

MALDON DISTRICT LOCAL HIGHWAY PANEL

Approved Works Programme - 2018/19

At the September 2018 Maldon District Local Highway Panel (LHP) meeting the Panel were advised that several schemes had already been delivered in 2018 by the Essex Highways Direct Delivery Gang (DDG). The delivery of these schemes through the DDG had led to savings and the Panel were then asked to make additional 2018/19 scheme funding recommendations against these savings. The additional 2018/19 schemes recommended by the Panel now feature within the 2018/19 Approved Works Programme and our Design Team are now working to deliver them as soon as possible.

It is envisaged that the 2019/20 Capital Budget for the Maldon District LHP will be the same as that in 2018/19 at £200,000, though this will be finalised by ECC at their full Council meeting in February 2019. The Panel are now asked to start to consider those schemes they may wish to make a funding recommendation against for delivery in 2019/20. The intention will be to finalise any 2019/20 scheme funding recommendations at the March 2019 Panel meeting.

Colleagues in our Safer Roads team have advised that in 2019/20 they envisage there will be one Safer Roads schemes that will need to be progressed within the District. Our Safer Roads team are currently working on finalising the detail of this scheme and we will be a position to update the Panel at the March 2019 Panel meeting.

Members are reminded that the costs supplied are estimates only and there is the possibility that a final scheme cost could change significantly dependant on issues which may arise especially during detailed design and construction.

The 2019/20 Maldon District LHP Capital Budget Summary is as follows –

Budget Summary 2019/20		
Ref.	Item	Amount
1	Expected 2019/20 Capital Budget	£200,000
2	Safer Roads Schemes	TBC
3	Feasibility Studies & Detailed Designs	TBC
