## TENDRING LOCAL HIGHWAY PANEL REPORT 2 - SCHEMES AWAITING FUNDING LIST

Following a review of the LHP process, the allocation of the LHP capital budget will be adjusted for the upcoming period. The Panel is requested to provide funding recommendations for a two-year rolling programme of work, for which a total funding of £592,800 has been agreed for the Tendring LHP.

Following the June 2025 Panel meeting, scheme funding recommendations to the value of £486,700 have been made. As such there remains £106,100 for the panel to make further scheme funding recommendations against.

Due to the associated abortive costs, only schemes that can be delivered by the end of the 2026/2027 financial year can be commissioned. As such the Panel are asked not to recommend funding towards Design Only or Feasibility Studies.

The Schemes Awaiting Funding, as summarised below, have an estimated total cost of £203,100.
