

# Colchester Local Highway Panel Meeting Agenda

Date: Monday 9<sup>th</sup> December 2013  
 Time 18.00 hrs

**Chair** CC Member Anne Brown/Colchester Cllr Martin Hunt

**Panel Members** CC Member Kevin Bentley, CC Member Julie Young, CC Member Sue Lissimore, Colchester Cllr Lesley Scott-Boutell, Colchester Cllr Theresa Higgins, Colchester Cllr William Quince, Parish Cllr John Gili-Ross

**Other Attendees** ECC Officer Alan Lindsay Strategy & Engagement Manager, ECC Officer, Rob Macdonald Highways Liaison Officer  
 Secretariat: Corinne Pickett Highways Technical Advisor Customer Services

Time	Item	Lead:	Papers:
1	Welcome and Introductions	Chair	Verbal
2.	Declarations of Interest	All	Verbal
3.	Minutes of meeting held on 13th August 2013 to be agreed as correct record	Chair	Attached
4	Casualty Reduction schemes– <b>remaining budget: £39,555</b>	All	Attached
5.	The stood - Options	All	Attached
6.	Potential Schemes for consideration of Panel <ul style="list-style-type: none"> <li>• Improvement schemes</li> <li>• Small Works</li> <li>• Bus Stop / Route Improvements</li> <li>• School Crossing patrol Site</li> </ul>	All	Verbal
7.	Scheme Programme list	All	attached
8.	AOB	All	Verbal
9.	Date of next meeting:  March 6 <sup>th</sup> 2014 Private June TBC Public September TBC Private	All	Verbal

ID	Location	Problem	Proposed Solution	Cost (£)	RAG
LCOL131021	Tollgate Roundabout	A study of the Personal Injury Collision data for the period from 01/05/2008 to 31/08/2013 at this location shows that there have been 18 Personal Injury Collisions, including two serious and 16 slight, resulting in two serious and 19 slight casualties.	i) Install a new yellow backed chevron on the roundabout centre island for southbound road users on the A1124 Essex Yeomanry Way. ii) Remove vegetation in order to improve the forward visibility of the toucan crossing facility. iii) Install signing to diagram 956 'shared cycle and pedestrian facility' along the A1124 London Road northern footway; iv) Provide a dropped kerb and scoop facility along the A1124 London Road eastbound approach to the roundabout to encourage pedal cyclists to use the facility.	Preliminary Design and Investigation Cost £3,000 Detailed Design and Scheme Build Cost £15,000	green
LCOL131022	B1027 junction with B1028, Wivenhoe	A study of the Personal Injury Collision data for the period from 01/05/2008 to 31/08/2013 at this location shows that there have been 5 Personal Injury Collisions, including one serious and four slight, resulting in one serious and six slight casualties.	i) Provide a 'distance ahead to hazard' sub-plate to be installed below the 'traffic signals ahead' sign. ii) Undertake substantial vegetation removal on the nearside westbound approach of B0127 to the traffic signals, to improve visibility of the 'traffic signals ahead' sign and the junction itself. iii) Provide a 'junction ahead of non primary route' sign to diagram number 2101 indicating the layout of the road ahead	Preliminary Design and Investigation Cost £2,000 Detailed Design and Scheme Build Cost £8,000	green
LCOL131023	Highwoods Approach Roundabout jw Eastwood Drive	A study of the Personal Injury Collision data for the period from 01/05/2008 to 31/08/2013 at this location shows that there have been 4 Personal Injury Collisions, including one serious and three slight, resulting in one serious and three slight casualties.	i) Install 'Slow' carriageway markings to diagram 1024 for eastbound road users along Eastwood Drive; ii) Refresh and increase the width of the give-way lining for eastbound road users along Eastwood Drive; iii) Increase width of central hatching for eastbound road users along Eastwood Drive in order to provide increased deflection for road users entering onto the roundabout circulatory.	Preliminary Design and Investigation Cost £1,000 Detailed Design and Scheme Build Cost £4,000	green
LCOL131024	A1124 Essex Yeomanry Way Eight Ash Green Interchange	A study of the Personal Injury Collision data for the period from 01/05/2008 to 31/08/2013 at this location shows that there have been 26 Personal Injury Collisions, including one serious and 25 slight, resulting in one serious and 30 slight casualties.	i) Install a new yellow backed chevron sign (with an increased yellow reflectivity border) for northbound road users on the A1124 approaching the roundabout circulatory. This sign is to be positioned further east within the roundabout island. ii) Remove vegetation on the A1124 northbound nearside approach to roundabout circulatory in order to increase the forward visibility of the nearside lane give-way markings. iii) Remove vegetation from within the southeast quadrant of the centre island of the roundabout.	Preliminary Design and Investigation Cost £3,000 Detailed Design and Scheme Build Cost £13,000	green
LCOL131025	Brinkley Grove roundabout with Gavin Way, Brinkley Grove	A study of the Personal Injury Collision data for the period from 01/05/2008 to 31/08/2013 at this location shows that there have been 4 Personal Injury Collisions, including one serious and three slight, resulting in one serious and three slight casualties.	i) Reposition the eastbound 'roundabout ahead' sign to diagram 610, so that it is located further west along Brinkley Grove Road; ii) Reposition the westbound 'roundabout ahead' sign to diagram 610, so that it is located further east along Brinkley Grove Road, prior to the bend in the road as indicated in photo 2. iii) Provide 'distance ahead to hazard' sub-plate to diagram 572 for each repositioned 'roundabout ahead' warning sign, iv) Undertaken vegetation removal on the westbound nearside of Brinkley Grove Road in order to improve the forward visibility of both the roundabout and 'roundabout ahead' warning sign.	Preliminary Design and Investigation Cost £3,000 Detailed Design and Scheme Build Cost £13,000	green

ID	Location	Problem	Proposed Solution	Cost (£)	RAG
LCOL131026	Gosbecks Road / Layer Road / Berechurch Hall Road	A study of the Personal Injury Collision data for the period from 01/05/2008 to 31/08/2013 at this location shows that there have been 7 Personal Injury Collisions, including two serious and five slight, resulting in two serious and six slight casualties.	i)Reduce the carriageway width on the south-west bound approach to Layer Road / Gosbecks Road roundabout to a single vehicle capacity at the give-way line, by increasing the central hatched areas adjacent to the centre island; ii)Reduce the carriageway width on the south-west bound approach to Layer Road / Berechurch Hall Road roundabout to a single vehicle capacity at the give-way line, but increasing the central hatched areas adjacent to the centre island; and iii) Increase the diameter of the mini roundabout dome markings and circulatory arrows to diagram 1003.4 at both mini roundabouts; iv)Refresh the give-way markings to diagram 1003.1 on each approach, v)Undertake carriageway resurfacing throughout both mini-roundabouts	Preliminary Design and Investigation Cost £5,000 Detailed Design and Scheme Build Cost £20,000	green
<b>Design Costs:</b>				<b>£17,000</b>	

KEY

- A high priority based on Collision history
- A medium priority based on Collision History
- A scheme which is against Essex Policy or there is no appropriate engineering solution.
- Scheme pending Validation

ID	Location	Scheme	Problem	Justification / Comments	Requested By	Estimated Cost (£)	RAG	
1	DC1711	The Strood	Options have been investigated and two signage proposals available with flood sensors. Scheme previously recommended but scheme requirements have increased.	Drivers getting stuck - emergency vehicles	The Strood is a causeway connecting Mersea Island to the mainland and as such becomes impassable daily in High Tide. There are signs at both ends of the causeway stating 'DANGER WHEN TIDE COVERS FOOTWAY'	Cllr Jowers	£8000 option 1, £13,000 Option 2	green
2	COL27	Chapel Road, West Bergholt	New school signage and slow markings		£700 previously recommended however with new signage required we require to increase the job budget.	Parish Council	£2,300	green
3	LCOL132015	Vine Drive, Wivenhoe	The proposal is to widen the Colchester Road end of the layby to reduce any obstruction caused by vehicles parking at this end.	Both shoppers and traders favour diagonal parking in the parking layby for the shops but this can cause an obstruction for vehicles turning left from Colchester Road	The proposal is feasible, but is likely to be cost prohibitive, due BT apparatus, other stats, lighting column and a pillar box all requiring to be relocated. Additional land may also be required. Suggest a feasibility study is done so LHP can fully understand the limitations /costs involved and ascertain a preferred solution.	Wivenhoe NAP	£3000 feasibility study	amber
4	LCOL132017	Chapel Road and Winstree Road, Stanway	Weight limit restrictions of 7.5t except for access, as per Villa Road	Lorries are frequently seen using both roads and parking along Winstree Road for long periods of time. Constant damage to Chapel Green and the drains located there occurs as large vehicles regularly mount the kerb Highways	The request for weight restriction limit may be warranted, subject to the outcome surveys. - Classified Volumetric Survey required HGV O/D survey required	Cllr Scott-Boutell - Stanway Parish Council	Survey Cost £2,500	amber
5	LCOL132016	Boxted Road, Mile End	1) Add 30mph roundel adjacent to 30mph signage, 2) Add 30mph repeater signage within unlit section of road	speeding concerns	a recent inspection of Boxted Road shows a section is not covered by street lighting, and will require the installation of 30mph repeater signs to support the existing Traffic Regulation Order (TRO).	Cllr Turrell	£2,500 Design £500	amber
6	LCOL134005	The Folley, Wivenhoe	signage to be erected	cyclists speeding through this lane onto the new Cooks Development.	Residents have asked for a couple of 'no cycling' signs so that the cyclists dismount and walk through The Folly.	Wivenhoe Town Council	£1,500 Des/Sup £500	amber

ID	Location	Scheme	Problem	Justification / Comments	Requested By	Estimated Cost (£)	RAG	
7	LCOL132020	Church Lane Lexden	Undertake footway improvement works (raise kerbs, lower crossfall, make good subbase and surface)	The pavement is narrow on both sides and it is accepted this cannot be altered due to boundary walls, however the pavement is very uneven, the section from Lexden Road alongside the Church was a problem due to the fall towards the road, the pavement needs realignment, new kerbs and built up surface	The Works will require a Road Closure	Cllr Sue Lissimore/cllr Lewis	Estimated cost £25,000 Des/Sup £3,500	amber
8	LCOL132018	Moorside, Colchester	1) Provide drop kerbing and tactile paving 2) Consider drop kerbing and tactile paving at other locations?	there is not a dropped kerb either side of the nearby kerbed entrance into the access road	It is possible to provide drop kerbing as requested, however there is no safety railing for the elevated footway on private land. Funding should not be used for items on private land	Fair Access to Colchester	Estimated cost £1,500 Des/Sup £500	amber
9	LCOL132045	Grove Road, Tiptree	Add 2 No. Playground Signs and posts either side of Playground	large amount of play equipment including a new skate park with no signage	sign is for children walking to and from a playground NOT children being driven to and from a playground.	Tiptree PC	Estimated Cost £1,500 Des/Sup £500	amber
10	LCOL132083	Grove Road Tiptree	20mph Speed Limit	Residents feel drivers increase their speed considerably when turning into Grove Road	September 2103 Speed Survey analysis; Location – Grove Road o/s Playground – Mean speed 23.9mph – good compliance. <b>This is not against policy; however, we have excellent compliance.</b>	Tiptree PC	Estimated Cost £2,500 Des/Sup	amber
11	LCOL132084	Severalls Lane near the Honorius drive bus stop	Pedestrian Refuge & Footway Works	number of residents concerned about difficulties crossing the road, Local residents believe that highway safety is compromised by the lack of safe crossing	October 2103; Survey analysis – 12hr Mean Speed is 35.0mph and 12hr 85%ile speed is 40.5mph, October 2103 PV <sup>2</sup> analysis; Severalls Lane near Honorius Drive – PV2 crossing criteria not met due to high speeds; however a pedestrian refuge can be installed. County Councillor Anne Turrell supports this application	Cllr Oxford	Estimated Cost £6,000 Des/Sup £1,000	amber
12	LCOL132014	London Road in Stanway	SID on or near lighting column 40	Request for a vehicle activated 30mph speeding sign installed on the London Road in Stanway on the South side of the road going down the hill towards Turkey Cock Lane, as speeding in that area till seems to be an issue	June 2103 Speed Survey analysis; Location – London Road, east of Turkey Cock Lane – 12hr Mean speed 33.5mph – poor compliance. Location – London Road, east of Turkey Cock Lane – 24hr Mean speed 35.3mph – bad compliance.	Stanway PC	Estimated cost £8,500 Des/Sup £500	amber
13	LCOL132085	Butt Road (coming up either Beaconsfield or Salisbury Aves.)	Zebra Crossing	a particularly difficult spot to cross Butt Road	October 2103; Survey analysis - Mean speed 26.2mph, October 2103 PV <sup>2</sup> analysis; zebra crossing criteria met.	Cllr Sue Lissimore/Councillor Nick Cope	Estimated Cost £25,000 Des/Sup £2,500	amber

ID	Location	Scheme	Problem	Justification / Comments	Requested By	Estimated Cost (£)	RAG	
14	COL36 - LCOL132057	Church Road, Tiptree (at Asda)	Zebra crossing	Difficult to cross carriageway given traffic increase.	On PR2, so against policy. Could be benefit to scheme, will require street lighting upgrade. Exact location to be determined on site.	Tiptree Parish Council	£45,000, design £4,500	red
15	IT846 - LCOL132058	Elmstead Road, Wivenhoe	Footway from Colchester Road to Feedhams Close (approx 140 metre length and 50 metre length)	No footway	Would need to CPO residents gardens to create a footway. There are some buildings very close to the road which would also need to be CPO.  Making this road one-way would mean a long detour = Elmstead Rd – Broadfields – Richards Ave – Mean Way – Vine Farm RD – Vine Drive – Colchester Rd.  Vehicles travel faster in One way roads as there is no opposing flow.	Town Council	Dependent on land costs - Design £5,000	red
16	COL39 - LCOL132059	Mile End, Tufnell Way	VAS	There is no speed protection on Tufnell Way which is a wide road and therefore vehicles deemed to break the speed limit on a fairly frequent basis.	Given the assessment of the site it is considered that the provision of a VAS sign will not necessarily deter the speeding motorists and that in due course would become a maintenance liability for ECC when the manufacturers warranty expires. The issue of speeding is something that would be best dealt with by police enforcement.	Cllr Goss	Estimated cost £8,500 Des/Sup £500	red

**total that can be spent this year: 2,300 plus Strood option**  
**Design/feasibility/study total: £26,000**

ID	Location	Scheme	Other issues / comments	Requested By	Estimated Cost	RAG
LCOL13206 9R	Shoebridge's Hill, Dedham	speed survey for VAS consideration	speeding concerns on Hill	Parish Council	£210	Amber
LCOL13207 0R	Ardleigh Road, Dedham	speed survey due to perceived speeding		Parish Council	£210	Amber
LCOL13206 7R	Dale Close, Stanway	speed survey for 20 mph consideration	petition handed in to Colchester Full Council	Cllr Scott-Boutell	£210	Amber
LCOL13206 8R	Halstead Road, Aldham	speed survey to see if the new limit is being adhered to	recent change in speed limit from 60 – 40mph	Cllr Finch	£210	Amber
LCOL13207 1R	Maldon Road/Butts Road ladder roads	six speed surveys - Beaconsfield Road, Constantine Rd , Errington Rd, Hamilton Rd, Salisbury Rd, St Helena Rd	traffic survey on the ladder roads so that we keep an eye on the data changes	Cllr Lissimore	£1,260	Amber
LCOL13207 2R	B1025/Mersea road	speed survey for VAS consideration	There is a VAS sign approaching from Mersea island which works well but not coming from Colchester and therefore cars speed heavily in one direction.	Cllr Bentley	£210	Amber
LCOL13207 3R	Westlands, Prettygate, Colchester	two speed surveys for 20 mph consideration	survey previously done with about 100 responses - many of those asked for 20 mph. This would definitely be supported locally.	Cllr Lissimore	£420	Amber
LCOL13207 5R	Van Dyck and Gainsborough Rd	two speed surveys for 20 mph consideration		Cllr Lissimore	£420	Amber
LCOL13207 5R	Bowes Road and Broome Grove, Wivenhoe	two speed surveys for 20 mph consideration	request for the roads outside the schools in Wivenhoe are restricted to 20 miles per hour	Cllr Kay, Wivenhoe Town Council	£420	Amber
LCOL13207 8R	Walnut Tree Way Estate	five speed surveys for 20 mph consideration	Walnut Tree Way, Paxman Avenue, Boadicea Way, Rayner Road, John Kent Avenue	Cllr Barton	£1,050	Amber
LCOL13207 9R	B1026 - Layer Road	speed survey due to perceived speeding and accidents	PR2 secondary distributor and is function is the movement of traffic	Cllr Barton	£210	Amber
LCOL13208 0R	Grove Road, Tiptree	speed survey with a view to future traffic calming measures (or reduction of speed limit) being introduced	Complaints about the speed of traffic exiting onto Grove Road from Kiltie Road, travelling towards Newbridge Road. The Grove Road estate is a 20mph zone, but this stops at the junction with Kiltie/Grove Road.	Tiptree Parish Council	£210	Amber
LCOL13208 1R	West Bergholt: Roads around Heathlands Primary School	Three Speed Survey in regard to introduction of 20mph scheme, Roads around West Bergholt Primary School	New Church Road, School Lane and Church Close	Cllr Willetts	£630	Amber

LCOL13208 6R	Dyers Road	speed survey for VAS scheme		Cllr Scott-Boutell	£210	Amber	
LCOL13208 2R	Greenfield Drive, Great Tey	two speed surveys for VAS consideration	VAS Estimated Cost £17,0000 Des/Sup £1,000	Great Tey Parish Council	£420	Amber
