

**The Essex County Council (Harlow District) (Prohibition of Waiting, Loading and Stopping) and (On-Street Parking Places) (Civil Enforcement Area) (Amendment No.59) Order 202\***

**STATEMENT OF REASONS**

Little Pynchons and surrounding streets are set within a rural environment and are subject to a 30mph Speed Limit. Concerns have been raised by residents and the Local Councillor regarding vehicles turning right out from Sunny Court into Little Pynchons.

It has been reported that visibility along Little Pynchons is being blocked by a high number of vehicles parking on the junction, pavement and on the adjoining junctions. Consequently, the vehicles travelling along Little Pynchons are not visible to oncoming vehicles and as a result is causing near misses and collisions. This lack of visibility has created a greater risk of pedestrian/vehicle collision at these locations.

The proposed no waiting at any time restrictions will prevent on street parking at the junctions, improve visibility and will also reduce congestion for traffic turning.
