

Dear Resident / Business Owner

Harlow Sustainable Transport Corridor – Velizy Roundabout

Rearranged Road Closures – Velizy Roundabout

UPDATE: On behalf of Essex County Council, Bouygues UK Ltd are undertaking essential work on the Velizy Roundabout as part of the Harlow Sustainable Transport Corridor project. **Due to inclement weather affecting the safety and integrity of the planned road surfacing activities, we will need to postpone the previously communicated closure times. We sincerely apologise for any inconvenience caused.**

A full closure of the Velizy Roundabout will now take place at the following dates and times:

- From 8pm on Friday 7th November until 5am on Monday 10th November 2025
- Nightly from 8pm until 5am, on Tuesday 11th, Wednesday 12th, Thursday 13th, Friday 14th, Saturday 15th, and Sunday 16th of November 2025.

Each of the following junctions on the Velizy Roundabout will be closed at the above times and dates:

- On Fifth Avenue – Zelenskyy Avenue A1019, in both directions between the Sainsbury's Roundabout and Velizy Roundabout
- On First Avenue, in both directions between the Park Lane Mini-Roundabout and Velizy Roundabout
- On Fourth Avenue, in both directions between the North Gate Roundabout and Velizy Roundabout
- On Velizy Avenue, in both directions between the Water Gardens Roundabout and Velizy Roundabout
 - **Please note:** Access will be granted to businesses requiring access to Crown Gate and for public accessing the multi-storey car park, via the Water Gardens Roundabout. Businesses and residents needing access to Terminus Street will be able to do so via Post Office Road.

These road closures are needed to complete road surfacing around the Velizy Roundabout, ensuring both public and workforce safety. Please note that these works remain weather dependent, and dates may change subject to weather conditions.

Unfortunately, due to the nature of this work there will be no access for vehicles during this closure period. However, emergency vehicle access will be maintained in the event of an emergency. A clearly signed diversion route will be in place throughout this closure, with a map detailing closure locations and diversion routes detailed below.

A certain amount of inconvenience is inevitable with work of this type, and we greatly appreciate your patience whilst these works are being undertaken. Unfortunately, this work will unavoidably create some noise, and we sincerely apologise for any disturbance caused. We wish to assure you that we will undertake these works as efficiently and quickly as possible.

For further information, updates relating to this closure, and to check on any future closures and works taking place during the project, please refer to the following:
