

The Essex County Council (Maldon District) (Prohibition of Waiting, Loading and Stopping) and (On-Street Parking Places) (Civil Enforcement Area) (Amendment No.15) Order 202*

Statement of Reasons

Former Quest Motor Group Site - Wycke Hill, Wycke Hill Business Park, Maldon.

There are current existing double yellow lines along the radius of the redundant access into the former Quest Motor Group site, along Wycke Hill. The redundant access is to be removed and reinstated to full height kerb to tie into the existing footway along Wycke Hill.

The existing double yellow lining will be removed along the radius and matched to run parallel along the full height kerb. The proposed access slightly south to the redundant access will have proposed double yellow lines running along the radius.

The proposed double yellow lines along the radius will prevent any unsafe parking which will reduce any health and safety risks to vehicle users.
