

The Essex County Council (Chelmsford City) (Prohibition of Waiting, Loading and Stopping) and (On-Street Parking Places) (Civil Enforcement Area) (Amendment No.55) Order 202*

STATEMENT OF REASONS

Some Essex residents need a disabled parking bay marked on the street outside their home to help reduce the distance they need to travel between their home and their car. Essex County Council will consider providing such bays for residents with a valid Blue Badge and a vehicle registered to the property. The bay proposed in this order is required for a resident who meets this criterion. Although Disabled Parking Bays are installed for specific individuals, any Badge Holder may benefit from them. An area of the existing 'Permit Parking Area' will need be revoked in order to allow for the Disabled Badge Holders Only Bay to be implemented.
