

18 December 2015

Dear Resident,

### **Wivenhoe to University Cycle Link**

We are writing to update you on our forthcoming plans for January on the Wivenhoe to University cycle link. As you know we have been delivering the preliminary works to enable us to start in earnest on the main construction of the cycle route when we return on the 4<sup>th</sup> January 2016.

Below is a look ahead at some of our forthcoming work and information regarding bus services that we hope you will find useful.

#### **Update**

- The B1028 Colchester Road will be open to all traffic to ease congestion for shoppers over the Christmas period until **Monday 4<sup>th</sup> January 2016**.
- To enable a safe working environment the B1028 Colchester Road will be closed between Boundary Road and Elmstead Road to **all traffic** from **Monday 4<sup>th</sup> January 2016** until **Thursday 31 March 2016**.

Work to be carried out in January will include:

- Utility diversionary work
- Trial holes and ground testing for full depth carriageway construction
- Installation of ditches / soakaways to east side of road
- Installation of filter drains / soakaways to west side of road

#### **Bus Services**

There will be some changes to local bus services and you can find more information about changes to local services, including school services here: [www.essex.gov.uk](http://www.essex.gov.uk)

We appreciate that construction work can be inconvenient and we appreciate your patience whilst we carry out this essential work.

Yours sincerely,

Highways
