

**The Essex County Council (Harlow District) (Prohibition Of Waiting,  
Loading And Stopping) And (On-Street Parking Places) (Civil Enforcement  
Area) (Amendment No.71) Order 202\***

**Statement of Reasons**

**Installation of a Disabled Parking Bay:**

Essex County Council is aware that some Essex residents require a Disabled Parking Bay marked on the Highway outside of their home in order to help reduce the distance they need to travel between their home and their vehicle.

Essex County Council will consider providing such bays for residents with a valid Blue Badge and a vehicle registered to the property. The bays proposed in this order are required for residents who meet these criteria.

Although Disabled Parking Bays are installed for specific individuals, any Badge Holder may benefit from them.
