## **BASILDON LOCAL HIGHWAY PANEL Approved Works Programme – October 2018 Update**

The following report provides an update on the current position of all of the schemes which the Basildon Local Highway Panel (LHP) had recommended for inclusion in the 2018/19 Works Programme.

The Approved Works Programme shows the schemes for delivery within the 2018/19 financial year.

The scheme finish dates have been allocated year quarters until such a time that we have an accurate month for delivery and the road space has been booked, whereupon the month can be shown.

For the information of the Panel our Safer Roads team have identified 5 Safer Roads schemes within Basildon which need to be delivered in 2018/19, which are now included within the Approved Works Programme.

Members are also reminded that the costs supplied are estimates only and there is the possibility that a final scheme cost could change significantly dependant on issues which may arise especially during detailed design and construction. The estimated scheme costs on the Rolling Programme/Potential Scheme List have been reviewed and adjusted as necessary to reflect this.

1	B148 Westmayne / Ford Access / Lower Dunton Rd, Langdon Hills	Installation of tactile paving, dropped kerbs and cyclist give way markings and possible upgrade of the uncontrolled crossing points with cyclists in mind. Ref	Location	Description	Requested by	Scheme stage	Cost Code	Estimated cost	Comments	RAG
5	Station Road, Wickford	Request for zebra crossing close to Aldi supermarket	Cllr Buckley	TBC	LBAS183008	-	It would not be possible to install a zebra crossing at the existing crossing point due to the proximity to the busy junction and the lack of visibility. Any further away from the junction though and the crossing is unlikely to be on the desire line for pedestrians and therefore highly unlikely to meet the PV <sup>2</sup> criteria.	<b>R</b>
6	Near 83 Northampton Grove, Basildon	Request for dropped crossing and tactile paving	Cllr Smith	TBC	LBAS183009	TBC		<b>V</b>
7	66-80 Gernons, Basildon	Request for the installation of a ramp	Cllr Smith	TBC	LBAS183010	TBC	Site visited with the validating engineer. The verge (if adopted highway - as yet unconfirmed) is too steep to install a simple ramp. The ramp would need to be long and gradual and would cover a long distance. Would be disproportionately costly considering the number of residents benefiting.	<b>V</b>
8	Close to 69 Codenham Green, Basildon	Request for the installation of measures to prevent driving/parking on the footway	Cllr Smith	TBC	LBAS183011	TBC		<b>V</b>
9	Norsey Road, Billericay	Request for a zebra crossing	Cllr Moore	TBC	LBAS183012	TBC	Site visited with the validating engineer. Site extremely unlikely to meet the required PV <sup>2</sup> criteria. We would therefore recommend to not proceed with this request.	<b>V</b>

2	Highview Avenue junction with Amersham Avenue, Langdon Hills	Request for bus shelter	Cllr Smith	LBAS185003	£11,000	A shelter would be viable here, but would heavily obstruct a residents window. We would therefore not recommend installation. Consultation with resident would be required to proceed with this request.	<b>G</b>
3	Highview Avenue junction with Derby Close	Request for bus shelter	Cllr Smith	LBAS185004	£11,000		<b>G</b>

6	Guernsey Gardens, Wickford	Adjustment of central island on southbound side so that it matches the northbound side	Passenger Transport	LBAS185008	£28,000	Adjusting the island in this way would make it appear smarter and would prevent overrun from buses and HGV's. Site visited with validating engineer, and residents met on site seemed supportive of the proposal. Speed survey data has shown speeds of 27mph and 27.9mph in either direction.	<b>G</b>
