

Essex County Council is committed to keeping all our roads in the best possible condition with the money available. Thank you for your understanding and patience while this work is being carried out.

Please don't park your car on the road during the hours we are working. If you are a blue badge holder, please liaise with our site team who will be happy to assist you.

Please keep doors and windows closed to keep out dust and noise.

HOT MATERIALS are used - keep children and pets away!

BEWARE OF COLD CALLERS

PLEASE BE AWARE THAT OUR CONTRACTORS WILL ONLY BE WORKING ON BEHALF OF ESSEX COUNTY COUNCIL WORKING ON THE ROADS AND PAVEMENTS. THEY WILL ALWAYS BE WEARING THEIR UNIFORMS AND THEY WILL NEVER OFFER TO DO PRIVATE WORK SUCH AS RESURFACING PEOPLE'S DRIVEWAYS.

IF YOU'RE APPROACHED BY ANYONE OFFERING TO SURFACE YOUR DRIVEWAY AND CLAIMING THEY ARE WORKING FOR US, PLEASE REPORT THEM TO TRADING STANDARDS ON 0345 404 0506.

If the work is delayed due to bad weather or other circumstances, we will show revised dates on roadside information boards a few days before the start date. Further ahead of time please do check our website as follows:

To get the latest live information on these and other roadworks see our Live Travel Information map. It's online at: www.essex.gov.uk/traffic

If we have to postpone the work for a longer period, you can see revised programme dates online, including our entire annual road surfacing plans, at: www.essex.gov.uk/surfacing

Select the 'Programme' checkbox on left, zoom in to your area of interest and click on the map.

In an emergency, please call 0345 603 7631 (cost is usually the same amount as it would be when calling a landline 01 or 02 number, whether making the call from a landline or a mobile).

CCTV IS IN OPERATION AT ALL OF OUR SITES

Abuse of our site staff is not tolerated and will be reported to the police.

- Hollytree Gardens
- Warren Close
- Burrows way

Disruption will be kept to a minimum; we will liaise with residents as much as possible to keep access maintained.

RINGWAY JACOBS
integrated expertise

Essex County Council

I am pleased to inform you that footway repair work will be going ahead at the location and times stated on the front of this leaflet.

If you have any particular access requirements or requests, please speak to the Supervisor on site so they can accommodate your request when programming the particular activity.

Where applicable please could you ensure any vegetation is cut back to your boundary line to enable access to the full width of the footway. Should this not take place, our contractors may be required to cut back the vegetation, to complete their work.

You will appreciate that work of this nature will create some noise and disruption. All efforts will be made to keep noise and disruption to a minimum and this will be monitored.

Thank you for your understanding and patience while this work is being carried out.

If you have any concerns or queries during delivery of this work, please contact the Supervisor on site in the first instance or contact our customer team using the details on this leaflet.

To avoid costly disruption to our work, we need to have the road clear so please don't park your car on the road when we put up the no parking signs.

Please note: if you do accidentally leave your car where we need to work, we will try to contact you, but if we can't find you we will issue a Penalty Charge Notice and remove your car to a local safe place.

If you can't find your car nearby after the work is completed, please call 0345 603 7631. Should you leave your vehicle in the works area, the following will apply:

Disclaimer Notice: Vehicles and their contents are left entirely at the owner's risk.

If you drive back to your property while we are working on the road nearby, we may have to ask you to park elsewhere - please park in a safe place and speak to one of our staff who will help you.

Access for emergency service vehicles and pedestrians will be maintained at all times. We will usually control traffic with temporary traffic lights or Stop/Go boards. If we need to close the road (depending on how wide it is), we will divert the traffic.

We will usually have staff at each end of where the road is closed. While work is in progress we will put up warning signs and we ask drivers to go very slowly and very carefully across the unfinished areas.

Please take extra care walking on to your property as there may be a higher step up. If we have to replace kerbs across your driveway you may not be able to drive in and out of your property for one night as material has to set.

If your property is affected, you will be notified by one of the works team. Pedestrian access to your property will always be maintained.
