- ✚ Any member of the public wishing to attend the Basildon Local Highways Panel (LHP) must arrange a formal invitation from the Chairman no later than 1 week in advance.
Any public questions should be submitted to the Highways Liaison Officer no later than 1 week before the LHP meeting date; will.price@essexhighways.org

**BASILDON LOCAL HIGHWAY PANEL MINUTES – MONDAY 26TH
MARCH 2018 – 14:00**

COMMITTEE ROOM 5, COUNTY HALL, CHELMSFORD.

Chairman:	Cllr Richard Moore
Panel Members:	Cllr Stephen Hillier, Cllr Malcom Buckley, Cllr Anthony Hedley, Cllr Allan Davies, Cllr Jeff Henry, Cllr Patricia Reid, Cllr Tony Ball, Cllr Kerry Smith
Officers:	EH Will Price – Highway Liaison Officer EH Sonia Church – Highway Liaison Manager
Secretariat:	Rochelle Morgan – Technical Assistant

Item		Owner
1.	Welcome and Introductions:	
2.	Apologies for Absence WP passed on Bernie Foster's apologies.	
3.	Minutes of meeting 29th January 2018 to be agreed as a correct record The minutes were agreed as a correct record.	
4.	Matters Arising from Minutes of the Previous Meeting: The Chairman advised these would be covered within the Approved and Potential Scheme sections of the meeting. Declarations of Interest There were none.	
5.	Approved Works Programme WP provided a budget summary for the next financial year. He advised that Basildon had been assigned a £500k capital budget, the same as previous years. A breakdown for 2018/19 was given as follows: 2017/18 Schemes re-profiled into 2018/19 - £53,500 Rolling Programme Schemes - £135,500 Potential Scheme List - £159,000 Safer Road Schemes 2018/19 - £258,500 TBC	

Total: £606,500

WP advised that the figure for safer road schemes was yet to be confirmed (as he was awaiting a decision from the Cabinet Member as to how the schemes would be funded). SC informed that the safer road schemes would undergo the standard CMA process.

WP informed the Panel that he had added schemes from the Potential Scheme List which had previously been approved by Members onto the Approved Scheme List for 2018/19. He drew Members attention to the following schemes (the first 2 of which were in fact still on the Potential Scheme List as they were awaiting approval):

Hill Avenue Wickford, close to Beauchamps School (LBAS183001)

WP presented the Panel with printed plans and objections relating to the moving of the zebra crossing. He provided the Panel with several options:

1. Leave the crossing in its current location
2. Move the crossing outside no 29 as per the engineer's design
3. Remove the crossing
4. Consider moving the crossing closer to the junction with Southend Rd.

WP advised that a number of objectors had suggested moving the crossing closer to Southend Rd (just north of the entrance to the shops), whilst others had said that doing so would cause congestion issues. Cllr Buckley concurred with the latter opinion and said he felt that moving the crossing close to the shops was not an option.

Cllr Hillier asked for further information as to why the crossing move was being considered and whether the move would interfere with driveways for local residents. Cllr Buckley informed the Panel that a student at the nearby Beauchamps school had been involved in a collision, and that there were congestion issues which had led the School Council to put forward the request. WP informed the Panel that the safety and congestion concerns related to the fact that there were 2 crossings in close proximity to one another either side of the junction with Beauchamps Drive. He informed the Panel that the new crossing location was not perfect, but that the prevalence of dropped crossings in the area meant that this was really the only viable alternative location. He advised that swept path analysis tests had been undertaken to confirm that the crossing would not disturb access to driveways, and that the beacons would be placed at the back of the footway so that residents view was not restricted when pulling on to Hill Ave.

<p>Cllr Buckley then asked if the beacons will have covering to minimise the impact on local residents. WP advised that he had discussed this with street lighting engineers and a shroud would be fitted which would encase the beacons and prevent any sideways light spill.</p> <p>The Panel decided to support the moving of the crossing to outside 29 Hill Ave.</p> <p>WP informed Members that this would now go through a formal consultation and any objections would be taken to the Cabinet Member who would need to make the final decision on whether the scheme could progress.</p> <p>Maylons Place (LBAS183005) WP informed the Panel that he had visited the site alongside Cllr Reid and Cllr Davis and explained the rationale behind the scheme. He advised that there were two options:</p> <ol style="list-style-type: none">1. Install a dropped crossing on 1 side of the road2. Install a dropped crossing on both sides of the road and install/widen adjoining paths. <p>There was some discussion on the subject before the Panel agreed to support option 2.</p> <p>Gardeners Lane North, Wickford (LBAS152017) WP presented printed copies of objections received. He advised that the objections had been taken to the Cabinet Member who in turn had asked the Panel to consider whether the scheme represented value for money based on the fact that:</p> <ul style="list-style-type: none">• Neither the police nor ECC's regulatory services department had the resources to enforce environmental weight restrictions.• Surveys had shown that only a low volume of HGV's used the road.• Many of those HGV's would need to continue using the road to access local businesses. <p>Cllr Buckley raised concerns about the amount of time the scheme had taken to reach this stage, since he had raised the issue on behalf of the parish council 3 years ago and received continual complaints since.</p> <p>The Panel queried the high cost of the works. WP advised that much of that cost related to the need to install advanced warning signs on the A127, and the traffic management which would be involved in that. Cllr Buckley voiced his dismay and requested</p>	
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--

	<p>further info on why such levels of traffic management were required in such cases.</p> <p>After some further discussion the Panel requested that a lower cost scheme be pursued without advanced warning signs on the A127. WP advised that he would find out whether this was legal/possible and if so would obtain costs.</p> <p>Outside Great Berry Primary School, Langdon Hills (LBAS172019)</p> <p>WP presented local objections to the 20mph limit. There was a discussion between Members on if/how the scheme should progress. WP explained that the only possible alternative to the status quo was a 20's Plenty.</p> <p>Cllr Moore queried why Members were 'forced' to install a 20's Plenty outside Brightside whilst being given the option in this instance. WP advised that the circumstances were different, particularly in relation to mean speeds. Mean speeds at Great Berry School met the criteria for a 20mph limit without a CMA, whereas at Brightside they did not.</p> <p>Cllr Hillier, Cllr Smith and the rest of the Panel agreed to progress with a 20's Plenty at a cost of £8,500.</p> <p>Footpath from Lingcroft to Sparrows Herne, Basildon (LBAS162049)</p> <p>Cllr Smith queried the cost of this scheme and asked whether bollards could be installed at a lower cost. WP advised that the scheme description should have said "bollards or guard rails" and advised that the engineer would make a decision based on which represents the bigger deterrent and better value for money.</p> <p>SC informed the Panel that Essex Highways were introducing a direct delivery team in 18/19 which would reduce design time and lower scheme costs. She told Members that this is exactly the kind of scheme which would benefit. Therefore she felt the scheme costs would come in significantly lower.</p> <p>A13 crossing point in vicinity of Kierbeck Business Park (LBAS172042)</p> <p>WP acknowledged that the Panel had previously provisionally approved this scheme, but on a low priority basis. With that and the current potential over commissioning in mind, he asked whether the Panel wished to upgrade that priority in order to ensure scheme delivery in 18/19.</p> <p>Cllr Moore advised that he had been contacted by the Basildon Business Group and Stephen Metcalfe MP who had sought his</p>	<p>WP</p> <p>WP</p>
--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------

	<p>support for swift scheme installation. He also advised that the matter had been in the local press. He asked Members for their opinions.</p> <p>There was much discussion before Members unanimously withdrew their support for the scheme. This was based on the opinion that the signs were overpriced and would endorse pedestrians crossing in an unsafe location. Instead the Panel felt that affected businesses should be putting on shuttle buses. They asked that the scheme be removed from the Approved Scheme List.</p> <p>Laindon Link junction with Albert Drive, Laindon (LBAS185001) Cllr Henry asked why this scheme was listed for 18/19 delivery when Members had previously approved delivery with underspend within 17/18. WP said that it had become too late in the financial year to initiate this scheme after the last meeting.</p> <p>Moss Drive junction with Moss Close, Vange (LBAS162042) WP informed the Panel that there had been a meeting with the Programming and Engineering teams to assess costs and scheme stages following the January Panel. At that meeting it was agreed that it would be more sensible and efficient to commission this scheme as a “design only” in the first instance so that scheme scope and target costs could be obtained before progressing with implementation. This was agreed by Cllr Smith and the Panel.</p> <p>Greenway, Billericay (LBAS165002) The Panel requested more information as to what this scheme involved, and what services were running in the area. WP to action.</p> <p>Church Road, Ramsden Bellhouse (LBAS142056) WP advised that he had been told this scheme could not be commissioned for delivery as there were too many uncertainties remaining with regards to adjacent property access and utility apparatus within the verge. He therefore recommended that the scheme is commissioned as detailed design only with a view to deliver in early 19/20. Cllr Buckley was unhappy that the scheme was taking so long to progress but reluctantly agreed to progress with design only. This was agreed by the rest of the Panel.</p> <p>Outside Greenstead Nursery, Infant and Junior Schools, Basildon (LBAS172020) Cllr Hillier queried the progress of this scheme following a recent meeting with the school. WP advised that the scheme had not yet been commissioned, and that the meeting with the school was unrelated and not something of which he was aware. WP asked if Cllr Hillier could send him details of officers in attendance so that he could find out more about the meeting and if/how it might impact on the scheme.</p>	<p>WP</p> <p>Cllr Hillier</p>
--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------

	All schemes in the proposed 18/19 programme were approved by the Panel with the exception of LBAS172042 (A13 pedestrian warning signs).	
6.	<p>Potential Schemes List</p> <p>Station Road, Wickford (LBAS183008) Cllr Buckley requested an update on the scheme. WP advised that the location within the scheme request form was unclear. WP to email Cllr Buckley for a precise location.</p> <p>Nethermayne, Basildon – Footbridge Step Markings (LBAS183003) The panel decided to remove this scheme from the Potential Scheme List as ownership was unclear.</p> <p>Radwater Avenue, Wickford (LBAS182017) Cllr Ball acknowledged the speed survey results, but said that he was concerned specifically about inappropriate speeds for a junction. He requested a site visit with WP. WP to organise.</p> <p>London Road, Wickford, close to no. 63 (LBAS152026) Cllr Buckley commented that the lighting on the crossing at present was appalling and drivers could not see pedestrians waiting or using the crossing. SC said that the Panel could consider upgrading the crossing, or just upgrading lighting. WP to investigate both options and update the panel at the next meeting.</p> <p>Trafford House, Station Way, Basildon (LBAS172033) Cllr Smith said this could be removed from the Potential Scheme List as major works had been undertaken which negated the need for bollards.</p> <p>B148 Westmayne/ Ford Access/ Lower Dunton Rd, Langdon Hills (both number 4 & 5 on report) (LBAS 172035) Cllr Henry raised a selection of issues close to this location. WP asked that Cllr Henry send him a scheme request so that he can carry out a validation which he could cross reference with this existing Potential Scheme.</p> <p>Kathleen Farrier Crescent, Laindon (LBAS182022) WP gave a brief background on this scheme request which related to parking on verges. He reminded/advised Members that the Panel had previously made the decision not to take action on these type of scheme requests as they did not endorse the removal of grass verges and had felt that actioning one scheme of this type would open the floodgates to similar requests throughout the Borough. Cllr Buckley gave numerous examples of requests he had received, and reiterated his reluctance to set a precedent which the Panel did not have the resources to replicate throughout the Borough. Cllr Davies said that he understood this point of view, but felt that action needed</p>	<p>WP</p> <p>WP</p> <p>WP</p> <p>WP</p> <p>WP</p> <p>Cllr Henry</p>

	<p>to be taken and the problem should not be ignored. There was a lengthy discussion regarding the options available to the Panel. SC informed Members of the stance that other Panel's had adopted on this matter. Particularly Braintree who had spent a great deal of their budget grasscreeting over verges.</p> <p>The Panel asked WP to obtain examples of schemes undertaken within other Boroughs/Districts and provide details surrounding costs/scope of works etc. The Panel would then make an informed decision on the options available.</p> <p>Tyler Avenue Bus Stop, Laindon Link (LBAS185005) Cllr Henry queried the background of this request. WP to email details.</p> <p>WP presented pages 24 and 25, showing information regarding surveys and VAS maintenance. The following points were raised:</p> <p>Queens Park Avenue Junction with Rosebay Avenue Cllr Moore advised that this should be Lampen Crescent, not Rosebay Avenue.</p> <p>Hornbeam Way, Wickford Cllr Buckley suggested this should be listed as Steeple View, not Wickford.</p> <p>High Road, Laindon on bridge between junctions with Florence way and Little Oxcroft – Cllr Smith was unsure that the location was correct. WP to clarify.</p>	<p>WP</p> <p>WP</p> <p>WP</p> <p>WP</p> <p>WP</p>
<p>7.</p>	<p>Appendix</p> <p>❖ Highway Rangers</p> <p>WP provided the Highways Ranger report, detailing what had been requested and completed over the last quarter (Pages 27-30).</p> <p>❖ Section 106 Schemes</p> <p>SC gave an overview of the S106 contributions and schemes in the Borough. Members asked questions as follows:</p> <p>Cllr Buckley asked why the contribution relating to Willow Court had not yet been used when works were completed so long ago. SC advised that this may be with major schemes.</p> <p>Cllr Moore and other Members identified a number of sites where the deadline was approaching for funds to be used. SC advised that as long as works were started, those funds would be secure.</p>	

8.	<p>AOB</p> <p>Cllr Hillier asked why the footbridge at the Laindon Centre had just been refurbished when it was due for demolition in a year. SC suggested this may have been a safety concern. This view was supported by Cllr Henry.</p>	
9.	<p>Date of next meeting:</p> <p>Next meeting dates were confirmed as the last Monday in June, September and January (25th June, 24th Sep, 28th Jan) with times and rooms TBC.</p>	

BASILDON LOCAL HIGHWAY PANEL

Approved Works Programme – June 2018 Update

The following report provides an update on the current position of all of the schemes which the Basildon Local Highway Panel (LHP) had recommended for inclusion in the 2018/19 Works Programme.

The Approved Works Programme is shown in two parts, firstly those schemes for delivery within the 2018/19 financial year and secondly those schemes which are within the rolling programme for future delivery.

The scheme finish dates have been allocated year quarters until such a time that we have an accurate month for delivery and the road space has been booked, whereupon the month can be shown.

For the information of the Panel our Safer Roads team have identified 5 Safer Roads schemes within Basildon which need to be delivered in 2018/19, which are now included within the Approved Works Programme.

Members are also reminded that the costs supplied are estimates only and there is the possibility that a final scheme cost could change significantly dependant on issues which may arise especially during detailed design and construction. The estimated scheme costs on the Rolling Programme/Potential Scheme List have been reviewed and adjusted as necessary to reflect this.

2018/19 Capital budget summary:

2018/19 Capital Budget Summary		
Ref.	Item	Amount
1	Capital Budget 2018/19	£500,000
2	Safer Roads Schemes for 2018/19	£124,500
3	Schemes commissioned for 2018/19	£370,500
4	Schemes re-profiled from 2017/18 to 2018/19	£119,500
5	Schemes in Rolling Programme	£33,000
6	2018/19 Capital Budget still to allocate	£0

Schemes Key

Completed

Cancelled

Update

Ref	Cost Code	Scheme	Finish	Scheme Category	Scheme Stage	Works Description	Allocated Budget	Comments
Approved Schemes - Prioritised for Delivery in 2017/18								
1	LBAS172008	Cranfield Park Road, Wickford	Completed	Traffic Management	Total Scheme	Installation of bollards to prevent driving over grass verge.	£8,000	
2	LBAS 175003	Laindon Link, just east of the Laindon Link/Stane way roundabout	Completed	Passenger Transport	Total Scheme	Replacement of bus shelter.	£7,000	
3	LBAS 175004	Laindon Link, west of the Laindon Link/Stane way roundabout	Completed	Passenger Transport	Total Scheme	Replacement of bus shelter.	£7,000	
4	LBAS002011	Clay Hill Road , Basildon	Jun-18	Traffic Management	Implementation	Traffic calming scheme outside Kingswood School (Stage 3 Safety Audit Reccomendations Only)	£5,000	Scheme previously completed - only £5,000 required for stage 3 safety audit remedial works (extension of keep clear markings).
5	LBAS172015	Janet Duke School, Basildon	Completed	Traffic Management	Implementation	Installation of 20mph when lights flash.	£15,000	

Basildon Local Highway Panel - Approved Works Programme 2018/19

Approved Schemes - 2018/19 Programme - Safer Road Schemes

6	LBAS181001	A127 EB offslip, Dunton	2018/19	Safer Roads	Feasibility	Video Survey.	£6,500	
7	LBAS181002	Noak Hill Rd junction Wash Rd, Noak Bridge	2018/19	Safer Roads	Total Scheme	Ban of right turn manoeuvre with associated signing and central bollards.	£65,500	
8	LBAS181003	A176 Nethermayne BP Station, Basildon	2018/19	Safer Roads	Feasibility	Feasibility of central island. Discussions with BP service garage in relation to reversing acces.	£8,000	
9	LBAS181004	A176 Uppermayne jw A1321 Broadmayne, Basildon	2018/19	Safer Roads	Total Scheme	Measures including roundabout chevron, new map type ADS and vegetation removal.	£31,500	
10	LBAS181006	B1464 London Rd jw Pound Lane, Bowers Gifford	2018/19	Safer Roads	Total Scheme	Separate right turn facility at traffic signals.	£13,000	

Approved Schemes - 2018/19 Programme								
11	LBAS165002	Greenway, Bilericay	Quarter 3	Passenger Transport	Total Scheme	Raised kerbing and re-profiling of footway.	£30,000	
12	LBAS172013	Outside St Peters Primary School, Bilericay	Quarter 4	Traffic Management	Implementation	Installation of 20mph when lights flash.	£14,000	
13	LBAS165001	Steeple View, Dunton Road	Quarter 3	Passenger Transport	Design	Bus stop kerbing and hard stand design.	£5,500	
14	LBAS172017	Outside Wickford Infant and Junior School	Quarter 4	Traffic Management	Total Scheme	Installation of 20's Plenty (previously 20mph limit).	£8,500	Scheme approved for direct delivery. Safer Roads officers in contact with school surrounding competition and sign designs.
15	LBAS172018	Outside North Crescent School, Wickford	Quarter 4	Traffic Management	Implementation	Installation of 20's Plenty (previously 20mph limit).	£8,500	Scheme approved for direct delivery. Safer Roads officers in contact with school surrounding competition and sign designs.
16	LBAS172020	Outside Greenstead Nursery, Infant and Junior Schools, Basildon	Quarter 4	Traffic Management	Implementation	Installation of 20's Plenty (previously 20mph limit).	£8,500	Scheme approved for direct delivery. Safer Roads officers in contact with school surrounding competition and sign designs.
17	LBAS172022	Miles Gray Road, Basildon	Quarter 4	Traffic Management	Total Scheme	Installation of concrete filled bollards to prevent traveller camps.	£10,500	Scheme approved for direct delivery.
18	LBAS162042	Moss Drive junction with Moss Close, Vange	Quarter 3	Traffic Management	Design	Review of all signing and lining on Moss Drive/Moss Close/ Goldings Crescent (Design with accompanying Technical Note).	£5,000	
19	LBAS142056	Church Rd, Ramsden Bellhouse	Quarter 3	Traffic Management	Design	Detailed design of amended pedestrian refuge layout to include all trial holes, consultation with residents, consultation with utility companies, target costing etc.	£5,500	
20	LBAS152003	Brightside, Bilericay, 20's plenty (formerly 20mph limit)	Quarter 3	Traffic Management	Implementation	Installation of 20's Plenty (previously 20mph limit).	£8,500	Scheme approved for direct delivery. Safer Roads officers in contact with schools surrounding competition and sign designs.
21	LBAS152017	Gardiners Lane North, Ramsden Crays	Quarter 4	Traffic Management	Total Scheme	Weight limit signage and TRO with advanced signage on A127.	£40,000	The scheme cannot be reduced in scope as per email correspondence. Panel decision required to proceed or remove from the programme.
22	LBAS152024	Old Church Road, Bowers Gifford	Quarter 3	Traffic Management	Total Scheme	Installation of lockable bollards at junction with London Road and to the north of the underpass.	£6,500	Scheme approved for direct delivery.
23	LBAS172021	Outside Northlands School, Pitsea	Quarter 4	Traffic Management	Implementation	Patch over generic 20's plenty with school design.	£2,000	Scheme approved for direct delivery. Safer Roads officers in contact with school surrounding competition and sign designs.
24	LBAS172014	Outside Merrylands Primary School, Laindon	Quarter 4	Traffic Management	Implementation	Patch over generic 20's plenty with school design.	£2,000	Scheme approved for direct delivery. Safer Roads officers in contact with school surrounding competition and sign designs.
25	LBAS175013	Near 213 Clay Hill Road, Basildon	Quarter 4	Passenger Transport	Design	Design of bus shelter installation, looking at hardstanding extension and installation of dropped kerbs as necessary.	£6,500	
26	LBAS185001	Laindon Link junction with Albert Drive	Quarter 4	Passenger Transport	Total scheme	New bus shelter.	£9,500	
27	LBAS172024	New Avenue, Basildon	Quarter 4	Traffic Management	Total scheme	Playground warning signs.	£4,500	Scheme approved for direct delivery.
28	LBAS172030	Gobions, Basildon	Quarter 4	Traffic Management	Total scheme	Change existing steps to a more user friendly ramp.	£14,000	
29	LBAS172032	Tye Common Road, Bilericay	Quarter 3	Traffic Management	Total scheme	Installation of slow markings, reflective bollards and road studs to highlight the slight bend outside "The Croft".	£13,000	
30	LBAS172034	Radford Way, Bilericay	Quarter 3	Traffic Management	Design	Design of Zebra crossing outside new Sainsburys supermarket.	£8,500	

31	LBAS172037	Coppice Lane, Wickford	Quarter 4	Traffic Management	Design	Creation of a one way system around central island.	£5,500	
32	LBAS182006	Rectory Road, Basildon	Quarter 4	Traffic Management	Total scheme	Installation of pedestrian crossing warning sign to warn northbound traffic of pedestrian crossing in advance of mini roundabout.	£4,500	
33	LBAS182011	Coopersales, Laindon	Quarter 4	Traffic Management	Total scheme	Request for installation of bollards to prevent parking on footway and obstruction of disabled bay.	£7,000	Scheme approved for direct delivery.
34	LBAS182013	Prower Close, Billericay	Quarter 4	Traffic Management	Total scheme	"No Through Road" sign at the junction of Prower Close and Langemore Way.	£4,500	
35	LBAS152033	Adjacent to Wickford Cof E Infant School	Quarter 3	Walking	Design	Finishing design of crossing upgrade.	£10,500	
36	LBAS173004	Between 23 and 25 The Firle, Langdon Hills	Quarter 2	Walking	Total scheme	Installation of handrails either side of path.	£4,000	Scheme approved for direct delivery.
37	LBAS172026	Hill Avenue Wickford, close to Beauchamps School	Quarter 3	Walking	Implementation	Moving of zebra crossing.	£57,000	
38	LBAS183004	Stock Road junction with Orchard Ave, Billericay - Zebra Upgrade	Quarter 4	Walking		Feasibility Study and (if feasible) design of crossing upgrade.	£39,000	
39	LBAS172019	Outside Great Berry School, Langdon Hills	Quarter 3	Traffic Management	Total scheme	Installation of 20's Plenty (previously 20mph limit).	£8,500	
40	LBAS183005	Malyons Place Dropped Kerbs	Quarter 3	Traffic Management	Total scheme	Installation of dropped kerbs on either side of carriageway and installation of footpath on verge on northern side of carriageway as per option B within validation.	£14,000	

Approved Schemes - Rolling Programme

41	LBAS 175011	Southend Rd junct with Highcliffe Rd, Wickford	Rolling Programme	Passenger Transport	Total Scheme	Installation of yellow bus markings.	£4,000	Scheme attributed with a medium priority at previous meeting and therefore placed within the rolling programme awaiting funding.
42	LBAS152056	A130 path leading to Rushbottom Lane, Bowers Gifford	Rolling Programme	Traffic Management	Total Scheme	Installation of bollard to prevent ASB under A130.	£4,000	Scheme attributed with a medium priority at previous meeting and therefore placed within the rolling programme.
43	LBAS172027	Mountnessing Road railway bridge, Billericay	Rolling Programme	Traffic Management	Total scheme	Slow markings and carriageway edge markings on bridge.	£5,000	Scheme attributed with a medium priority at previous meeting and therefore placed within the rolling programme awaiting funding.
44	LBAS182021	Witmore Way, Basildon - VAS Sign	Rolling Programme	Traffic Management	Total scheme	New SID sign.	£4,500	Scheme attributed with a medium priority at previous meeting and therefore placed within the rolling programme awaiting funding.
45	LBAS162049	Footpath from Lingcroft to Sparrows Herne, Basildon	Rolling Programme	Traffic Management	Total Scheme	Installation of guard rails or bollard to prevent vehicular use.	£6,500	Scheme attributed with a low priority at previous meeting and therefore placed within the rolling programme awaiting funding.
46	LBAS182012	Hornbeam Way, Noak Bridge	Rolling Programme	Traffic Management	Total scheme	Conversion of VAS sign and post from solar to mains power or moving solar powered sign and post to the opposite side of the carriageway.	£9,000	Scheme attributed with a low priority at previous meeting and therefore placed within the rolling programme awaiting funding.

BASILDON LOCAL HIGHWAY PANEL – 25th JUNE 2018 REPORT 2 – POTENTIAL CAPITAL SCHEMES

The following Potential Scheme List identifies all of the scheme requests which have been received for the consideration of the Basildon Local Highways Panel. Members are asked to review these schemes, finalise their scheme funding recommendations for the schemes they wish to see delivered in 2019/20 and remove any schemes the Panel would not wish to consider for future funding.

The breakdown of scheme types available for consideration in 2018/19 is as below:

Scheme Type	Total Estimated Costs
Traffic Management	£90,000
Walking	£3,500
Passenger Transport	£11,000
Cycling	N/A
Public Rights of Way	£0
Total	£104,500

The RAG column acknowledges the status of the request as follows:

G	The scheme has been validated as being feasible and is available for consideration
A	The scheme has previously been approved for a feasibility study and the results are awaited before the scheme can be fully considered
R	A scheme request has been received but is against ECC policy or there is no appropriate engineering solution
V	A scheme request has been received and is in the initial validation process

Traffic Management

Total Value of schemes	£90,000
-------------------------------	----------------

Ref	Location	Description	Requested by	Scheme Category	Scheme stage	Cost Code	Estimated cost	Comments	RAG
1	London Road, Wickford close to no 63	Upgrading of zebra to signalised crossing (design, surveys and consultation only).	Cllr Buckley	Traffic Management	Design	LBAS152026	£25,000	As requested at previous meeting, further investigations to be undertaken to assess whether there is still sufficient level of footfall to justify this upgrade.	G
2	Twinstead, Wickford	Replacement of brick top speed humps with asphalt speed humps.	Cllr Le Gresley	Traffic Management	Implementation	LBAS152014	£65,000	As requested at previous meeting, further investigation to be undertaken to find out whether speed humps can be removed, followed by subsequent consultation with residents to ascertain their preference on speed hump removal/adaptation.	G
3	B148 Westmayne / Ford Access / Lower Dunton Rd, Langdon Hills	Installation of tactile paving, dropped kerbs and cyclist give way markings.	Road Safety	Traffic Management	TBC	LBAS172035	TBC	In discussion with Kris Radley (Essex Cycling Strategy Leader) to find suitable recommendations.	V
4	B148 Westmayne / Ford Access / Lower Dunton Rd, Langdon Hills	Upgrade of the uncontrolled crossing points with cyclists in mind.	Road Safety	Traffic Management	TBC	LBAS172036	TBC	In discussion with Kris Radley (Essex Cycling Strategy Leader) to find suitable recommendations.	V
5	Radwinter Avenue, Wickford - Speeding	Request to investigate excessive speeds on bend along Radwinter Avenue, Wickford	Cllr Ball	Traffic Management	TBC	LBAS182017	TBC	Site visited with Cllr Ball and subsequently with the validating engineer. Scheme still in validation, but measures discussed on site include highlighting the junction on the bend (with warning signs) and the installation of SLOW markings.	V
6	Kathleen Ferrier Crescent, Laindon	Request for bollards on grass verge	Cllr Davies	Traffic Management	TBC	LBAS182022	TBC	Information obtained on verge schemes undertaken in other District/Boroughs as requested. To be discussed at meeting.	V
7	Queens Park Avenue, Billericay	Request for measures to reduce speeds	Cllr Moore	Traffic Management	TBC	LBAS182023	TBC	Mean speeds previously obtained show good compliance with the speed limit, and therefore no formal traffic calming would be viable. Site visited with validating engineer who will be looking at the possibility of junction on bend warning signs along with SLOW markings.	V
8	Junction of Bessemer Close and Fauners, Basildon	Request for give way markings	Cllr Smith	Traffic Management	TBC	LBAS182024	TBC	Bessemer Close is a private road. Scheme therefore not viable.	R

Ref	Location	Description	Requested by	Scheme Category	Scheme stage	Cost Code	Estimated cost	Comments	RAG
9	Lee Chapel Primary School, Basildon	Request for 20's Plenty	Cllr Smith	Traffic Management	TBC	LBAS182025	TBC	It is recommended that the Panel first assess the benefits of the 20's Plenty sites being installed this year before seeking to install elsewhere.	V
10	5 Bells slip road to Southend Road southbound	Request for reduction in lanes on roundabout approach	Cllr Smith	Traffic Management	TBC	LBAS182026	TBC	No history of accidents in this location, and no obvious reason to reduce the number of lanes from 3 to 2. Further info as to the rationale behind this request would be required to proceed any further.	R
11	Dry Street, Basildon	Request to move the existing speed cushions	Cllr Smith	Traffic Management	TBC	LBAS182027	TBC	Site visited with validating engineer. There is nowhere that the cushions could be moved without being outside a property. If Members would like the cushions removed then consultation would need to be undertaken first with evidence of support from the majority of residents.	R
12	Wickford Junior School, Wickford	Request for Keep Clear Markings	Cllr Buckley	Traffic Management	TBC	LBAS182028	TBC	Scheme request form required.	V
13	Bretons, Basildon	Request for measures to prevent driving on footway	Cllr Smith	Traffic Management	TBC	LBAS182029	TBC	Scheme awaiting validation.	V

Walking

Total Value of schemes	£3,500
------------------------	--------

Ref	Location	Description	Requested by	Scheme Category	Scheme stage	Cost Code	Estimated cost	Comments	RAG
1	Sporhams, Basildon – Guard Railing	Request for the installation of pedestrian guard railing along Sporhams at the end of an alleyway opposite no.2 to stop pedestrians walking out directly into the	Cllr Smith	Walking	Total scheme	LBAS183002	£3,500	2 pedestrian guard rail panels recommended.	G
2	Nethermayne, Basildon - Footbridge Step Markings	Request for the addition of white lining to be applied to the steps on the pedestrian footbridge over Nethermayne	Cllr Smith	Walking	TBC	LBAS183003	TBC	A lighting assessment has now been undertaken and passed back to the validating engineer. Any recommendations to be brought back to the next meeting.	V
3	Elizabeth Way, Basildon	Request for pathways in green area	Cllr Davies	Walking	TBC	LBAS183006	TBC	A highway boundary check has shown that the green area is not adopted highway. This scheme is therefore not viable.	V
4	High Road, Laindon (bridge section above Mandeville Way and Laindon train	Request for crossing upgrade to signalised crossing	Cllr Smith	Walking	TBC	LBAS183007	TBC	Site visited with validating engineer. Initial signs indicate that this could be a worthwhile location for a crossing upgrade. Awaiting full	V
5	Station Road, Wickford	Request for zebra crossing close to Aldi supermarket	Cllr Buckley	Walking	TBC	LBAS183008	TBC	It would not be possible to install a zebra crossing at the existing crossing point due to the proximity to the busy junction and the lack of visibility. Any further away from the junction though and the crossing is unlikely to be on the desire line for pedestrians and therefore highly unlikely to meet the PV ² criteria.	V
6	Near 83 Northampton Grove, Basildon	Request for dropped crossing and tactile paving	Cllr Smith	Walking	TBC	LBAS183009	TBC	Scheme in validation.	V

Ref	Location	Description	Requested by	Scheme Category	Scheme stage	Cost Code	Estimated cost	Comments	RAG
7	66-80 Gernons, Basildon	Request for the installation of a ramp	Cllr Smith	Walking	TBC	LBAS183010	TBC	Site visited with the validating engineer. The verge (if adopted highway - as yet unconfirmed) is too steep to install a simple ramp. The ramp would need to be long and gradual and would cover a long distance. Would be disproportionately costly considering the number of residents benefiting.	V
8	Close to 69 Codenham Green, Basildon	Request for the installation of measures to prevent driving/parking on the footway	Cllr Smith	Walking	TBC	LBAS183011	TBC	Scheme awaiting validation.	V
9	Norsey Road, Billericay	Request for a zebra crossing	Cllr Moore	Walking	TBC	LBAS183012	TBC	Site visited with the validating engineer. Site extremely unlikely to meet the required PV ² criteria. We would therefore recommend to not proceed with this request.	V

Passenger Transport

Total Value of schemes	£11,000
------------------------	----------------

Ref	Scheme Name	Description	Requested by	Scheme Category	Scheme stage	Cost Code	Estimated cost	Comments	RAG
1	Nightingales junction with Aylesbury Drive, Basildon	Request for bus shelter	Cllr Smith	Passenger Transport	TBC	LBAS185002	TBC	Awaiting feedback from Passenger Transport Officer.	V
2	Highview Avenue junction with Amersham Avenue, Langdon Hills	Request for bus shelter	Cllr Smith	Passenger Transport	TBC	LBAS185003	TBC	Awaiting feedback from Passenger Transport Officer.	V
3	Highview Avenue junction with Derby Close	Request for bus shelter	Cllr Smith	Passenger Transport	TBC	LBAS185004	TBC	Awaiting feedback from Passenger Transport Officer.	V
4	Outside Basildon hospital, Nethermayne	Request for new bus shelter	Passenger Transport	Passenger Transport	TBC	LBAS185006	£11,000	Old shelter currently in situ is smaller and badly damaged.	G
5	Pitsea Broadway East bus stop	Request to extend bus stop markings	Passenger Transport	Passenger Transport	TBC	LBAS185007	TBC	There is a section of white lining in advance of the bus stop in which people are parking, thereby obstructing buses. Extending the bus markings would prevent this from happening.	V
6	Guernsey Gardens, Wickford	Adjustment of central island on southbound side so that it matches the northbound side	Passenger Transport	Passenger Transport	TBC	LBAS185008	TBC	Adjusting the island in this way would make it appear smarter and would prevent overrun from buses and HGV's. Site visited with validating engineer, and residents met on site seemed supportive of the proposal. Speed survey data has shown speeds of 27mph and 27.9mph in either direction.	V
7	Salcott Cresc and Cranfield Park Rd Bus Shelters	Request to install 7 new stops including 2 shelters, in a westbound direction to allow full provision of the 94 bus service	Passenger Transport	Passenger Transport	TBC	LBAS185009	TBC	This may be covered by S106 - TBC.	V

Public Rights of Way

Total Value of schemes	£0
