**CASTLE POINT BOROUGH COUNCIL LOCAL HIGHWAYS PANEL MINUTES –
27 JUNE 2017 AT 15:00**

**COMMITTEE ROOM 1, CASTLE POINT COUNCIL OFFICES, KILN ROAD,
BENFLEET. SS7 1TF**

Chairman:	Councillor Andrew Sheldon
Panel Members:	ECC Councillor Peter May CPBC Councillors Ray Howard (Vice-Chairman), Simon Hart and Tom Skipp. ECC Councillor Beverley Egan also attended. CPBC Councillors Colin Riley, Alan Acott and Allan Taylor also attended. Apologies for absence were received from ECC Councillors Jill Reeves and Dave Blackwell.
Officers:	ECC: Sonia Church (Highway Liaison Manager) and Sarah Alcock (Highways Liaison Officer) CPBC: Trudie Bragg (Head of Environment), Stuart Jarvis (Contracts Manager) and Mark Evershed (CDRP Regeneration Delivery Manager).
Secretariat:	John Riley

Item		Owner
1.	Welcome and Introductions: Councillor Sheldon explained that the membership of the Panel had been amended from this year to reflect the political proportions of ECC. ECC Councillor Beverley Egan and CPBC Councillors Riley, Acott and Taylor would receive standing invitations to all future meetings.	
2.	Declarations of interest: There were none.	
3.	Minutes of meeting held on 22 March 2017 to be agreed as correct record: The Minutes were agreed as a correct record.	

<p>4.</p>	<p>Matters Arising from Minutes of the previous meeting:</p> <p>Additional Budget 2017/18: Discussion took place on the report at the last meeting that ECC had agreed to give a further £50,000 to the Local Highways Panels if it was match funded by the Boroughs/Districts.</p> <p>Sonia Church confirmed that any agreed schemes to utilise this budget in 2017/18 beneficially within the Castle Point Borough would be delivered by the ECC contractor.</p> <p>Following discussion it was agreed that ECC should present a list of potential schemes for consideration by the CPBC Cabinet and Chairman of the Panel.</p> <p>Eastern Esplanade, Canvey Island – Speed Limit: Councillor May explained that he disagreed with the outcome of the speed survey at Eastern Esplanade, which had determined that the road did not fit the criteria for a 20 mph speed limit.</p> <p>ECC would supply the survey data (on a confidential basis) to Mark Evershed to assist in the consideration of other means of addressing safety issues at Eastern Esplanade.</p>	<p>SC</p> <p>SC/ME</p>
<p>5.</p>	<p>Approved Works Programme Update 2017/18:</p> <p>The Panel noted the approved works programme for 2017/18.</p> <p>High Road, Benfleet: Councillor Howard expressed concern at the length of time taken to complete this scheme. Update provided by Sarah Alcock the HLO that this was due to the delay by UKPN to attend and complete the outstanding connection.</p> <p>Mitchells Avenue, Canvey Island: The Panel noted that the scheme to install a zebra crossing at this location was due to be completed by 12 July 2017. Members were concerned at the delays in removing the roadworks and delays involving the lighting columns by UK Power Network.</p> <p>It was agreed that a letter, to be agreed by all Panel members, be sent to the relevant ECC Cabinet Member expressing the Panel's concerns at the delay in removing the roadworks in connection with the Mitchells Avenue scheme.</p> <p>It was also agreed that a letter be sent to UK Power Network explaining the Panel's disappointment at the delays in both the High Road, Benfleet and Mitchells Avenue, Canvey Island schemes. It was further agreed to raise in the letter the issue of</p>	<p>SA</p> <p>Chairman /SA</p> <p>Chairman /SA</p>

	<p>cut-off lampposts in various locations in the Borough that were a safety issue.</p> <p>A briefing note outlining the process following Panel approval to scheme completion would also be circulated to Members.</p> <p>Link Road junction with Third Avenue: It was reported that the casualty reduction scheme at this location had been re-scoped for 'design only' in 2017/18 financial year and therefore £50,000 of the total allocated budget of £78,000 could be re-allocated to other schemes in the works programme.</p> <p>Following discussion the schemes agreed were -</p> <table border="1" data-bbox="422 705 1141 1742"> <tr> <td>Church Road (outside Manor Auto Park) Thundersley</td> <td>Replace existing Wig Wag sign</td> <td>£4,000</td> </tr> <tr> <td>Central Avenue/Daws Heath Road</td> <td>Replacement Bus shelter</td> <td>£6,500</td> </tr> <tr> <td>Cedar Road/Hart Road</td> <td>Replacement Bus shelter</td> <td>£6,500</td> </tr> <tr> <td>Elsinor Avenue/Somes Avenue</td> <td>Improving visibility of vehicles exiting Elsinor Avenue</td> <td>£4,000</td> </tr> <tr> <td>Roscommon Way</td> <td>Completion of Signage design</td> <td>£10,000</td> </tr> <tr> <td>Schools 20 mph review</td> <td>Completion of feasibility study regarding implementation of 20 mph restrictions outside school locations.</td> <td>£10,000</td> </tr> </table>	Church Road (outside Manor Auto Park) Thundersley	Replace existing Wig Wag sign	£4,000	Central Avenue/Daws Heath Road	Replacement Bus shelter	£6,500	Cedar Road/Hart Road	Replacement Bus shelter	£6,500	Elsinor Avenue/Somes Avenue	Improving visibility of vehicles exiting Elsinor Avenue	£4,000	Roscommon Way	Completion of Signage design	£10,000	Schools 20 mph review	Completion of feasibility study regarding implementation of 20 mph restrictions outside school locations.	£10,000	SA
Church Road (outside Manor Auto Park) Thundersley	Replace existing Wig Wag sign	£4,000																		
Central Avenue/Daws Heath Road	Replacement Bus shelter	£6,500

Roscommon Way	Completion of Signage design	£10,000																		
Schools 20 mph review	Completion of feasibility study regarding implementation of 20 mph restrictions outside school locations.	£10,000																		
6.	<p>Potential Schemes List for consideration of Panel in 2017/18:</p> <p>The Panel noted that the capital budget for Castle Point had been fully committed and that the potential schemes list represented all the schemes that could be considered this year.</p>																			

**CASTLE POINT BOROUGH COUNCIL
WITH ESSEX COUNTY COUNCIL
LOCAL HIGHWAY PANEL – 6th SEPTEMBER 2017
REPORT 2 – APPROVED SCHEMES UPDATE**

The following report provides an update on the current position of all of the schemes which the Castle Point Members discussed at the January and June meetings and recommended for inclusion in the 2017/18 programme.

The target dates for the delivery for all schemes is split into quarters, unless they have been identified as being for 2018-19 delivery in the report.

Specific dates for scheme progression will be provided when schemes have been formally programmed and road space booked.

2017/18 Budget Summary	
Item	Amount
Total Capital Budget	£228,675
Safer Road Schemes	£49,000
Total schemes for delivery in 17/18	£179,675
Total value of schemes in the rolling programme for 2018/19	£87,500

Castle Point Borough Council Local Highway Panel - Approved Works Programme 2017/18

Ref	Cost Code	Scheme	Parish	Finish	Scheme Stage	Works Description	Allocated Budget	Comments
Approved Schemes - Prioritised for 2017/18 delivery								
1	LCAS151003	Seaview Road junction with High Street	Canvey Island	27-Apr-17	Total Scheme	1) Install yellow backed mini roundabout and give way signs adjacent to the give way markings on the eastbound High Street approach to the mini roundabout 2) Replaced the existing mini roundabout sign for westbound High Street traffic with a yellow backed version to increase its conspicuity 3) Installed a dome in the central island of a mini roundabout 4) Relocation of 2 bus stops 5) Add a 20 mph roundel on the carriageway at the existing eastbound gateway into the 20mph zone 6) Renewed all existing carriageway markings throughout the junction and on the approaches to the mini roundabout	£26,000	Casualty reduction scheme completed 27.04.2017.
2	LCAS162027	Mornington Road	Canvey Island	24-Apr-17	Total Scheme	Delivery of scheme to remove build out and replace with speed hump or other suitable traffic calming measure	£30,000	Works completed 24.04.2017.
3	LCAS161006	High Road, Benfleet	Benfleet	Quarter 2	Implementation	Delivery of the following measures: 1) Zebrite belisha beacon 2) Internally illuminated modular posts 3) Refreshing high friction surfacing 4) Footway improvements	£70,000	UKPN still need to undertake one transfer from an old column to a new one. Once completed the old columns can be removed.
4	LCAS162053	St Michaels Road, Hadleigh - Chevron Bend	Hadleigh	Quarter 3	Total Scheme	Addition of a chevron sign on bend	£6,000	An additional chevron was recommended by Road Safety Audit this can be delivered within existing budget. Updated design document will be shared with County Member.
5	LCAS162055	Kents Hill Road North junction with A13 - Relocating road marking	South Benfleet	Quarter 4	Total Scheme	Relocate stop line marking at junction back, to provide more space for traffic turning into Kents Hill Road	£6,000	The change to move the stop line will now necessitate some works/changes to the signals at this location. Awaiting cost breakdown before the panel can make a decision on how to proceed.
6	LCAS172002	Benfleet Station	South Benfleet	Quarter 3	Feasibility	Study to look at improving the traffic movements around the station. Possibly explore a one way system	£5,000	All panel Members were notified by email on the 11 August 2017 for the need of a financial increase of £20,000 to complete the data collection and modelling required to fully investigate the impact of implementing a one way system around Benfleet Station. All panel Members supported this request. It is now awaiting signoff by the Cabinet Member for Highways.
7	LCAS172001	Hart Road outside Cedar Hall School - Variable 20	South Benfleet	Quarter 4	Implementation	Implementation of advisory 20 with wig wags as designed in 2016-17	£6,500	Design to be completed by end of October 2017 with implementation scheduled for the February half term 2018.
8	LCAS152059	111 Church Road, Hadleigh	Hadleigh	26/06/2017	Total Scheme	Removal of bollards which are restricting parking	£1,500	Works completed 26.08.2017.
9	LCAS162022	Mitchells Avenue	Canvey Island	09-Aug-17	Total Scheme	Installation of zebra crossing	£45,000	Works completed 09.08.2017.

Castle Point Borough Council Local Highway Panel - Approved Works Programme 2017/18

Schemes Key	Completed	Cancelled	Update
--------------------	------------------	------------------	---------------

Ref	Cost Code	Scheme	Parish	Finish	Scheme Stage	Works Description	Allocated Budget	Comments
10	LCAS162050	All routes surrounding Manor Trading Estate	South Benfleet	Quarter 4	Feasibility	Feasibility Study and detailed design to provide full review of HGV signage on routes leading to and from Manor Trading Estate	£5,000	
11	LCAS152007	New Road, Hadleigh, build out removal	Hadleigh	Quarter 4	Total Scheme	Removal of build out at Rectory Road end of road	£18,000	Design to be completed by end of November 2017 with implementation scheduled in Quarter 4.
12	LCAS171001	Link Road j/w Third Avenue	Canvey Island	Quarter 4	Design	Advanced design - Link Road between Second Avenue and Third Avenue, to determine if the location is suitable for a new zebra crossing	£28,000	Casualty Reduction Scheme. Design only this year original budget of £78k, £50k released back in to the programme and reference numbers 14 to 19 added in to the programme as agreed by panel members at June panel meeting.
13	LCAS171002	A13 on East side of Rectory Road 4 mtrs north of j/w Church Road, Hadleigh, Benfleet	Hadleigh	Quarter 4	Feasibility	Undertake a feasibility study and required traffic modelling into possible options at this signal controlled junctions: Options to be investigated include: 1) Repositioning of the Signal Stop Line further west, (including repositioning of the bus lane loop) but with signals remaining in current location 2) Complete removal of central island, with potential omission of bus lane facility at signals resulting in having 2 lanes at the traffic signals as opposed to 3 lanes (including the bus lanes), this would also require lining amendments on the approach 3) Complete removal of central island, with potential omission of bus lane facility at signals retaining 3 lanes but having the right (offside lane) as a right turn lane only at the traffic signals, this would require lining amendments on the approach	£21,000	Casualty Reduction Scheme. Feasibility only this year re- scoped to look at all options relating to the bus lane. Awaiting decision from the Cabinet Member for Highways on the future of the Hadleigh bus lane.
14	LCAS165006	Cedar Road - 41006002 (Hart Road)	Thundersley	Quarter 3	Total Scheme	Replacement bus shelter	£6,500	Added to the 17/18 programme as agreed at the June 2017 panel due to the re-allocation of funding from a Casualty Reduction scheme.
15	LCAS165003	Central Avenue - 41004010 (Daws Heath Road)	Thundersley	Quarter 3	Total Scheme	Replacement bus shelter	£6,500	Added to the 17/18 programme as agreed at the June 2017 panel due to the re-allocation of funding from a Casualty Reduction scheme.
16	LCAS166001	Church Road (o/s Manor Auto Park), Thundersley	Thundersley	Quarter 4	Total Scheme	Replace existing Wig Wag sign	£4,000	Added to the 17/18 programme as agreed at the June 2017 panel due to the re-allocation of funding from a Casualty Reduction scheme.
17	LCAS162065	Elsinor Avenue junction with Somnes Avenue- Improve visibility	Canvey Island	Quarter 4	Feasibility	Request to look at improving the visibility of vehicles exiting Elsinor Avenue	£4,000	Added to the 17/18 as agreed at the June panel due to re-allocation of CR scheme funding.
18	LCAS142012	Roscommon Way, Canvey	Canvey Island	Quarter 4	Feasibility	Signage Review	£10,000	Added to the 17/18 programme as agreed at the June 2017 panel due to the re-allocation of funding from a Casualty Reduction scheme.
19	LCAS152024	Castle Point Schools 20mph review	Borough Wide	Quarter 4	Feasibility	Feasibility to look at implementing 20mph restrictions outside school locations	£10,000	Added to the 17/18 programme as agreed at the June 2017 panel due to the re-allocation of funding from a Casualty Reduction scheme.

27	LCAS165007	Woodmans Arms - 41004001	South Benfleet	2018/19	Total Scheme	Replacement bus shelter	£6,500	Panel decision required to fund this scheme for delivery in the 2018/19 financial year.
28	LCAS165009	South Road 41013011	South Benfleet	2018/19	Total Scheme	Replacement bus shelter	£6,500	Panel decision required to fund this scheme for delivery in the 2018/19 financial year.
29	LCAS154001	Essex Way cycle lane	South Benfleet	2018/19	Design	Detailed design and risk assessment (RSA2) to confirm safety and costs of option 3 as recommended in Essex Way cycle lane feasibility study.	£3,000	Panel decision required to fund this scheme for delivery in the 2018/19 financial year.

CASTLE POINT BOROUGH COUNCIL WITH ESSEX COUNTY COUNCIL LOCAL HIGHWAY PANEL – 6th SEPTEMBER 2017 REPORT 3 – POTENTIAL CAPITAL SCHEMES

As the capital budget for the Castle Point Highways Panel has been fully committed the potential schemes list represents all of the schemes for which future consideration can be given.

It is recommended that Parishes or Councillors who wish to submit scheme requests for 2018-19 submit them in the coming weeks so that all of the necessary surveys and assessments can be undertaken during September and October to ensure the validation can be completed before the January meeting.

A comprehensive list of schemes will then be available in time for Members to consider for funding at the January Panel.

The value of the schemes currently on the potential list stands at £129,000 of which £114,000 is internally generated, with further value set to be added throughout the year once feasibility studies and recent validations have been returned.

Members are reminded that the costs supplied are estimates only and there is the possibility that a final scheme cost can change significantly dependant on issues which may arise during detailed design and construction.

The following list identifies all of the scheme requests which have fed into the Castle Point LHP. The RAG column acknowledges what the status of the scheme request is as below:

G	The scheme has been validated as being feasible and is available for consideration
A	The scheme has previously been approved for a feasibility study and the results are awaited before the scheme can be fully considered
R	A scheme request has been received but is against ECC policy or there is no appropriate engineering solution
V	A scheme request has been received and is in the initial validation process

Traffic Management

Total Value of schemes	£15,000
------------------------	---------

Ref	Location	Description	Problem	Parish	Cost Code	Estimated cost	Comments	RAG
1	St Johns Road, Benfleet- Signage Review	Review of signs on and around St Johns Rd involving removal of redundant posts and re-siting/re-positioning of those signs which are currently incorrectly located	Members are unhappy with the unclear and untidy signage on and around St Johns Road.	Benfleet	LCAS162052	£15,000		G
2	Borough Wide- 20 mph Restrictions	Implementation of 20mph restrictions outside school locations	Concerns of speeding outside schools	Borough Wide	LCAS162024	TBC	Awaiting the completion of the feasibility study into 20's outside the Castle Point schools to identify possible ways to progress.	A
3	Canvey Island Town centre - Regeneration Study	Study to look at improving the centre area of Canvey in the vicinity of Furtherwick Road and Long Road heading north to the High Street	Castle Point Borough Council are looking at regeneration possibilities and which traffic features are no longer relevant or can be upgraded	Canvey Island	LCAS162061	TBC	HLO to meet with Officers from CPBC to discuss the scheme requirements on the 31.08.17	V
4	Extension of Parking Bay First Avenue, Canvey Island	Potential scheme to extend the existing off-road parking to ease localised congestion	Castle Point Borough Council has identified a localised congestion problem due to the residential parking in First Avenue resulting in residents parking on Castle Point Borough Council owned grass verge	Canvey Island	LCAS172003	TBC	It was noted during the validation site visit the presence of a BT utility cover located in the grass verge area directly adjacent to the immediate parking bay area. Although a STATS search or cable tracing survey indicating the alignment and depth of services has not been conducted at this stage it is considered that the presence of a BT box would most likely make any parking bay extension scheme not cost effective for the benefit gained of 3/4 additional parking spaces. Therefore Officer recommendation is not to proceed.	R
5	Poors Lane, Hadleigh	Traffic calming measures along Poors Lane	Perceived Speeding issues along Poors Lane	Hadleigh	LCAS172005	TBC	The speed survey results were as follows; Southeast bound average 26.1mph, Northeast bound average 24.6mph. The results would indicate that there is not a generic speeding problem along Poors Lane and therefore doesn't meet the criteria for traffic calming measures.	R

Castle Point Borough Council Local Highway Panel - Section 106 Programme 2017/18

Schemes Key	Completed	Cancelled	Update
-------------	-----------	-----------	--------

Ref	Scheme	Parish	Finish	Scheme Category	Works Description	Contribution Value	Comments
1	Kiln Road Thundersley bus stops	Thundersley	Quarter 4	Traffic Management Improvement	Improvement to bus stops on both sides of Kiln Road. Potential improvements to be considered in the design are; 1) kerbs 2) shelters 3) poles 4) Real Time Passenger Information	£35,171	Design to be completed in Quarter 2. It is also anticipated that the scheme will be delivered by the end of the financial year.

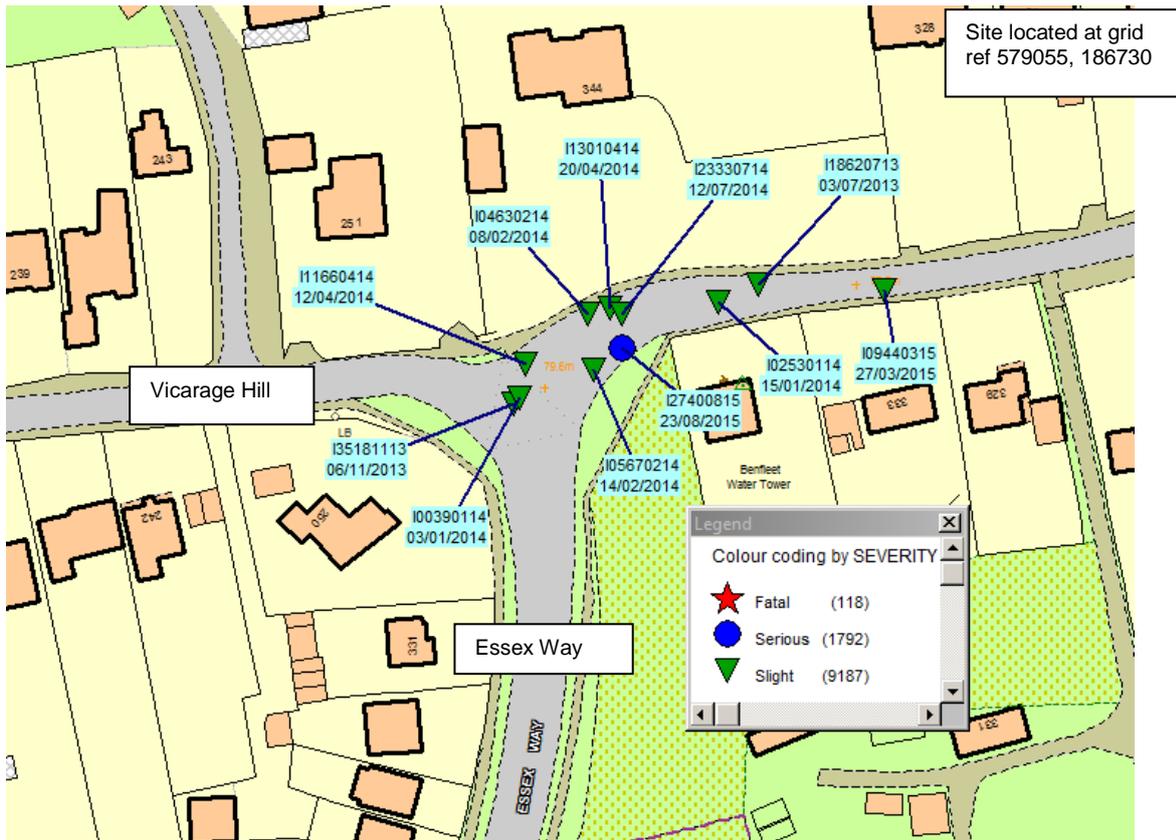

Site Report Essex Highways Casualty Reduction Site Report 2016/17

Location: Essex Way j/w Vicarage Hill, Benfleet

Collision Investigation Period: 01/06/2010 – 31/05/2015

1.0 Site Plan with Collision Plot

2.0 Site Description & Observations

Details	Description/Observations
Road Name (s)	Essex Way j/w Vicarage Hill, Benfleet
Speed Limit	30mph
Street Lit	Yes
Carriageway type	Single carriageway
Gradient	Essex Way climbs fairly steeply from Canvey up towards the junction with Vicarage Hill where it flattens out to the east of this junction (Benfleet Road).
Traffic Management	Essex Way is the priority route with traffic on Vicarage Hill giving way to it. The junction has been a recent CR site (implemented in May 2014) due a previous problem of vehicles turning right into Vicarage Hill failing to give way to traffic travelling up Essex Way. This involved alterations to the traffic islands to provide a formal right turn lane facility. This pattern of collisions appears to have been addressed so far by the scheme.
Road Surface	Carriageway appeared to be structurally sound with some reinstatements

	<p>and the surface slightly worn. Scrim data for 14/15 shows that the skid resistance of the road surface was satisfactory (see plot below). The Scrim data for 15/16 will be checked once completed to see if this is still the case.</p> 
Signing	There is a bend with junction ahead warning sign on Essex Way which is fairly old. There are yellow backed 30mph terminal signs at the start of the speed limit and there is a yellow backed chevron sign at the bend.
Road Markings	All road markings are in very good condition (edge lines, double white lines, give way markings and right turn lane markings).
Visibility	The visibility on Essex Way is restricted due to the 90 degree bend along with the gradient leading up the hill to the junction – this slightly restricts the visibility of the chevron warning sign as vehicles approach particularly if they are travelling at speed.
Vegetation	No issues.
Other	

3.0 Personal Injury Collision Analysis

Collision details	Number
Total no. of Collisions	11 (1 serious, 10 slight)
Total no. of Casualties	14 (1 serious, 13 slight)
Number of collisions in hours of darkness	5 (45%)
Number of collisions in wet/damp conditions	8 (72%)
Collisions involving vulnerable road users	1 (9%, pedal cyclist)

Identified Collision Pattern(s)	No of Collisions
Vehicles travelling northbound up Essex Way towards Benfleet losing control on the right hand bend near Vicarage Hill (3 hit property wall, 2 had head on collisions with oncoming vehicles).	7 (64%)
Vehicles travelling westbound along Benfleet Road towards Canvey losing control on the left hand bend near Vicarage Hill.	2 (18%)
Vehicles exiting Vicarage Hill failing to give way to	2 (18%)

northbound traffic on Essex Way.

5.0 Recommendations

Remedial Measures

- 1) Install an additional yellow backed chevron sign at the bend (so the sign is double height) to make the sign assembly more visible for vehicles coming up the hill.
- 2) Renew the existing bend with junction ahead warning sign for northbound traffic on yellow backing board. Also add 'Max Speed 20' sub-plate. Remove existing 'New Road Layout Ahead' sign from underneath bend sign.
- 3) Investigate the installation of a yellow backed chevron for westbound traffic along with a yellow backed 'bend with junction' warning sign.
- 4) Install 30 roundel on the carriageway at the 30mph gateway.
- 5) Investigate the possibility of having a VAS sign for the bend to Diag. 512.1 for northbound traffic which would be speed activated.

Latest scrim data to be checked by Road Safety Engineering Team to check the skid resistance of the carriageway surface around the bend. If it is below investigatory levels then the site will be added to the Surface Treatment Programme for funding consideration.

6.0 Estimated Costs

Estimated Construction Costs	£30,000
Survey Design and project management	£ 4,000
Total	£34,000

7.0 Other engineering options for consideration

No other measures considered suitable
