

The Essex County Council (Epping Forest District) (Prohibition of Waiting, Loading and Stopping) and (On-Street Parking Places) (Civil Enforcement Area) (Amendment No.48) Order 202*

STATEMENT OF REASONS

Cartersfield Road is within an Industrial Unit area. Various Heavy Goods Vehicles (HGVs) and other lorries deliver and pick up from the units. In order to enable these vehicles to manoeuvre safely without constraints and obstacles such as parked cars on the pavements and near the junctions, junction protection will be required.

No Waiting at Any Time restrictions have been proposed in this location in order to allow for smoother traffic flows and greater visibility, by ensuring that no cars can park in these locations causing potential obstructions.

All costs associated with the advertising, administration and implementation of this scheme have been funded by the developer.
