Notice Date: 02 October 2025

Reference: COL30143

Parish/Ward: Colchester

Location: Castle Road

What3words reference: ///tricky.banana.light

Species: Lime

Reason for removal: To facilitate Essex Highways footpath repair works

Solutions considered: Tree root working methods have been considered however, the level of root severance required would be considered too significant to safely retain the tree. The tree has been previously managed which has been unsuccessful at preventing infrastructure damage. Engineering solutions have already been implemented at the site previously and have failed.

Replacement: A replacement tree will be planted within the existing tree pit once footpath repairs have been completed. The replacement species has not yet been finalised.
