 – Request to change timing of traffic signals, Maldon Road j/w Blue Mills Hill, Witham.</p> <p>It was agreed that Councillor Bentley, Essex County Council’s Cabinet Member for Infrastructure, should be recommended to approve Scheme LBRA172015 on the basis that the hours of operation are extended so that the traffic signals operate continuously from 6.00am to 9.00pm each day and that the impact of this change on traffic flows in Maldon Road, Witham be assessed. (Minute 7 refers).</p>	

4.	<p>Minutes:</p> <p>The Minutes of the meeting of Braintree Local Highways Panel held on 4th April 2019 were approved as a correct record and signed by the Chairman.</p>	
5.	<p>Matters Arising from the Minutes of the Previous Meeting:</p> <p>It was reported that all action points which had been recorded at the meeting of Braintree Local Highways Panel held on 4th April 2019 had been dealt with, and updates were provided.</p> <p>There were no matters arising from the Minutes of the previous meeting.</p>	
6.	<p>Update:</p> <p>Direct Delivery Team - 2018/19:</p> <p>Consideration was given to a short presentation on the work of Essex County Council's Direct Delivery Team. The Direct Delivery Team was a dedicated resource for Local Highways Panels which had been set up in June 2018 and aimed to reduce time lines and costs. The Team specialised in smaller highway works such as the installation of signs; lines; bollards; guard-rails; tactile paving; and dropped crossings.</p> <p>It was reported that the Direct Delivery Team operating within the Braintree District had been very successful in implementing a number of schemes during the year and Members of the Panel wished to record their thanks for the work that had been carried out.</p> <p>Map Essex:</p> <p>Jasmine Wiles – Assistant Highways Liaison Officer, Essex Highways drew attention to the features of the 'Map Essex' tool which was available to access via Essex County Council's website. The feature enabled people to view information about Essex including highway matters. 'Map Essex' may be viewed at</p> <p>https://www.essexhighways.org/transport-and-roads/interactive-maps-and-live-travel-information/highways-information-map.aspx</p>	
7.	<p>Funded Schemes 2018/19 and 2019/20:</p> <p>Consideration was given to a report on the Panel's Funded Schemes for 2018/19 and 2019/20, which had recommended for approval. The information had previously been reported to the Panel in the form of the Approved Works Programme, but the report format had</p>	

	<p>changed in order to clarify which schemes had funding for delivery and those which had not.</p> <p>The report provided an update on the current position of all schemes which had been recommended for inclusion in the 2018/19 and 2019/20 programmes of work. The schemes denoted in 'green' had been completed; and those denoted in 'yellow' provided an update on their status. Information regarding the budget allocation and final cost of Funded Schemes was circulated at the meeting.</p> <p>The budget summary for 2019/20 showed a total capital budget of £407,789. From this, £87,500 had been allocated to 'safer roads' schemes and £260,000 to other schemes. A sum of £62,289 remained for allocation. Members of the Panel were requested to recommend additional schemes for approval in order that any remaining budget funds could be allocated to them and the work completed before the end of the 2019/20 financial year.</p> <p>In discussing this Item, reference was made to the possible allocation of part of the Panel's annual budget to fund aesthetic improvements/repairs to previously implemented schemes which subsequently suffer damage. This would avoid the need for such repairs to be funded from a maintenance programme. It was proposed that if all or part of the allocated sum had not been spent at the end of a financial year, it should be reallocated to an approved scheme on the Panel's list of Schemes Awaiting Funding. It was suggested that Members of the Panel should be consulted about this proposal and that a report on the outcome of the consultation should be submitted to the next meeting of the Panel to enable a decision to be taken on whether, or not to implement it.</p> <p>DECISION:</p> <p>(1) That Members of Braintree Local Highways Panel be consulted about the proposed allocation of part of the Panel's annual budget to fund aesthetic improvements/repairs to previously implemented schemes which subsequently suffer damage in order to avoid funding such repairs from a maintenance programme, subject to any sum which has not been spent by the end of a financial year being reallocated to an approved scheme on the Panel's list of Schemes Awaiting Funding; and that a report on the outcome of the consultation be submitted to the next meeting of the Panel to enable a decision to be taken on whether, or not to implement it.</p> <p>(2) That it be recommended that additional funding, if required and as detailed below, be provided for the following scheme on the list of Funded Schemes for 2018/19:-</p>
