

Market Hill / Fullbridge Road surfacing works

From Monday 08 June to Friday 19 June 2020

Overnight works – overnight closures will take place between 2000 hours until 0500 during 08-10 June & 15-19 June

Day works – From Wednesday 10 June (2000 hours) through to Saturday 13 June (0500 hours) inclusive, the full road closure of Market Hill up to Fullbridge/Station Road roundabout will be required for bridge waterproofing.

The below services will be affected:

Service 31 and all variants First (Maldon to Chelmsford)

All the 31 variants will divert via Fambridge Road, Cross Road and Mundon Road and then return to line of route in both directions. The nearest stops to High Street will be Does Corner on Spital Road or Cups Corner on Mundon Road.

Service 73 First (Maldon to Chelmsford)

Will divert from Fambridge Road onto Spital Road, then, follow the A414 Bypass to Tesco roundabout into Tesco's pick up/drop off. This diversion will operate in both directions. Passengers will be able to board the bus at Maldon Tesco or Spital Road.

Service 90 Stephensons (Witham to Maldon)

This service will be curtailed at Tesco and will not serve the High Street.

Service 95 Hedingham (Tollesbury to Maldon)

Will operate as far as Tesco and operate via the Bypass. Will then travel along Spital Road, thereby serving the High Street, and the rest of the route.

Service 288 Stephensons (Maldon Town Circular)

Will run via the By-Pass and Spital Road, then High Street, Park Drive, London road, Mill Road. It will then return the same way. The frequency will be reduced to hourly.

Services D1 & D2 Hedingham (Southminster/Bradwell to Maldon)

Both these D services will operate via the bypass and going direct to Morrisons, therefore missing out the High Street, Spital Road before returning the same way.

We apologise for any inconvenience caused.
