

BRENTWOOD LOCAL HIGHWAYS PANEL MEETING AGENDA

Date:	12 December 2018
Time:	18:00
Venue:	Meeting Room 3, 1 – 7 Seven Arches Road, Brentwood
Chairman:	Cllr Lesley Wagland (ECC)
Vice Chairman:	Cllr Jon Cloke (BBC)
Panel Members:	Cllr Barry Aspinell (ECC), Cllr David Kendall (ECC), Cllr Louise McKinlay (ECC), Cllr Alison Fulcher (BBC) Cllr Roger Hirst (BBC), Cllr Louise Rowlands (BBC)
Officers:	Sonia Church – Highways Liaison Manager, Daniel Maclean – Highways Liaison Officer Ian Henderson – Senior Road Safety Officer
Secretariat:	Jean Sharp, Governance and Member Support Officer

Page	Ref.	Item	Owner
	1	Welcome and Introductions	Chairman
	2	Apologies for absence	All
	3	Declarations of interest	All
2 - 8	4	Minutes of meeting held on 26 September 2018 to be agreed as correct record	Chairman
	5	Matters Arising from Minutes of the previous meeting	All
	6	Casualty Reduction Sites identified for 2019/20	Ian Henderson
9 - 11	7	Approved Works Programme Update 2018/19	Dan Maclean
12 - 17	8	Potential Schemes List for consideration	Dan Maclean
18 - 19	9	Revenue Spend	Dan Maclean
20 - 23	10	Highway Rangers Update	Dan Maclean
	11	Any other business	All

Date of next meeting – 13 March 2019

**BRENTWOOD LOCAL HIGHWAYS PANEL MINUTES –
26 SEPTEMBER 2018, MEETING ROOM 3,
1-2 SEVEN ARCHES ROAD, BRENTWOOD, ESSEX**

Chairman:	Cllr Lesley Wagland (ECC)
Panel Members:	Cllr Jon Cloke (BBC – Vice Chairman), Cllr Barry Aspinell (ECC), Cllr David Kendall (ECC), Cllr Louise McKinlay (ECC), Cllr Alison Fulcher (BBC), Cllr Roger Hirst (BBC) and Cllr Louise Rowlands (BBC)
Officers:	Dan MacLean – Highway Liaison Officer, Sonia Church – Highways Liaison Manager
Secretariat:	Jean Sharp –Governance and Member Support Officer (BBC)

Item		Owner
1.	Welcome and Introductions: Cllr Wagland welcomed all present.	
2.	Apologies for absence and Declarations of interest: Apologies had been received from Cllrs Alison Fulcher, David Kendall and Louise Rowlands. There were no declarations of interest.	
3.	Minutes of previous meeting: The minutes of the meeting held on 5 July 2018 were agreed to be a correct record with a clarification under Item 7 that Cllr Wagland had expressed her concern regarding speeding around and about the telephone box in Wyatts Green and requested a speed survey.	DM
4.	Matter arising from the minutes of the previous meeting: Item 5 Indicative Programme List for Schemes Approved: Item 7 - Three Arches and Eastham Estate 20mph limit: Cllr Mrs McKinlay requested clarification regarding 20mph zones and 20 mph limits. SC advised that in a 20mph zone, there had to be a traffic calming measure within 50 metres of any given point of the zone but repeater signs could be installed if required. Where there was a 20mph limit there must be repeater signs. Cllr Mrs McKinlay had requested that repeater signs be installed in Woodland Avenue - a 20mph zone - but had been advised these would not be allowed as there were already signs on the roadway. Action: SC and DM to address this matter.	SC/DM

	<p>Item 7 – Parking outside Oliver’s Butchers on Rayleigh Road, Hutton. Cllr Mrs McKinlay requested the feasibility of moving the posts back from the road be investigated as currently the view of drivers exiting Mount Pleasant Avenue was blocked. A scheme request form needed to be completed and Cllr Cloke volunteered to photograph the location to assist.</p>	<p>SC/DM</p>
<p>5.</p>	<p>Approved Works programme update:</p> <p>An update was provided on the current position of all the schemes recommended for inclusion in the 2018/19 Approved Works Programme.</p> <p>The Programme was shown in two parts – the schemes for delivery within the 2018/19 financial year and those schemes which were within the rolling programme for future delivery</p> <p>A summary was provided of the 2018/19 Capital Budget which included the additional £200k match funding (£100k from ECC and £100k from BBC).</p> <p>No’s 1-7 on the Approved Works Programme had been completed therefore Members considered schemes beginning with No 9 - implementing signing and screening improvements on the A127/A128 junction at West Horndon. An additional £8k was needed to proceed with the scheme due to the original contractor withdrawing as the scheme had been delayed. This was a Casualty Reduction Scheme and if the Panel decided to not wish to proceed, the matter would be considered by the Cabinet member.</p> <p>LW proposed that if the scheme was to proceed the additional £8k should be paid by those who caused the delay.</p> <p>10. Kelvedon Hatch, Stondon Massey & Nine Ashes – Weight limit signage: LW advised that some of the current signs were not lawful and to address this and other concerns raised by residents LW proposed that the design team be recommissioned to arrange for the legal orders and signage to be corrected so that the signage was effective. If necessary an HGV survey would be carried out with ANPR so that company vehicles could be identified and if necessary additional signage installed to ensure HGV drivers followed the correct route.</p> <p>11. Plovers Barron, Wyatts Green – Bus Shelter: DM was unable to advise when this would be installed but would inform Members when he had a confirmed date.</p>	<p>DM/SC</p> <p>DM</p>

<p>12. Thorndon Avenue, West Horndon – 30 mph signage: Works were complete.</p> <p>13. Hutton Village (Road) footway – estimated completion date 26 October 2018.</p> <p>14. Brentwood Borough wide cycle parking – estimated completion 21 December 2018.</p> <p>No update was provided for 15. Bridleway 10 through Bentley Golf Course – PROW and 16. Shenfield Road to Brentwood High Street cycle route.</p> <p>17. Tabors Corner, Chelmsford Road – Lane Shortening. This scheme was shown as completed but Cllrs Aspinell and Cloke advised that the requested work had not been done. Action: DM would query with the design team and report back to the next LHP meeting.</p> <p>18. Chafford Gardens, West Horndon. A design for an improved parking scheme had been approved by all parties but an additional £12k was needed to implement it. DM explained that the contractor left out the direct fee in their quote, also an incorrect figure was input initially. Cllr Wagland requested that, in the circumstances, the possibility of the additional £12k not having to be funded through the LHP budget be pursued but in any event the Panel agreed that implementation of the scheme should go ahead.</p> <p>SC advised that charges being increased by contractors before a scheme was implemented was a regular problem. LW proposed that when scheme costs were increased by a large amount, the person responsible should come to the LHP meeting to explain how the unsatisfactory situation had come about.</p> <p>DM confirmed that the relevant legal agreement for this scheme had been completed.</p> <p>19. Coptfold Road Brentwood, Multi-storey signage – programme date awaited.</p> <p>20. Ongar road, Bentley – Crematorium signage relocation – safety assessment awaited.</p> <p>21. Kings Road, Brentwood – Zebra tactile paving – programme date awaited. Members were pleased to be advised that the cost of this scheme had been reduced.</p>	<p>DM</p>
--	------------------

	<p>22. Shenfield Station bus shelter – replacement had now been installed but letter received from resident asking if the shelter was the wrong way round also complaining that the seat was too high. Action: DM/SC to follow up and Cllr Wagland would report back to Cllr Rowlands.</p> <p>23. Mill Lane, Blackmore – bus stop relocation. Blackmore Parish Council Clerk had requested information – expected delivery was in Quarter 4 2019/20. Action: DM would advise a date when known.</p> <p>24. Wilson’s Corner, Brentwood – lane designation markings had been reconfigured. Cllr Aspinell advised that a Warley resident had advised that he had studied the traffic flow at Wilson’s Corner and estimated that only 10% of the traffic – which now had a dedicated lane – turned right therefore the 90% of traffic going straight ahead or turning left was queuing back past Doddinghurst Road. Action: SC advised that she would take this up with the engineers as right hand only lanes had been phased out.</p> <p>25. Coxtie Green Road, Brentwood – Safety Assessment. Action: DM would forward details of who requested the safety improvements.</p> <p>Cllr Wagland requested that information on who requested all schemes be included in spreadsheets going forward.</p> <p>Items 26 and 27 related to cycle routes from Pilgrims Hatch to Brentwood Town Centre and in Shenfield and had been included in the rolling programme as back up schemes.</p>	<p>DM/SC</p> <p>DM/SC</p> <p>DM</p>
<p>6.</p>	<p>Budget Update:</p> <p>The Panel had now received an additional £200k match funding and prior to that had been over commissioned by £13k. There were not enough schemes in the potential schemes list to use all the money therefore the balance needed to be allocated to new schemes plus the two cycle route schemes in the rolling programme if the Panel wished to do this plus the £8k and £12k</p>	

	<p>top ups already discussed for items 9 and 18 in the Approved Works Programme. DM advised that the current potential schemes list totalled £57,200 and this plus the sums listed above would give a balance of £96,800 left to allocate.</p> <p>Cllr Wagland advised of difficulties with the Parish Councils given that there was no unallocated money in the LHP and now that there was a financial resource she had canvassed the Parish Councils and put forward some schemes to DM which were currently being validated.</p> <p>Cllr Aspinell advised that he would like to propose 20mph schemes outside the school in Larchwood Gardens, also signage for cycle routes from Pilgrims Hatch and Shenfield to the town centre through quieter areas. Other schemes proposed were pavement railings to prevent parking on double yellow lines outside Tesco in Hanging Hill Lane and a scheme to prevent taxis queueing at Shenfield Station past Mount Avenue. <i>(Cllr Hirst declared an interest as he lives in Mount Avenue)</i></p> <p>SC requested that Panel members meet with DM and/or SC at County Hall to put forward their suggestions and complete the necessary forms. Engineers would then be requested to consider potential schemes and the LHP would decide which of them would be progressed. Urgent action was needed as there were only a couple of months left of the financial year. The money could be reallocated by the Cabinet Member if insufficient schemes were proposed.</p> <p>Cllr Wagland asked if the additional funding would be awarded annually but SC was unable to advise.</p>	
<p>7.</p>	<p>Potential Schemes List for consideration:</p> <p>SC proposed that all schemes highlighted in Green (validated and were feasible) be progressed as funding was now available. This related to items in Traffic Management: 2 - Bird Lane, Warley Kerbing; 6 – Kings Road junction with High Street – Signal phasing; 10 – Warley Mount/Headley Chase/ The Avenue – Give Way signs; Western Avenue 7 Western Road – HGV’s and speeding assessment. Under Passenger Transport, 1 – Crossways Bus stop outside 45/47 Chelmsford Road, Shenfield and 2 – Clarence Road junction with Harewood Road – replacement bus shelter. Under Walking – 1 – High Street, Brentwood – Footway improvements, 2 – Outside 140-142 Hanging Hill Lane – installation of footway and 3 – Sawyers Hall Lane – footway improvements.</p> <p>Eliminated from the list were: Traffic Management – item 1 – Bird Lane/Warley Gap junction improvements, item 8 –</p>	<p>DM</p>

	<p>Shenfield Crescent/Hogarth Avenue, additional signage, item 9 – The Drive, Warley – speeding and zebra visibility, item 11 – Weald Road, Brentwood – speeding concerns not proven; item 12 – West Horndon Village – 20 mph zone request – speeding not proven.</p> <p>All other items on the list were in validation.</p> <p>Speed Surveys and Revenue</p> <p>The survey for Oliver Road, Shenfield had been completed and the result would be sent to Cllr Aspinell. Results for Roman Road, Mountnessing; Roman Road, Ingatestone; Hutton Road; Shenfield and Chelmsford Road, Shenfield were awaited.</p> <p>The surveys were funded from the revenue budget.</p> <p>Cllr McKinlay requested two speed surveys in Rayleigh Road, Hutton because of residents’ concerns about speeding – between Wash Road and Hanging Hill Lane and near Hutton Manor School.</p> <p>Cllr Aspinell requested speed surveys in Priests Lane between Bishops Walk and St Andrews Place, also from Glanthams Road down the large dip toward Shenfield.</p> <p>Other requests for speed surveys would be submitted direct to DM.</p> <p>SC asked that very specific details of location be provided for all requested speed surveys.</p>	<p>DM</p> <p>DM</p>
<p>8.</p>	<p>Highway Rangers work summary:</p> <p>A summary of works carried out by the Highways Rangers was included in the agenda pack.</p> <p>Cllr Aspinell advised that vegetation needed to be cut back in Ongar Road opposite Bentley Crematorium. SC advised that additional traffic management would be needed as the speed limit was over 30mph and this would fall within the remit of Maintenance.</p> <p>Works requested for Rangers to do should be submitted via the form which would be provided by DM so that all tasks undertaken were logged.</p>	

<p>9.</p>	<p>Any other business</p> <p>Cllr Aspinell reported that disabled bays in Crossways needed to be remarked and was advised that this would fall within the remit of SEPP.</p> <p>Also, residents in Brentwood North ward had complained about Sainsbury's delivery vans parking up with engines running at 3 to 4am. Cllr Wagland requested that officers draft a suitable letter for her – as Chair of LHP - to send to Sainsbury's advising them of the problems being experienced by residents.</p>	<p>DM</p>
<p>10.</p>	<p>Date of next meeting: 12 December 2018. Meeting Room 3, Seven Arches Road, Brentwood, Essex.</p>	

BRENTWOOD BOROUGH LOCAL HIGHWAY PANEL

Approved Works Programme - 2018/19

At the September 2018 meeting, the Brentwood Borough Local Highway made funding recommendations for schemes that the Panel wished to see delivered via the agreed 2018/19 Match Funding. These Match Funded schemes now feature on the Approved Works Programme as a separate section. Our Design Team are working to deliver them as soon as possible, though some match funded schemes may be required to roll over into 2019/20.

It is envisaged that the 2019/20 Capital Budget for the Brentwood Borough LHP will be the same as that in 2018/19 at £224,000, though this will be finalised by ECC at their full Council meeting in February 2019. The Panel are now asked to start to consider those schemes that they may wish to make a funding recommendation against for delivery in 2019/20. The intention will be to finalise any 2019/20 scheme funding recommendations at the March 2019 Panel meeting.

Colleagues in our Safer Roads team have advised that in 2019/20 they envisage there will be two Safer Roads schemes that will need to be progressed within the Borough. Our Safer Roads team are currently finalising the detail of these schemes.

Members are reminded that the costs supplied are estimates only and there is the possibility that a final scheme cost could change significantly dependant on issues which may arise especially during detailed design and construction.

The 2019/20 Brentwood Borough LHP Capital Budget Summary is as follows –

Budget Summary 2019/20		
Ref.	Item	Amount
1	Expected 2018/19 Capital Budget	£224,000
5	Safer Roads Schemes	TBC
6	Feasibility Studies & Detailed Designs	TBC

Brentwood Borough Local Highway Panel - Approved Works Programme 2017/18

Schemes Key	Cancelled	Update
-------------	-----------	--------

Ref	Cost Code	Scheme	Parish	Finish	Scheme Stage	Scheme Type	Works Description	Allocation Budget
Approved Schemes - For Delivery in 2018/19 - Safer Road Schemes - Total £47,500								
1	LBRE161003	A128/A127 (A127 westbound off slip and A127/A128 east bound on slip - Screening	West Horndon	Q4	Implementation	Implement signing and screening improvements	£47,500	Design complete - Scheme no-longer requires £8,000 top up. Screening element of the design has been removed as further investigations have shown that collisions are beginning to regress at this site
Approved Schemes - Prioritised for Delivery in 2018/19 - Total £190,000								
2	LBRE162047	Kelvedon Hatch, Stondon Massey & Nine Ashes - Weight Limit signage	Brentwood Rural	Dec-18	Total Scheme	Recommended to amend the current Weight Restriction TRO and signage so that it only covers those areas where it is required.	£20,000	Revised design is currently underway. Additional costs will be estimated and provided ASAP
3	LBRE163014	Hutton Village (Road), Hutton - Footway	Unparished	Dec-18	Design	Design of a new footway along Hutton Village to link the existing footway to the PROW routes as recommended in previously funded feasibility study	£7,000	
4	LBRE164002	Brentwood Borough Wide Cycle Parking	Borough Wide	Dec-18	Feasibility	Feasibility study to look into additional cycle parking over the whole Borough focusing on towns, shops, stations and Brentwood High Street	£6,500	
5	LBRE158009	Bridleway 10 (through Bentley Golf Course), Brentwood - PROW	Kelvedon Hatch	Q3	Total Scheme	Scheme to undertake drainage and surfacing work to improve the surface of Bridleway 10 (Brentwood) where it passes through Bentley Golf Course	£26,000	Complete
6	LBRE164011	Shenfield Road to Brentwood High street - Cycle Route	Unparished	Dec-18	Feasibility	Feasibility study to look into an alternative route to the one suggested in the Brentwood Cycle Strategy. The suggested route would incur extraordinary costs well above what is available to the LHP	£6,500	
7	LBRE162051	Chafford Gardens, West Horndon	West Horndon	Dec-18	Implementation	Following a design conceived by Essex Highways Engineers and approved by West Horndon Parish Council & Cllr Hirst, an improved parking solution has been found and recommended to proceed. Awaiting completion of legal agreement before moving forward with implementation.	£35,000	
8	LBRE172095	Copfold Road, Brentwood – Multi-storey Signage	Unparished	Q4	Total scheme	Recommended that the proposals outlined in a previous third party scheme looking at additional signage can be progressed to add extra conspicuity of the car park. Design and implementation within one financial year.	£14,000	Complete
9	LBRE172096	Ongar Road, Bentley - Crematorium Signage Relocation	Unparished	Q4	Total scheme	Relocation of the advance directional signage for the Bentley Crematorium & Cemetery in Bentley, Brentwood	£4,500	Complete
10	LBRE173027	Kings Road, Brentwood - Zebra Tactile Paving	Unparished	Feb-19	Total scheme	Recommended to install tactile paving to both sides of the zebra crossing.	£9,000	

Brentwood Borough Local Highway Panel - Approved Works Programme 2017/18

Schemes Key	Cancelled	Update
-------------	-----------	--------

11	LBRE175022	Shenfield Station, Hutton - Bus Shelter	Unparished	Q4	Total scheme	Recommended to install replacement shelter following many requests to the Passenger Transport Team at ECC.	£8,000	Complete
12	LBRE176002	Mill Lane, Blackmore - Bus Stop Relocation	Blackmore	Q4	Total scheme	Recommended to proceed with installation of the new bus stop platform, raised kerbs, dropped crossing point and pole and flag.	£19,500	
13	LBRE162063	Coxtie Green Road, Brentwood - Safety Assessment	Unparished	Dec-18	Feasibility	Road Safety Assessment by the Casualty Reduction Team to seek further recommendations for safety improvements due to historical accident data	£6,500	
Match Funding Schemes - 2018/19 - Total £76,000								
14	LBRE172099	Western Road & Western Avenue - HGV's and Speeding	Unparished	Q4	Feasibility	Feasibility study on mini-roundabout at Western Avenue j/w North Road to consider possible improvements	£7,000	
15	LBRE172102	Kings Road j/w High Street, Brentwood – Signal Phasing	Unparished	Q4	Design	Traffic counts and modelling assessment, including design by ITS	£13,000	
16	LBRE175025	“Crossways” bus stop, outside 45/47 Chelmsford Rd, Shenfield	Shenfield	Q4	Total Scheme	installation of replacement bus shelter	£11,000	
17	LBRE182001	Outside 140 - 142 Hanging Hill Lane, Hutton - Footway installation	Hutton	Q4	Design	Design to look at installing a further section of footway. Design will determine the extent of required vegetation cutting, as well as which STATS are below the highway surface	£5,500	
18	LBRE182006	Warley Mount / Hedley Chase / The Avenue - Give Way signage	Warley	Q4	Total Scheme	Give Way signage to be introduced at both arms of Warley Mount, as well as Junction Ahead signage along The Avenue and Headley Chase	£9,500	
19	LBRE185001	Clarence Road junction with Harewood Road - Replacement bus shelter	Pilgrims Hatch	Q4	Total Scheme	installation of replacement bus shelter	£13,000	
20	LBRE164010	Shenfield Road to Shenfield - Cycle Route	Shenfield	Q4	Feasibility	Feasibility study to look at rectifying the cycling signage along Chelmsford Road to tie up with a new route into Brentwood High Street	£8,500	
21	LBRE164008	Pilgrims Hatch to Brentwood Town Centre – Cycle Route	Pilgrims Hatch	Q4	Feasibility	Feasibility study to ascertain the best route available, due to the location of a gated park between Cleves Ave and Copperfield Gardens	£8,500	

BRENTWOOD BOROUGH LOCAL HIGHWAY PANEL POTENTIAL SCHEMES LIST

At the September LHP meeting the panel reviewed all of the schemes on the Potential Schemes List and agreed to the inclusion or removal of each scheme. The following pages contain a full list of all of the current potential schemes for the Panel's consideration.

At this stage the Panel are encouraged to allocate schemes up to the value of the budget (£224,000).

There are currently potential schemes with an estimated cost of £77,500 as shown in the summary below -

Potential Schemes List		
Ref.	Scheme Type	Estimated Scheme Costs
1	Traffic Management	£58,500
2	Walking	£19,000
	Total	£77,500

BRENTWOOD BOROUGH LOCAL HIGHWAY PANEL POTENTIAL SCHEMES LIST

On the Potential Schemes List the RAG column acknowledges the status of the scheme request as shown below:

RAG Status	Description of RAG status
G	The scheme has been validated as being feasible and is available for Panel consideration
A	The scheme has been commissioned for a feasibility study which needs completing before any Panel consideration
R	A scheme which is against policy or where there is no appropriate engineering solution
V	A scheme request has been received and is in the initial validation process

Traffic Management

Total Value of schemes	£58,500
-------------------------------	----------------

Ref	Location	Description	Problem	Parish	Cost Code	Estimated cost	Comments	RAG
1	Hall Lane, Shenfield - Sharp bend & 20mph advisory signage	Request to look at safety measures due to lack of footway on the two sharp bends prior to the school	There are two very sharp bends with no footway. Children walk along the carriageway to access the school and the speed at which some vehicles travel poses a danger.	Shenfield	LBRE182002	£19,000	Validation results - 20's Plenty and advisory 20mph scheme could be introduced.	G
2	Eagle Way, Warley – Zebra Crossing Safety Audit	Request to determine whether there are any improvements that can be made to the zebra crossing	Vehicles regularly do not stop to allow pedestrians to cross at the crossing. There have been many near-misses and one reported casualty as a result of this.	Warley	LBRE182003	NA	Validation results - Sufficient signage already in place. Only recommendation is that the vegetation be cut back to improve visibility. This has been reported to Ford directly.	R
3	Shenfield Crescent / Hogarth Avenue - Additional signage	Request to install School signs and additional 20mph signs	There are two schools situated along Shenfield Crescent, Riseway and Hogarth Avenue. This route is regularly used as a rat run and vehicles travel in excess of 20mph.	Brentwood	LBRE182004	NA	Validation results - Sufficient signage already in place. Whilst this route could function as a cut through/rat-run, the only functional purpose of doing so would be if traffic was at a standstill on the A128, in which case such manoeuvres would be acceptable.	R
4	Tipps Cross Lane / Ongar Road - Junction Improvements	Request to determine whether any additional road markings / signs / VAS could be introduced at these two junctions where they meet Blackmore Road	It has been reported that vehicles do not realise that they are approaching a junction.	Hook End	LBRE182011	NA	Validation results - give way signage and road markings are already in place at the junction. Some of the signage is damaged however, and the road markings are also badly faded throughout the junction. This has been reported to Maintenance by the HLO.	R
5	Church Lane, Warley - 20mph speed limit	Request to reduce speed limit in Church Lane from 30mph to 20mph	Residents have reported that service vehicles travelling along the lane do so at speeds in excess of 30mph, which poses a danger to the many young children who live here.	Warley	LBRE182012	TBC	In validation	V
6	Brook Street, Brentwood - Lane Improvements	Request to determine whether the centre carriageway line can be moved over from the entrance of the Jaguar garage up to the exit of Topps Tiles.	cars are parking, but on both sides of the carriageway, narrowing a PR1 route down and causing tail backs when travelling into Brentwood	Brentwood	LBRE182007	£25,000	Validation results - SEPP are due to introduce parking restrictions along Brook Street and once this has been carried out, the recommendation is that the lanes be redesigned to assist traffic flow.	G

Traffic Management

Total Value of schemes	£58,500
------------------------	---------

Ref	Location	Description	Problem	Parish	Cost Code	Estimated cost	Comments	RAG
7	Sandpit Lane, South Weald - Width Restriction	Request to implement a width restriction at the southern end of Sandpit Lane	There is a width restriction at the northern end of Sandpit Lane; however, there is not a restriction at the southern end and as such, HGVs regularly enter from the southern end and get stuck at the northern restriction. As it is impossible for HGVs to turn around, they simply drive through the gate and destroy it.	South Weald	LBRE182008	£5,500	Validation results - Due to the presence of the cricket club, the recommendation is that we undertake a feasibility study to look at what further restrictions we can realistically place on this lane. In the interim, it has been reported to the Maintenance Team that vegetation needs to be cut back from the signage that is currently on site to improve its visibility.	G
8	School Road, Kelvedon Hatch - Wig Wag Improvements	Request to raise the height of the Wig Wags	The Wig Wag is regularly obscured by parked vehicles and as such, we have received a request to raise them higher so that they can always be seen by drivers.	Kelvedon Hatch	LBRE182009	£4,500	Validation results - Recommendation that a post extension could be installed. Solagen could then attend site and move their signal equipment further up the post.	G
9	Mountnessing Lane / Pettits Lane - HGV Restriction	Request to assess the current HGV restriction throughout Mountnessing Lane and Pettits Lane to determine whether anything further is required	There is a 7.5 tonne weight restriction sign at the Doddinghurst Road (southern) end of these two lanes but there is no corresponding signage at the Wyatt's Green Road (northern) end. Residents are concerned about the level of HGV usage and as such, the County Member has requested that we review the restriction currently in place to determine whether any additional signage is required.	Doddinghurst	LBRE182010	NA	Validation results - Although 7.5 tonnes signage is not evident at Wyatts Green Road jw Petits Lane, this is because there is adequate signage implemented at the Wyatts Green Road jw Mountnessing Road and the Church Lane jw Wyatts Green Road. All other issues Re. signage is being picked up as part of the wider Weight Limit Review scheme already commissioned by the Panel.	R
10	Bakers Lane, Ingatestone - HGV Restriction	Request to restrict HGV use of Bakers Lane	Bakers Lane is a one way street and is very narrow. HGVs regularly attempt to turn into the lane but then have to reverse back as it is not wide enough to accommodate HGVs.	Ingatestone	LBRE182013	£4,500	Validation results - Not Suitable for HGV signage could be installed at the High Street junction	G

Traffic Management

Total Value of schemes	£58,500
------------------------	----------------

Ref	Location	Description	Problem	Parish	Cost Code	Estimated cost	Comments	RAG
11	Rayleigh Road, Hutton - Bollards	Request to extend the bollards outside of the parade of shops, due to obstructive parking	Vehicles are parking outside of the shops and obscuring the view for drivers attempting to leave Mount Pleasant Avenue to join Rayleigh Road	Hutton	LBRE182014	NA	Validation results - Additional bollards would be damaged and would not resolve the issue, as parking is permitted on the forecourt. It is recommended that no scheme progress here. It is suggested that the matter be raised to Essex Police, to enforce the illegal footway parking adjacent to the kerb.	R

Walking

Total Value of schemes	£19,000
------------------------	---------

Ref	Location	Description	Problem	Requested by	Parish	Scheme stage	Cost Code	Estimated cost	Comments	RAG
1	Thorndon Avenue, West Horndon - Salt Bin	Request to install a new salt bin	Thorndon Avenue is not on the gritting route and the Parish Council would like a salt bin installed to aid residents who are walking to/from the school and the village hall	West Horndon Parish Council	West Horndon	Validation	LBRE183009	TBC	In validation	V
2	High Street, Brentwood - Footway improvements	Request to look into the installation of tactile paving at various locations throughout High Street	There are a number of locations throughout High Street where walking is particularly difficult for the visually impaired.	Cllr Kendall	Brentwood	Validation	LBRE183004	£9,500	Validation results - Tactile paving could be introduced at the Crown St junction and Moores Place junction (the other proposed locations do not meet DETR Tactile Paving Guidance)	G
3	Sawyers Hall Lane - Footway Improvements	Request to look into building out the footway at the junction of the Becket Keys School and erect pedestrian guard rails	Children walking to the schools along the lane cross over the Becket Keys School entrance junction, which causes a large number of near misses due to the number of vehicles entering/exiting the junction and also using it to turn around. Also, there are many cars parked at the junction which obscures visibility and reduces pedestrian safety.	Cllr Aspinell	Brentwood	Validation	LBRE183005	£9,500	Validation results - No scope to widen eastern f/way due to property boundaries and lack of c/way width. The western f/way can be widened and vegetation cut back. The guard railings could be extended to the section o/side St Helens Jr School. Side road treatments could be implemented, as well as kerb line buildouts, to give pedestrians better priority over vehicles. Parking issues should be raised with SEPP. Schools should also be contacted to promote softer measures, such as walking busses, which could reduce vehicles numbers. Recommend for Feasibility study - design only	G
4	Wigley Bush Lane / Weald Road - Improvements for Pedestrian School Access	Request to establish whether there are any improvements that can be made within the vicinity of St Peter's C of E Primary School to improve safety for children walking to / from the school	Concerns have been raised for children accessing St Peter's C of E Primary School due to a lack of parking facilities close to the school. Cllrs have requested that a review of the location in question is carried out to determine what options may be available to improve the safety of children walking to / from the school.	Cllr Wagland	South Weald		LBRE183008	TBC	Validation results - 230m of footway could be laid on the currently unmade footway which runs from Weald County Park car park to St Peters Church car park (costs currently being calculated)	G
